PURCHASE AGREEMENT dated April 1, 1980 by and between IBIS ASSOCIATES LIMITED PARTNERSHIP, a Connecticut limited partnership with offices at 901 Farmington Avenue, West Hartford, Connecticut 06119 ("Buyer"), and ARLINGTON-INTEGRATED (RAIL), INC., a Delaware corporation with offices at 295 Madison Avenue, New York, New York 10017 ("Seller").

BACKGROUND

Pursuant to a Conditional Sale Agreement, dated as of August 1, 1979, between PACCAR, Inc. (the "Builder") and Seller, as amended by a letter agreement, dated March 27, 1980 (the "CSA"), a copy of which is annexed hereto as Annex A, Seller purchased from the Builder (i) the railroad equipment described in Annex B annexed hereto and (ii) certain other railroad equipment not the subject of this Agreement. (Hereinafter, the equipment described in Annex B, together with all "Parts" (as such term is defined in § 9 of the Underlying Lease (as hereinafter defined)) relating thereto, with respect to which, as of the date hereof, Seller has any right, title or interest pursuant to the provisions of said § 9, is referred to as the "Initial Equipment," and said other railroad equipment, together with all Parts relating thereto, is referred to as the "Companion Equipment.")

Pursuant to (i) a Participation Agreement (the "Partici-

pation Agreement"), dated as of August 1, 1979, by and among Seller, Integrated Resources, Inc., First Security Bank of Utah, N.A. (the "Agent") and the parties named in Schedule A to the Participation Agreement (the "Investors"), a copy of which is annexed hereto as Annex C, and (ii) an Agreement and Assignment (the "Builder Assignment"), dated as of August 1, 1979, between the Builder and the Agent, a copy of which is annexed hereto as Annex D, the Investors provided financing with respect to a portion of the purchase price of the Initial Equipment and the Companion Equipment and the Builder assigned to the Agent, as agent, certain of the Builder's rights under the CSA, including the Builder's security interest in the Initial Equipment and the Companion Equipment (the "Existing Lien").

Pursuant to a Lease of Railroad Equipment (the "Underlying Lease"), dated as of August 1, 1979, between Robert W. Meserve and Benjamin H. Lacy, Trustees of the Property of Boston and Maine Corporation, Debtor (the "Underlying Lessee"), and Seller, a copy of which is annexed hereto as Annex E, the Initial Equipment and the Companion Equipment have been leased by Seller to the Underlying Lessee.

Pursuant to an Assignment of Lease and Agreement (the "Underlying Lease Assignment"), dated as of August 1, 1979, be-

tween Seller and the Agent, a copy of which is annexed hereto as Annex F, Seller has assigned to the Agent, as security for the performance of Seller's obligations under the CSA, Seller's interest in and to the rental and other proceeds to become due under the Underlying Lease, which assignment has been consented to by the Underlying Lessee pursuant to a Consent and Agreement (the "Consent"), dated as of August 1, 1979, a copy of which is annexed hereto as Annex G.

Pursuant to a Brokerage and Disposition Agreement (the "Comdisco Agreement"), dated as of August 1, 1979, between Seller and Comdisco Financial Services, Inc. ("Comdisco"), a copy of which is annexed hereto as Annex H, Comdisco has agreed to provide certain services in connection with the sale or re-leasing of the Initial Equipment and the Companion Equipment upon or subsequent to the termination of the Underlying Lease and Seller has agreed to pay certain fees to Comdisco.

Pursuant to a second Purchase Agreement (the "Companion Agreement"), dated the date hereof, between Seller and Buyer, Seller has agreed to sell to Buyer, and Buyer has agreed to purchase from Seller, the Companion Equipment.

Buyer desires to purchase from, and lease back to, Seller, and Seller desires to sell to, and lease back from, Buyer, all of the Initial Equipment, subject and subordinate to the

Existing Lien, the rights of the Agent under the Underlying Lease Assignment and the rights of the Underlying Lessee under the Underlying Lease.

NOW, THEREFORE, in consideration of the premises, the parties hereto, desiring legally to be bound, hereby agree as follows:

1. Purchase of Equipment.

1.1 Conveyance of Equipment. Subject to the terms and conditions hereof, Seller shall, and hereby does, transfer, convey, assign, set over, bargain, sell and deliver unto Buyer, and Buyer hereby purchases from Seller, the Initial Equipment, subject and subordinate to the Existing Lien, the rights of the Agent under the Underlying Lease Assignment and the rights of the Underlying Lessee under the Underlying Lease. Seller hereby delivers to Buyer, and Buyer hereby acknowledges receipt of, a bill of sale (the "Bill of Sale"), in the form annexed hereto as Annex I, for the Equipment.

1.2 Purchase Price of the Equipment. The full purchase price (the "Purchase Price") to be paid by Buyer to Seller for the Initial Equipment shall be \$412,813 in the aggregate, payable as follows:

- (i) \$50,000 in cash or by certified or official

bank check delivered to Seller concurrently herewith;

(ii) \$362,813 by delivery to Seller concurrently herewith of the Buyer's promissory note to the order of Seller in the principal amount of \$362,813 (the "Interim Purchase Money Note"), in the form annexed hereto as Annex J.

1.3 Leaseback. Simultaneously with the purchase of the Initial Equipment by Buyer hereunder, Buyer and Seller are entering into a lease (the "Lease"), under which Buyer is leasing the Initial Equipment back to Seller, subject and subordinate to the Existing Lien, the rights of the Agent under the Underlying Lease Assignment and the rights of the Underlying Lessee under the Underlying Lease.

1.4 Subordination. Buyer and Seller acknowledge and agree that Buyer's interest in the Initial Equipment is subject and subordinate, in all respects, to the Existing Lien, the rights of the Agent under the Underlying Lease Assignment and the rights of the Underlying Lessee under the Underlying Lease. Buyer will execute any instruments or documents requested by Seller or the holder of the Existing Lien in order to effect such subordination, including, without limitation, financing statements.

1.5 Satisfaction of Interim Purchase Money Note. (a)

On June 16, 1980, simultaneously with the purchase and sale of the Companion Equipment under the Companion Agreement, the indebtedness evidenced by the Interim Purchase Money Note shall be satisfied as follows:

(i) interest on the Interim Purchase Money Note through June 15, 1980, in the amount of \$9,191, shall be paid by Buyer to Seller;

(ii) Buyer shall deliver to Seller, Buyer's subordinated limited recourse promissory note to the order of Seller in the principal amount of \$180,000 (the "Purchase Money Note"), in the form annexed hereto as Annex K; and

(iii) Buyer shall assume, pursuant to an agreement of assumption (the "Assumption Agreement"), in the form annexed hereto as Annex L, the obligations of Seller with respect to the Initial Equipment and the Companion Equipment accruing after May 15, 1980 under the CSA and the Participation Agreement (of which the assumption of the obligation to pay a principal amount of \$182,813 shall be attributable to the purchase and sale of the Initial Equipment).

Upon such satisfaction the Interim Purchase Money Note shall be marked "cancelled" and shall be returned to Buyer.

(b) On June 16, 1980 or as soon thereafter as shall be practicable, Buyer shall deliver to Seller limited partner and general partner assumptions, in the form annexed hereto as Annex M, pursuant to which the partners in Buyer (proportionately in accordance with their interests in Buyer) shall individually assume the obligations of Seller with respect to the Initial Equipment and the Companion Equipment accruing after May 15, 1980 under the CSA and the Participation Agreement.

1.6 Assignment of Rights. Simultaneously with the satisfaction of the Interim Purchase Money Note and the assumption of obligations described in Section 1.5(a) above, Seller shall assign to Buyer, pursuant to an assignment in the form annexed hereto as Annex N, all of Seller's right, title and interest in and under the CSA.

1.7 Assumption of Comdisco Agreement Obligations. Buyer hereby agrees to assume and pay, perform and discharge all of the obligations of Seller with respect to the Initial Equipment under or pursuant to the terms of the Comdisco Agreement which shall arise or accrue (i) after the term of the Lease or (ii) as a result of the sale of the Initial Equipment upon or subsequent to the termination of the Underlying Lease. Such assump-

tion shall be affected by all documents and instruments as Seller shall reasonably request.

2. Representations and Warranties.

2.1 Representations and Warranties of Seller. Seller represents and warrants to, and covenants and agrees with, Buyer as follows:

(a) (i) The Initial Equipment is in first class condition and in good working order; (ii) the CSA, the Participation Agreement, the Builder Assignment, the Underlying Lease, the Underlying Lease Assignment, the Consent, the Indemnity Agreement and the Comdisco Agreement (I) have been duly executed and delivered, are in full force and effect, constitute the valid and binding obligations of, and are enforceable against, the parties thereto in accordance with their respective terms (subject to laws of general application affecting creditors' rights) and no defaults exist on the part of any party thereto and no event exists which after the passage of time or the giving of notice or both would mature into such a default and (II) represent the entire agreement among the parties thereto and concerning the subject matter thereof; (iii) to the knowledge of Seller there are no agreements or understandings between or among the Builder, the Agent, the Investors, the Underlying Lessee, Comdisco and/or Seller concerning the Initial

Equipment other than as set forth in the CSA, the Participation Agreement, the Builder Assignment, the Underlying Lease, the Underlying Lease Assignment, the Consent, the Indemnity Agreement and the Comdisco Agreement; (iv) the copies of the CSA, the Participation Agreement, the Builder Assignment, the Underlying Lease, the Underlying Lease Assignment, the Consent, the Indemnity Agreement and the Comdisco Agreement annexed hereto are true copies of such documents; and (v) the Underlying Lease is a true lease and is not a conditional sale or similar agreement. Seller agrees that it will not modify the documents, instruments or agreements with respect to the Initial Equipment to which it is a party without the prior consent of Buyer.

(b) On the date hereof Seller's right, title and interest in and to the Initial Equipment is free and clear of any and all leases, liens, claims and encumbrances other than the Existing Lien, the rights of the Agent under the Underlying Lease Assignment and the rights of the Underlying Lessee under the Underlying Lease. Except for the Companion Agreement, the CSA, the Participation Agreement, the Builder Assignment, the Underlying Lease, the Underlying Lease Assignment, the Consent, the Indemnity Agreement and the Comdisco Agreement there are no agreements, leases, purchase options, liens or encumbrances affecting the Initial Equipment.

(c) Seller is a corporation duly and validly organized and existing in good standing under the laws of the State of Delaware and has all corporate power and authority to own its properties and carry on its business in the places where such properties are located and such business is conducted.

(d) Seller has the power and authority to enter into this Agreement, the Lease and all other documents (the "Other Documents") executed and delivered or to be executed and delivered in connection with the transactions herein referred to and to carry out the transactions contemplated hereunder and thereunder.

(e) The execution and delivery of this Agreement, the Lease and the Other Documents by Seller and the performance by it of its obligations hereunder and thereunder, including the conveyance of the Initial Equipment and the acceptance of the Purchase Price in exchange therefor, have been duly authorized by all necessary corporate action of Seller.

(f) This Agreement, the Lease and the Other Documents constitute the valid and binding obligations of Seller enforceable in accordance with their respective terms.

(g) Seller is not subject to any restriction or agreement which, with or without the giving of notice, the passage of time, or both, prohibits or would be violated by, the execution, delivery and consummation of the documents and transactions herein referred to.

(h) All sales, use, property or other taxes, licenses, tolls, inspection or other fees, bonds, permits or certificates which were or may be required to be paid or obtained in connection with the original acquisition of the Initial Equipment by Seller and the sale to Buyer hereunder or upon the leasing or other use thereof by Seller or from Buyer have been, or when due will promptly be, paid in full (or adequate provision for such payment has or shall have been made) or obtained.

(i) EXCEPT AS SPECIFICALLY SET FORTH IN THIS SECTION 2.1, THERE ARE NO WARRANTIES OR REPRESENTATIONS OF ANY KIND OR NATURE, EXPRESS OR IMPLIED, CONCERNING THE INITIAL EQUIPMENT, ITS CONDITION, ITS FITNESS FOR A PARTICULAR PURPOSE OR ITS MERCHANTABILITY.

2.2 Representations and Warranties of Buyer. Buyer represents and warrants to, and agrees with, Seller as follows:

(a) Buyer is a limited partnership duly and validly

organized and existing in good standing under the laws of the State of Connecticut and has all power and authority to own its properties and carry on its business in the places where such properties are located and such business is conducted.

(b) Buyer has the power and authority to enter into this Agreement, the Lease, the Assumption Agreement and the Other Documents and to carry out the transactions contemplated hereunder and thereunder.

(c) The execution and delivery of this Agreement, the Lease, the Assumption Agreement and the Other Documents by Buyer, and the performance of its obligations hereunder and thereunder have been duly authorized by all necessary action of Buyer.

(d) This Agreement, the Lease, the Assumption Agreement and the Other Documents to be entered into by Buyer constitute, or, with respect to the Assumption Agreement and the Purchase Money Note, will constitute, the valid and binding obligations of Buyer enforceable in accordance with their respective terms.

(e) Buyer is not subject to any restriction or agreement which, with or without the giving of notice, the passage of time, or both, prohibits or would be violated by, the

execution, delivery and consummation of the documents and transactions herein referred to.

(f) Buyer is acquiring the Equipment for re-lease to Seller pursuant to the Lease and has complied with applicable law in order that Seller will have no liability for sales tax arising out of the sale of the Equipment to Buyer hereunder.

3. Covenants of Seller.

3.1 Taxes, etc. Except as affected by the representations and warranties set forth in Section 2.2(f) hereof, Seller shall pay, when due, all sales, use, property or other taxes (other than taxes based on the net income of Buyer after deduction for depreciation and interest), licenses, tolls, inspection or other fees, bonds, permits or certificates, including penalties and interest with respect thereto, now or hereafter imposed by or required to be paid or obtained to or from any jurisdiction in connection with the sale of the Initial Equipment by Seller to Buyer or the leaseback of the Initial Equipment by Buyer to Seller pursuant to the Lease; provided, however, that Seller may in good faith (at its expense) contest in any reasonable manner the imposition of any such taxes, licenses, tolls, inspection or other fees, bonds, permits or certificates, but only to the extent that such contest does

not adversely affect or endanger Buyer's interest in and to the Initial Equipment.

3.2 Manufacturers' Representations. Seller shall enforce, or cause the Underlying Lessee to enforce, for Buyer's benefit, all warranties and representations of the manufacturer of each item of the Initial Equipment to the extent enforceable. Seller shall execute and deliver, or cause the Underlying Lessee to execute and deliver, to Buyer such documents as shall be reasonably requested by Buyer in order to transfer to Buyer Seller's rights with respect to the manufacturers' warranties, representations and patent indemnities.

4. Indemnification.

Seller will indemnify Buyer, any assignee of Buyer and any of their directors, officers, agents, employees, partners and stockholders and hold them harmless from and against any and all loss, cost, damage, injury or expense, including, without limitation, reasonable attorneys' fees, wheresoever and howsoever arising which Buyer or its assignees, or any of their directors, officers, agents, employees, partners or stockholders may incur by reason of any material breach by Seller of any of the representations by, or obligations of, Seller set forth in this Agreement or by reason of the so-called "bulk sales laws" of any jurisdiction. In the event

any claim for indemnification hereunder arises on account of a claim or action made or instituted by a third person against Buyer, Buyer shall notify Seller promptly after the receipt of notice by Buyer that such claim was made or that such action was commenced. Seller shall be entitled to participate in or, at its option except where Buyer's interest in and to the Initial Equipment is endangered, assume the defense of any such claim or action by counsel of recognized standing of its own choosing, reasonably satisfactory to Buyer, and, if it assumes such defense, to control and settle the same. If Seller shall merely participate in the defense of such claim or action, the same shall not be settled without its prior written consent, which consent shall not be unreasonably withheld.

5. Miscellaneous.

5.1 Survival. The representations and warranties made herein shall survive the execution and delivery of this Agreement and the consummation of the transactions described herein.

5.2 Successors and Assigns. The rights and obligations of the parties hereunder shall inure to the benefit of, and be binding and enforceable upon, the respective transferees and assigns of either party.

5.3 Notices. Any notice, request or other communication to either party by the other hereunder shall be given in writing and shall be deemed given on the earlier of the date the same is (i) personally delivered with receipt acknowledged, or (ii) mailed by certified mail, return receipt requested, postage prepaid and addressed to the party for which it is intended at the address set forth at the head of this Agreement. The place to which notices or copies of notices are to be given to either party may be changed from time to time by such party by written notice to the other party.

5.4 Governing Law. This Agreement shall be governed by and interpreted under the laws of the State of New York applicable to contracts made and to be performed therein without giving effect to the principles of conflict of laws thereof. Buyer and Seller (i) agree that any legal suit, action or proceeding arising out of or relating to this Agreement or any of the documents related hereto must be instituted in New York Supreme Court or the Federal Court for the Southern District of New York; (ii) waive any objection which they may have now or hereafter to the laying of the venue of such suit, action or proceeding; and (iii) irrevocably submit to the jurisdiction of any such court in any such suit, action or proceeding.

5.5 Limited Recourse. Anything in this Agreement to the

contrary notwithstanding, Seller shall look solely and only to the Initial Equipment for the payment and performance by Buyer of all of its agreements hereunder, except for its obligations under Sections 1.1 and 1.2(i) hereof, and Seller, for itself and its successors and assigns, hereby expressly waives any right to enforce payment or performance by Buyer of all of its agreements hereunder, except for its obligations under Sections 1.1 and 1.2(i) hereof, or to recover damages for any breach of any covenant or agreement of Buyer hereunder, except for its obligations under Sections 1.1 and 1.2(i) hereof, but no such liabilities arising out of the breach of its said obligations shall exceed the value of the Initial Equipment; provided, however, that Seller may also seek injunctive relief to require Buyer to execute and deliver any instrument or document required to be executed and delivered by Buyer hereunder.

5.6 Captions. Captions used herein are inserted for reference purposes only and shall not affect the interpretation or construction of this Agreement.

5.7 Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same agreement.

IN WITNESS WHEREOF, the Buyer and Seller have executed
this Agreement as of the day and year first above written.

CONDITIONAL SALE AGREEMENT

Dated as of August 1, 1979

between

ARLINGTON-INTEGRATED (RAIL), INC.,
Owner,

and

PACCAR, INC.,
Builder,

CONDITIONAL SALE AGREEMENT dated as of August 1, 1979, between PACCAR, INC. (the "Builder" or the "Vendor", as the context may require, as more particularly set forth in Article 1 hereof), and ARLINGTON-INTEGRATED (RAIL), INC., a Delaware corporation (the "Owner").

The Builder agrees to construct, sell and deliver to the Owner, and the Owner agrees to purchase, the railroad equipment described in Annex B hereto (the "Equipment").

The Owner is entering into a Lease of Railroad Equipment dated as of the date hereof with Robert W. Meserve and Benjamin H. Lacy, Trustees of the Property of Boston and Maine Corporation (the "Lessee"), in substantially the form annexed as Annex C hereto (the "Lease").

First Security Bank of Utah, N.A. (the "Assignee"), is acting as agent for certain investors (the "Investors") pursuant to the Participation Agreement dated as of the date hereof (the "Participation Agreement") with the Owner and the Investors.

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements, and subject to the conditions hereinafter set forth, the parties hereto do hereby agree as follows:

ARTICLE 1. Assignment; Definitions. The parties hereto contemplate that the Owner will furnish that portion of the Purchase Price (as defined in Article 4 hereof) for the Equipment as is required under subparagraph (a) of the third paragraph of Article 4 hereof and that an amount equal to the balance of such Purchase Price shall be paid to the Builder by the Assignee pursuant to an Agreement and Assignment dated as of the date hereof (the "CSA Assignment") between the Builder and the Assignee, as agent.

The term "Vendor", whenever used in this Agreement, means, before any assignment of its rights hereunder, the party hereto which has manufactured the Equipment and any successor or successors for the time being to its manufacturing properties and business, and, after any such assignment, both any assignee or assignees for the time being of such particular assigned rights as regards such rights, and

also any assignor as regards any rights hereunder that are retained or excluded from any assignment; and the term "Builder", whenever used in this Agreement, means, both before and after any such assignment, the party hereto which has manufactured the Equipment and any successor or successors for the time being to its manufacturing properties and business.

In case of such assignment, the Owner will assign to the Vendor, as security for the payment and performance of all the Owner's obligations hereunder, substantially all right, title and interest of the Owner in and to the Lease pursuant to an Assignment of Lease substantially in the form of Annex D hereto (the "Lease Assignment") and the Lessee shall consent thereto pursuant to a Consent and Agreement in substantially the form attached to Annex D hereto (the "Consent").

ARTICLE 2. Construction and Sale. The Builder shall construct the Equipment at its plant or plants described in Annex B hereto and will sell and deliver the Equipment to the Owner and the Owner will purchase from the Builder and accept delivery of and pay for the Equipment. Each unit of Equipment shall be constructed in accordance with the specifications referred to in Annex B hereto and in accordance with such modifications thereof as may be agreed upon in writing among the Builder, the Owner and the Lessee (which specifications and modifications, if any, are hereinafter called the "Specifications"). The Builder represents and warrants that (i) the design, quality and component parts of each unit of the Equipment shall conform, on the date of delivery and acceptance hereunder, to all United States Department of Transportation and Interstate Commerce Commission requirements and specifications and to all standards, if any, recommended by the Association of American Railroads reasonably interpreted as then being applicable to each such unit, (ii) none of such component parts will be used components, (iii) none of such units will have been used so as to preclude the original use thereof by the Owner within the meaning of Sections 48(b)(2) and 167(c)(2) of the Internal Revenue Code of 1954 (as amended) (the "Code") and (iv) each unit of the Equipment will be "new section 38 property" within the meaning of the Code when acquired by the Owner.

ARTICLE 3. Inspection and Delivery. The Builder will deliver the units of the Equipment at the place or places specified in Annex B hereto (or if Annex B does not

specify a place or places, at the place or places designated from time to time by the Owner), freight, if any, prepaid, in accordance with the delivery schedule set forth in Annex B hereto; provided, however, that delivery of any unit of the Equipment shall not be made until the filings and recordings referred to in Article 18 hereof have been made; and provided, further, that the Builder shall not have any obligation to deliver any unit of Equipment hereunder subsequent to the commencement of any proceedings specified in clause (c) of Article 15 hereof or the occurrence of any event of default (as described in Article 15 hereof), or any event which with notice or lapse of time or both would constitute such an event of default. The Builder agrees not to deliver any unit of Equipment hereunder (a) following receipt of written notice from the Owner or the Assignee of the commencement of any such proceedings or the occurrence of any such event of default or event, as aforesaid, and (b) until it receives notice from the Assignee and the Owner, respectively, that the conditions contained in Paragraphs 6 and 7, respectively, of the Participation Agreement have been met.

Notwithstanding the next succeeding paragraph:

(i) any Equipment not delivered pursuant to the first paragraph of this Article 3, or

(ii) any Equipment not delivered and accepted hereunder for any reason on or prior to October 15, 1979, if the Lessee and the Owner shall not have entered into an amendment to the Lease in form and substance satisfactory to the Vendor and the Owner revising rental payment dates so as to commence on a date subsequent to the date of delivery and acceptance thereof (but prior to March 31, 1980), and the parties hereto shall have entered into an appropriate amendment hereto (if consented to by the Investors) to reflect the necessary changes in Article 4 hereof,

shall be excluded from this Agreement (it being understood that in no event shall the Owner be obligated to enter into any supplement to the Lease in respect of Equipment delivered after March 31, 1980); and the Owner shall be relieved of its obligations to purchase and pay for such Equipment. If any Equipment shall be excluded herefrom pursuant to the immediately preceding sentence, the parties hereto shall execute an agreement supplemental hereto limiting this Agreement to the Equipment not so excluded herefrom.

The Builder's obligation as to the time of delivery set forth in Annex B is subject, however, to delays resulting from causes beyond the Builder's reasonable control, including but not limited to acts of God, acts of government such as embargoes, priorities and allocations, war or war conditions, riot or civil commotion, sabotage, strikes, differences with workmen, accidents, fire, flood, explosion, damage to plant, equipment or facilities, delays in receiving necessary materials or delays of carriers or subcontractors.

During construction, the Equipment shall be subject to inspection and approval by the authorized inspectors of the Owner (who may be employees or agents of the Lessee) and the Builder shall grant to such authorized inspectors reasonable access to its plant or plants. The Builder will inspect the materials used in the construction of the Equipment in accordance with the standard quality control practices of the Builder. Upon completion of each unit or a number of units of the Equipment, such unit or units shall be presented to an inspector for the Owner for inspection at the place specified for delivery of such unit or units, and if each such unit conforms to the Specifications, requirements and standards applicable thereto and if no Event of Default or event which, with the giving of notice or the lapse of time, or both, would become such an Event of Default under the Lease, has occurred and is continuing, such inspector shall execute and deliver to the Builder a certificate of acceptance ("Certificate of Acceptance") stating that such unit or units have been inspected and accepted on behalf of the Owner and are marked in accordance with Article 9 hereof; provided, however, that the Builder shall not thereby be relieved of its warranties contained or referred to herein. Acceptance of any unit of Equipment by the Lessee pursuant to § 2 of the Lease shall be deemed to be acceptance of such unit by the Owner.

Upon delivery of a Certificate of Acceptance with respect to each such unit of Equipment, the Builder shall have no further responsibility for, nor bear any risk of, any damage to or the destruction or loss of such unit; provided, however, that the Builder shall not thereby be relieved of its warranties contained or referred to herein.

Notwithstanding the foregoing or any other provision of this Agreement to the contrary, the delivery to and acceptance by or on behalf of the Owner of any unit of Equipment excluded from this Agreement pursuant to the second paragraph of Article 3 hereof or the first paragraph of Article 4 hereof shall be ineffective, ab initio, to create in or transfer to the Owner any legal or beneficial

right or interest in such unit or (except as provided in the first paragraph of Article 4 hereof) to impose on the Owner any liability, obligation or responsibility with respect thereto.

ARTICLE 4. Purchase Price and Payment. The base price or prices per unit of the Equipment are set forth in Annex B hereto. Such base price or prices are subject to such increase or decrease as may be agreed to by the Owner and the Lessee. The term "Purchase Price" as used herein shall mean the base price or prices as so increased or decreased as set forth in the invoice or invoices delivered to the Owner (which shall include any applicable freight charges) and, if the Purchase Price is other than the base price or prices set forth in Annex B, the invoice or invoices shall be accompanied by, or have endorsed thereon, the agreement or approval of the Lessee and the Owner (the "Invoices"). If on any Closing Date (as hereinafter defined in this Article) the aggregate Purchase Price of Equipment for which settlement is then being made would exceed the Maximum Purchase Price specified in Item 4 of Annex A hereto, the Builder (and any assignee of the Builder) and the Owner will enter into an agreement effective as of the date of acceptance thereof, excluding from this Agreement such unit or units of Equipment then proposed to be settled for and specified by the Owner and the Lessee, as will, after giving effect to such exclusion, reduce such aggregate Purchase Price under this Agreement to not more than the Maximum Purchase Price specified in Item 4 of Annex A hereto, and the Owner shall have no further obligation or liability in respect of units so excluded.

The Equipment shall be settled for in such number of groups of units of the Equipment delivered to and accepted by the Owner as is provided in Item 2 of Annex A hereto (a "Group"). The term "Closing Date" with respect to any Group shall mean the date (not later than October 15, 1979) as shall be fixed by the Owner by written notice delivered to the Lessee, the Builder and the Assignee at least seven business days prior to the Closing Date designated therein. At least six business days prior to the Closing Date with respect to a Group of Equipment, the Builder shall present to the Owner and the Lessee the Invoices for the Equipment to be settled for. The term "business day" as used herein means any calendar day, excluding Saturdays, Sundays and any other day on which banking institutions in North Billerica, Massachusetts, Salt Lake City, Utah, or New York, New York, are authorized or obligated to remain closed.

The Owner hereby acknowledges itself to be indebted to the Vendor in the amount of, and hereby agrees to pay in immediately available funds to the Vendor at such place as the Vendor may designate, the Purchase Price of the Equipment, as follows:

(a) on the Closing Date with respect to each Group an amount equal to 20% of the aggregate Purchase Price of such Group; and

(b) in 167 monthly installments in arrears, as hereinafter provided, an amount equal to the aggregate Purchase Price of such Group, less the aggregate amount paid or payable with respect thereto pursuant to subparagraph (a) of this paragraph.

The portion of the Purchase Price payable pursuant to subparagraph (b) of the preceding paragraph (the "Conditional Sale Indebtedness") shall be payable on the 15th day of each month, commencing November 15, 1979, to and including September 15, 1993 (or if any such date is not a business day, on the next succeeding business day), each such date being hereinafter called a "Payment Date". The unpaid balance of the Conditional Sale Indebtedness shall bear interest from the Closing Date in respect of which such indebtedness was incurred at the rate of 12% per annum. Such interest shall be payable in arrears to the extent accrued on October 15, 1979, and on each Payment Date thereafter. The installments of principal payable on each Payment Date shall be calculated so that the amount and allocation of principal and interest payable on each Payment Date shall be substantially in proportion to the amount and allocation of principal and interest on such Payment Date set forth in Schedule I hereto, and the aggregate of such installments of principal will completely amortize the remaining Conditional Sale Indebtedness by September 15, 1993. The Owner will furnish to the Vendor and the Lessee promptly after the Closing Date a schedule, in such number of counterparts as shall be requested by the Vendor, showing the respective amounts of principal and interest payable on each Payment Date.

Interest under this Agreement shall be calculated on the basis of a 360-day year of 12 30-day months, except that interest payable on October 15, 1979, shall be computed on an actual elapsed day, 365-day year, basis.

The Owner will pay, to the extent legally enforceable, interest upon all amounts remaining unpaid after the

same shall have become due and payable pursuant to the terms hereof at the rate of 13% per annum.

All payments provided for in this Agreement shall be made in immediately available funds in such coin or currency of the United States of America as at the time of payment shall be legal tender for the payment of public and private debts. Except as provided in Article 7 hereof, the Owner shall not have the privilege of prepaying any portion of the Conditional Sale Indebtedness prior to the date it becomes due.

The obligation of the Owner to pay to the Vendor the amount required to be paid pursuant to subparagraph (a) of the third paragraph of this Article 4 with respect to any Group shall be subject to the receipt by the Owner of copies of the documents required to be furnished with respect to such Group pursuant to Section 4 of the CSA Assignment and Paragraph 7 of the Participation Agreement.

Notwithstanding any other provisions of this Agreement, including, without limitation, Articles 15 and 16 hereof, it is understood and agreed by the Vendor that the liability of the Owner for all payments to be made by it under and pursuant to this Agreement and for all performance obligations (other than the payments called for by subparagraph (a) of the third paragraph of this Article and as provided in the proviso to the last paragraph of Article 12 hereof), shall not exceed an amount equal to, and shall be payable only out of, the income and proceeds from the Equipment. As used herein the term "income and proceeds from the Equipment" shall mean (i) if an event of default shall have occurred under Article 15 hereof and while it shall be continuing, so much of the following amounts as are indefeasibly received by the Owner (or any assignee of the Owner) at any time after any event of default and during the continuance thereof: (a) all amounts of rental and all amounts in respect of Casualty Occurrences payable pursuant to the Lease, and (b) any and all other payments or proceeds so received pursuant to the Lease, or for or with respect to the Equipment as the result of the sale, lease or other disposition thereof, after deducting all costs and expenses of such sale, lease or other disposition, and (ii) at any other time only that portion of the amounts referred to in the foregoing clauses (a) and (b) or otherwise payable to the Owner pursuant to the Lease, as are indefeasibly received by the Owner

or any assignee of the Owner and as shall equal the portion of the Conditional Sale Indebtedness and/or interest thereon due and payable by the Owner on the date such amounts so received were required to be paid pursuant to the Lease or as shall equal any other payments (including payments in respect of Casualty Occurrences as defined in Article 7 hereof) then due and payable under this Agreement; it being understood that "income and proceeds from the Equipment" shall in no event include (i) amounts referred to in the foregoing clauses (a) and (b) which were received by the Owner or any assignee of the Owner prior to the existence of such an event of default which exceeded the amounts required to discharge that portion of the Conditional Sale Indebtedness and/or interest thereon due and payable by the Owner on the date on which amounts with respect thereto received by the Owner or any assignee of the Owner were required to be paid pursuant to the Lease or which exceeded any other payments including payments in respect of Casualty Occurrences due and payable under this Agreement at the time such amounts were payable under the Lease (ii) any indemnity payable to the Lessor pursuant to § 6 or § 9 of the Lease which is not required to be paid hereunder to the Assignee, (iii) any liability insurance proceeds payable to the Lessor pursuant to § 7 of the Lease or (iv) any increases in rental and casualty payments and any other payments which may be required by the Indemnity Agreement. The Vendor agrees that if it obtains a judgment against the Owner for an amount in excess of the amounts payable by the Owner pursuant to the limitations set forth in this paragraph, it will, accordingly, limit its execution of such judgment to such amount.

ARTICLE 5. Security Interest in the Equipment.

The Vendor shall and hereby does retain a security interest in the Equipment until the Owner shall have made all its payments under this Agreement (including any payments due and payable under Articles 6 and 13 hereof), notwithstanding any provision of this Agreement limiting the liability of the Owner and notwithstanding the delivery of the Equipment to and the possession and use thereof by the Owner or the Lessee as provided in this Agreement and the Lease; it being understood that, subject thereto, ownership of the Equipment (upon delivery and acceptance thereof) shall pass to and remain in the Owner. Accordingly, after such time as all payments due or to become due hereunder (including any payments due and payable under Articles 6 and 13 hereof) shall have been completed and fully made to or for the account of the Vendor (without regard to the provisions of the last paragraph of Article 4 hereof or Article 21 hereof), (a) such payments

shall be deemed to represent the discharge in full of the Vendor's security interest in the Equipment at such time, (b) absolute right to the possession of, title to and property in the Equipment shall pass to and vest in the Owner without further transfer or action on the part of the Vendor, (c) any moneys remaining in the hands of the Vendor after providing for all outstanding amounts due and payable hereunder and as provided in the first paragraph of Paragraph 9 of the Participation Agreement shall be paid to the Owner, and (d) the Vendor shall execute for recording in public offices such instrument or instruments in writing as reasonably shall be requested by the Owner or the Lessee in order to discharge of record the security interest of the Vendor in, and to make clear upon public records the Owner's full title to, such units of the Equipment under the laws of any jurisdiction; provided, however, that until that time a security interest in the Equipment shall be and remain in the Vendor, notwithstanding the possession and use thereof by the Owner or the Lessee, pursuant to the terms of this Agreement or the Lease.

The Owner hereby waives and releases any and all rights, existing or that may be acquired, in or to the payment of any penalty, forfeit or damages for failure to execute and deliver such instrument or instruments or to file any certificate of payment in compliance with any law or statute requiring the filing of the same, except for failure to execute and deliver such instrument or instruments or to file such certificates within a reasonable time after written demand by the Owner.

The term "Equipment" as used in this Agreement shall not include any special devices or assemblies at any time attached or affixed to any unit of Equipment, the cost or purchase price of which is not included in the Purchase Price of the Equipment and the title to which is in a person other than the Owner.

ARTICLE 6. Taxes. The Owner agrees to pay, or cause to be paid promptly and on written demand to indemnify and hold the Vendor harmless from, all Taxes (as defined in § 6 of the Lease); excluding, however: Taxes of the United States of America or of any state or local government or governmental subdivision or authority thereof and imposed on or measured solely by the net income or excess profits, or taxes computed as a percentage of income tax liabilities, of the party entitled to indemnification, other than Taxes arising out of or imposed in respect of the receipt of indemnification payments pursuant to this Agreement; provided,

however, that the Owner shall not be required to pay any Taxes during the period the Owner may be contesting or causing to be contested the same in good faith and by appropriate proceedings if counsel for the Vendor shall have determined that the nonpayment thereof or the contest thereof in such proceedings does not, in the opinion of such counsel, adversely affect the title, property or rights of the Vendor.

The amount which the Owner shall be required as reasonably may be required by the indemnified party to pay with respect to any Taxes indemnified against pursuant to this Article 6 shall be an amount sufficient to restore the indemnified party to the same after-tax position such indemnified party would have been in had such Taxes not been imposed.

In case any report or return is required to be made with respect to any obligation of the Owner under this Article 6 or arising out of this Article 6, the Owner shall either make such report or return in such manner as will show the interest of the Vendor in the Equipment or shall promptly notify the Vendor of such requirement and shall make such report or return in such manner as shall be satisfactory to the Vendor.

All the obligations of the Owner under this Article 6 shall survive and continue, notwithstanding payment in full of all amounts due under this Agreement, but only with respect to periods included in the term of this Agreement. Payments due from the Owner under this Article 6 shall be made directly to the indemnified party, except to the extent paid to a governmental agency or taxing authority.

The obligations of the Owner under this Article 6 are subject to the limitations contained in the last paragraph of Article 4 hereof and in Article 21 hereof.

The Owner shall furnish or cause to be furnished promptly, upon request, such information and data as are normally available to the Owner and which the Vendor reasonably may require to permit compliance with the requirements of any taxing authorities.

ARTICLE 7. Maintenance; Casualty Occurrences; Insurance. The Owner shall, at its own cost and expense, maintain and keep each unit of the Equipment (including any parts installed on or replacements made to any unit and considered an Addition thereto as provided in § 9 of the

Lease) in good operating order, repair and condition, ordinary wear and tear excepted. Such maintenance shall include the performance of any overhauls required pursuant to standard and prudent railroad requirements (including, but not limited to, the interchange rules of the Association of American Railroads).

In the event that any unit of the Equipment shall be or become lost, stolen, destroyed, irreparably damaged or permanently rendered unfit for use from any cause whatsoever, or taken or requisitioned by condemnation or otherwise resulting in loss of possession thereof by the Lessee for a period of 90 consecutive days, except requisition for use by the United States Government for a period not in excess of the then remaining term of this Agreement (a "Casualty Occurrence") during the term of this Agreement, the Owner shall, promptly after it shall have received notice from the Lessee thereof or otherwise been notified that such unit has suffered a Casualty Occurrence, cause the Vendor to be fully informed in regard thereto. On the interest payment date under Article 4 hereof next succeeding such notice or notification (or, in the event such date will occur within 15 days after delivery of such notice or notification to the Owner, on the following interest payment date), the Owner shall, subject to the limitations contained in the last paragraph of Article 4 hereof, pay to the Vendor an amount equal to the Casualty Value, as hereinafter defined, of such unit suffering a Casualty Occurrence as of the date of such payment. On the date of any such payment, the Owner shall file, or cause to be filed, with the Vendor a certificate setting forth the Casualty Value of such unit.

Upon payment by the Owner to the Vendor of the Casualty Value of any unit of the Equipment having suffered a Casualty Occurrence, the security interest of the Vendor in such unit shall terminate, and absolute right to the possession, of title to and property in such unit shall pass to and vest in the Owner, without further transfer or action on the part of the Vendor, except that the Vendor, if requested by the Owner, will execute and deliver, to the Owner, at the expense of the Owner, an appropriate instrument confirming such termination to the Owner, in recordable form, in order that the Owner may make clear upon the public records the full title of the Owner to such unit.

Any property insurance proceeds or condemnation payments received and retained by the Vendor in respect of units suffering a Casualty Occurrence shall be deducted from

the amounts payable by the Owner to the Vendor in respect of Casualty Occurrences pursuant to this Article. If the Vendor shall receive any property insurance proceeds or condemnation payments in respect of such units suffering a Casualty Occurrence either after the Owner shall have made payments pursuant to this Article without deduction for such property insurance proceeds or condemnation payments, or in excess of the Casualty Value (after taking into account payments by the Owner under this Article) of such units, the Vendor shall promptly pay such property insurance proceeds or condemnation payments to the Owner. All property insurance proceeds or condemnation payments or such excess received by the Vendor in respect of any unit or units of Equipment not suffering a Casualty Occurrence shall be paid to the Owner upon proof satisfactory to the Vendor that the damage to such unit in respect of which such proceeds were paid has been fully repaired.

Any money paid to the Vendor pursuant to this Article shall be applied (after the payment of the interest and principal due on such date) to prepay without penalty or premium, ratably in accordance with the unpaid balance of each installment, the Conditional Sale Indebtedness and the Owner will promptly furnish to the Vendor and the Lessee a revised schedule of payments of principal and interest thereafter to be made, in such number of counterparts as they may request. In the event of the requisition for use by the United States Government of any unit of the Equipment not constituting a Casualty Occurrence, all the Owner's obligations hereunder with respect to such unit shall continue to the same extent as if such requisition had not occurred.

The "Casualty Value" of any unit of Equipment on any date shall be deemed to be an amount computed by multiplying the unpaid principal amount of the Conditional Sale Indebtedness outstanding on such date (after giving effect to any payment in respect thereof due on such date pursuant to Article 4 hereof) by a fraction of which the numerator shall be the Purchase Price of such unit and the denominator shall be the Purchase Price of all units (including such unit) subject to this Agreement on such date.

The Owner will at all times prior to the payment of the Conditional Sale Indebtedness, together with interest thereon and all other payments required hereby, at its own expense, carry and maintain or cause to be carried and maintained public liability insurance at least in amounts and against risks customarily insured against by railroad com-

panies on similar equipment owned by them and in amounts and against risks customarily insured against by the Lessee or any other user of the Equipment in respect of similar equipment owned by it.

ARTICLE 8. Reports and Inspections. On or before April 1 in each year, commencing with the calendar year 1980, the Owner shall cause to be furnished to the Vendor an accurate statement to the effect set forth in § 8 of the Lease. The Vendor, by its agents, shall have the right once in each calendar year, but shall be under no duty, to inspect the records of the Owner with respect to the Equipment, and the Owner covenants in that event to furnish to the Vendor all reasonable facilities for the making of such inspection.

ARTICLE 9. Marking of Equipment. The Owner will cause each unit of the Equipment to be kept numbered and marked as provided in § 5 of the Lease. The Owner shall not change, or permit to be changed, the identifying number of any unit of the Equipment unless and until a statement of new number or numbers to be substituted therefor shall have been filed with the Vendor and duly filed, recorded and deposited by the Owner in all public offices where this Agreement shall have been filed, recorded and deposited.

Except as above provided, the Owner will not allow the name of any person, association or corporation to be placed on the units of the Equipment as a designation that might be interpreted as a claim of ownership; provided, however, that the Owner may permit the Equipment to be lettered with the names, trademarks, initials or other insignia customarily used by the Lessee or the Debtor.

ARTICLE 10. Compliance with Laws and Rules. During the term of this Agreement, the Owner will comply, and will cause every user of the Equipment to comply, in all respects (including, without limitation, with respect to the use, maintenance and operation of the Equipment) with all laws of the jurisdictions in which its or such user's operations involving the Equipment may extend, with the interchange rules of the Association of American Railroads and with all lawful rules of the United States Department of Transportation, the Interstate Commerce Commission and any other legislative, executive, administrative or judicial body exercising any power or jurisdiction over the Equipment, to the extent that such laws and rules affect the title, operation or use of the Equipment, and in the event that such laws or rules require any alteration, replacement, addition or

modification of or to any part of any unit of the Equipment, the Owner will, or will cause the Lessee to, conform therewith at no expense to the Vendor; provided, however, that the Owner or the Lessee may, in good faith, contest or cause to be contested the validity or application of any such law or rule in any reasonable manner which does not, in the reasonable opinion of the Vendor, materially adversely affect the property or rights of the Vendor under this Agreement.

ARTICLE 11. Possession of Equipment. So long as no event of default has occurred and is continuing hereunder and the Vendor is entitled to apply the Payments as set forth in the Consent, the Owner shall be entitled to the possession and use of the Equipment and also to enter into the Lease, and to permit the use of the Equipment as provided in the Lease. The Owner hereby agrees that the Lease (except with respect to rights and payments specifically excluded from any assignment of rights and payments thereunder) and the rights of the Owner to receive rentals and other payments due and to become due thereunder shall be subject and subordinate to this Agreement and to the rights of the Vendor hereunder and under the Consent.

ARTICLE 12. Discharge of Liens. The Owner will pay or discharge any and all sums claimed by any party from, through or under the Owner which, if unpaid, might become a lien, charge or security interest on or with respect to the Equipment, or any unit thereof, or the "income and proceeds from the Equipment" (as defined in Article 4 hereof), and will promptly discharge any such lien, charge or security interest which arises, but shall not be required to pay or discharge any such claim so long as the validity thereof shall be contested in good faith and by appropriate legal proceedings in any reasonable manner and the nonpayment thereof does not, in the reasonable opinion of the Vendor, materially adversely affect the interest of the Vendor in the Equipment, its interest in said income and proceeds from the Equipment, or otherwise under this Agreement. Any amounts paid by the Vendor in discharge of liens, charges or security interests upon the Equipment shall be secured by and under this Agreement.

This covenant will not be deemed breached by reason of liens for taxes, assessments or governmental charges or levies, in each case not due and delinquent, or undetermined or inchoate materialmen's, mechanics', workmen's, repairmen's or other like liens arising in the ordinary course of business and, in each case, not delinquent.

The obligations of the Owner under this Article are subject to the limitations contained in the last paragraph of Article 4 and in Article 21 hereof; provided, however, that the Owner will pay or discharge any and all claims, liens, charges or security interests claimed by any party from, through or under the Owner, not arising out of the transactions contemplated hereby (but including any tax liens arising out of the receipt of rentals and other payments under the Lease or the Participation Agreement), but shall not be required to pay or discharge any such claim so long as the validity thereof shall be contested in good faith and by appropriate legal proceedings in any reasonable manner and the nonpayment thereof does not materially adversely affect the security interest of the Vendor in the Equipment, its interest in said income and proceeds from the Equipment, or otherwise under this Agreement.

ARTICLE 13. Indemnity; Builder's Representations and Warranties. The Owner shall pay, and shall protect, indemnify and hold the Vendor, the Investors and their respective successors, assigns, principals, agents and servants ("Indemnified Persons"), harmless from and against any and all matters which are the subject of indemnity under § 9 of the Lease (Indemnified Matters); except, however, in the case of the Builder, (i) any losses, damages, injuries, liabilities, claims and demands whatsoever arising out of any tort by the Builder, or out of any breach of warranty or failure to perform any covenant hereunder by the Builder and (ii) any matter covered by the Builder's warranty of material and workmanship and patent indemnification set forth in Item 3 of Annex A hereto. In case any action, suit or proceeding is brought against any Indemnified Person in connection with any Indemnified Matter hereunder, the Owner may and, upon such Indemnified Person's reasonable request will, at the Owner's expense, resist and defend such action, suit or proceeding, or cause the same to be resisted or defended by counsel selected by the Owner and approved by such Indemnified Person and, in the event of any failure by the Owner to do so, the Owner shall pay all costs and expenses (including, without limitation, reasonable attorneys' fees and expenses) incurred by such Indemnified Person in connection with such action, suit or proceeding. The Vendor and the Owner each agree to give each other promptly upon obtaining knowledge thereof written notice of any claim or liability hereby indemnified against. Upon the payment in full of any indemnities as contained in this Article by the Owner, or the making of provision satisfactory to the Indemnified Person for the full payment thereof, and provided that no event of

default set forth in Article 15 hereof (or other event which with lapse of time or notice or both would constitute such an event of default) shall have occurred and be continuing, the Owner shall be subrogated to any right of such Indemnified Person in respect of the matter against which indemnity has been given. Any payments received by such Indemnified Person from any person as a result of any Indemnified Matter with respect to which such Indemnified Person has been indemnified by the Lessee pursuant to the Lease shall be paid over to the Owner to the extent necessary to reimburse the Owner for indemnification payments previously made in respect of such matter.

The indemnities contained in this Article shall survive the expiration or termination of this Agreement with respect to all events, facts, conditions or other circumstances occurring or existing prior to such expiration or termination and are expressly made for the benefit of, and shall be enforceable by, any Indemnified Person. None of the indemnities in this Article shall be deemed to create any rights of subrogation in any insurer or third party against the Owner therefor, from or under any Indemnified Person, whether because of any claim paid or defense provided for the benefit thereof or otherwise.

The Owner will bear the responsibility for and risk of, and shall not be released from its obligations hereunder in the event of, any damage to or the destruction or loss of any unit of or all the Equipment.

The obligations of the Owner under this Article 13 are subject to the limitations contained in the last paragraph of Article 4 and in Article 21 hereof.

The Builder represents and warrants to the Owner and the Assignee, and their respective successors and assigns, that this Agreement is duly authorized by it and lawfully executed and delivered by it for a valid consideration, that, assuming due authorization, execution and delivery by the other parties hereto, this Agreement is, insofar as the Builder is concerned, a legal, valid and existing agreement binding upon and enforceable against the Builder in accordance with its terms. The Builder represents and warrants to the Owner and the Assignee that, at the time of delivery and acceptance of each unit of the Equipment under this Agreement, the Owner will have good title to such unit, free and clear of all claims, liens, security interests and other encumbrances of any nature except only the rights of the Vendor

under this Agreement and the rights of the Lessee under the Lease. The Builder represents and warrants to the Owner and the Assignee that it is not entering into this Agreement, or into any other transaction contemplated by the Participation Agreement, directly or indirectly in connection with any arrangement or understanding by it in any way involving any employee benefit plan (other than a governmental plan) with respect to which it, or, insofar as is known to it, any party hereto or to the Participation Agreement is a party in interest, all within the meaning of the Employee Retirement Income Security Act of 1974, as amended.

The agreement of the parties relating to the Builder's warranty of material and workmanship and the agreement of the parties relating to patent indemnification are set forth in Item 3 of Annex A hereto.

ARTICLE 14. Assignments. Without the prior consent of the Vendor, which consent will not be unreasonably withheld the Owner will not (a) transfer the right to possession of any unit of the Equipment, except as provided in Article 11 hereof, or (b) sell, assign, transfer or otherwise dispose of its rights under this Agreement. Notwithstanding the foregoing, the Owner may (a) transfer the right to possession of any unit of the Equipment, except as provided in Article 11 hereof, or (b) sell, assign, transfer or otherwise dispose of its rights under this Agreement to an Affiliate of the Owner or to a limited partnership (the "Transferee Partnership") of which an Affiliate of the Owner is a corporate general partner, with such general partner having a net worth sufficient to meet the net worth test for a sole corporate general partner of a limited partnership as set forth in Revenue Procedure 72-13; provided, however, that (i) the Vendor shall have received 30 days prior written notice of any such disposition, (ii) the Owner has previously satisfied the provisions of subparagraph (a) of the third paragraph of Article 4 hereof and (iii) the Guarantor and the Owner will remain liable for their respective obligations under the Participation Agreement and the Owner will remain liable for its obligations hereunder and, if the Owner sells, assigns, transfers or otherwise disposes of all of its right, title and interest under this Agreement to a Transferee Partnership, the Transferee Partnership shall assume all of the obligations of the Owner which are due or become due to the Vendor under this Agreement and the Participation Agreement; provided, however, the Guarantor and the Owner agree to cause the assignee to comply with the provisions of the proviso of the last paragraph of Article 12 hereof. Upon a transfer to a Transferee Partnership the obligations of the Transferee Partnership hereunder will be subject to the limitations con-

tained in the last paragraph of Article 4 and in Article 21 hereof other than with respect to the At Risk Amount (as hereinafter defined). In the event that (i) as a result of an event of default under this Agreement the Equipment is sold for a gross sales price of less than \$1,500,000 (the "At Risk Amount") and (ii) the Vendor obtains a final deficiency judgment against the Transferee Partnership, the Transferee Partnership shall be personally liable under this Agreement to the extent that the At Risk Amount exceeds the gross sales price for the Equipment. Furthermore, to the extent that the partners in the Transferee Partnership deliver to the Vendor personal assumptions of all or a portion of the At Risk Amount, the Transferee Partnership and its general partners will not be personally liable on a recourse basis on the At Risk Amount to the extent thereof, and the Vendor will proceed only against such partners on a recourse basis on the At Risk Amount with respect to such amounts so long as such assumptions are in full force and effect; provided, however, the corporate general partners, as general partners of the Transferee Partnership, shall otherwise remain liable in respect of all obligations under this Agreement, including, subject to the limitations provided in Articles 4 and 21 hereof, payment of the Conditional Sale Indebtedness and interest thereon. Whenever the term "the Transferee Partnership" is used in this Article 14, such term shall mean the Transferee Partnership and the partners therein. Notwithstanding the foregoing limitations on personal liability of the Transferee Partnership, the obligations of the Owner set forth in the proviso to the last paragraph of Article 12 hereof shall become the personal obligation of the general partner of the Transferee Partnership. For this purpose, "Affiliate" shall mean any corporation which, directly or indirectly, controls or is controlled by, or is under common control with, the Owner, and "control" as used with respect to any corporation, shall mean the possession, directly or indirectly, or the power to direct or cause the direction of the management and policies of such corporation, whether through the ownership of voting securities or by contract or otherwise.

All or any of the rights, benefits and advantages of the Vendor under this Agreement, including the right to receive the payments herein provided to be made by the Owner, may be assigned by the Vendor and reassigned by any assignee at any time or from time to time. No such assignment shall subject any assignee to, or relieve the Builder from, any of the obligations of the Builder to construct and deliver the Equipment to the Owner in accordance herewith or to respond to its warranties and indemnities contained or referred to in Articles 2 and 13 hereof, or relieve the Owner of its obligations to the Builder contained in Articles 2, 3, 4, 6 and 13 hereof, Annex A hereto and this Article 14, or any other

obligation which, according to its terms or context, is intended to survive an assignment.

Upon any such assignment, either the assignor or the assignee shall give written notice to the Owner, together with a counterpart or copy of such assignment, stating the identity and post office address of the assignee, and such assignee shall, by virtue of such assignment, acquire all the assignor's right, title and interest in and to the Equipment and this Agreement, or in and to a portion thereof, as the case may be, subject only to such reservations as may be contained in such assignment. From and after the receipt by the Owner of the notification of any such assignment, all payments thereafter to be made by the Owner under this Agreement shall, to the extent so assigned, be made to the assignee in such manner as it may direct.

The Owner recognizes that this Agreement will be assigned to the Assignee as provided in the CSA Assignment. The Owner expressly represents, for the purpose of assurance to any person, firm or corporation considering the acquisition of this Agreement or of all or any of the rights of the Vendor hereunder, and for the purpose of inducing such acquisition, that the rights of the Assignee to the entire unpaid indebtedness in respect of the Purchase Price of the Equipment or such part thereof as may be assigned together with interest thereon, as well as any other rights hereunder which may be so assigned, shall not be subject to any defense, set-off, counterclaim or recoupment whatsoever arising out of any breach of any obligation of the Builder with respect to the Equipment or the manufacture, construction, delivery or warranty thereof, or with respect to any indemnity herein contained, nor subject to any defense, setoff, counterclaim or recoupment whatsoever arising by reason of any other indebtedness or liability at any time owing to the Owner by the Builder. Any and all such obligations, howsoever arising, shall be and remain enforceable by the Owner against and only against the Builder.

ARTICLE 15. Defaults. In the event that any one or more of the following events of default shall occur and be continuing, to wit:

(a) the Owner shall fail to pay or cause to be paid in full any sum payable by the Owner when payment thereof shall be due hereunder (irrespective of the

provisions of Article 4 or 21 hereof or any other provision of this Agreement limiting the liability of the Owner) and such default shall continue for 10 days (or 30 days if clause (i) of the last paragraph of § 10 of the Lease is then applicable) after the date such payment is due and payable;

(b) the Owner or the Lessee shall, for more than 30 days after the Vendor shall have demanded in writing performance thereof, fail or refuse to comply with any other covenant, agreement, term or provision of this Agreement (irrespective of the provisions of Article 4 hereof or any other provision of this Agreement limiting the liability of the Owner), the Lease Assignment or any covenant, agreement, term or provision of the Participation Agreement made expressly for the benefit of the Vendor, on its part to be kept and performed or to make provision satisfactory to the Vendor for such compliance;

(c) any proceeding shall be commenced by or against the Owner for any relief which includes, or might result in, any modification of the obligations of the Owner hereunder under any bankruptcy or insolvency laws, or laws relating to the relief of debtors, readjustment of indebtedness, reorganizations, arrangements, compositions or extensions (other than a law which does not permit any readjustment of the obligations of the Owner under this Agreement), and, unless such proceedings shall have been dismissed, nullified, stayed or otherwise rendered ineffective (but then only so long as such stay shall continue in force or such ineffectiveness shall continue), all the obligations of the Owner under this Agreement shall not have been and shall not continue to have been duly assumed in writing, pursuant to a court order or decree, by a trustee or trustees or receiver or receivers appointed (whether or not subject to ratification) for the Owner or for its property in connection with any such proceedings in such manner that such obligations shall have the same status as obligations incurred by such trustee or trustees or receiver or receivers, within 30 days after such appointment, if any, or 60 days after such proceedings shall have been commenced, whichever shall be earlier; or

(d) any Event of Default (as defined in the Lease) shall have occurred and be continuing;

then at any time after the occurrence of such an event of default the Vendor may, upon written notice to the Owner and the Lessee and upon compliance with any legal requirements then in force and applicable to such action by the Vendor, (i) cause the Lease immediately upon such notice to terminate (and the Owner acknowledges the right of the Vendor to terminate the Lease), but without affecting the indemnities which by the provisions of the Lease survive its or their termination and/or (ii) declare (hereinafter called a "Declaration of Default") the entire unpaid Conditional Sale Indebtedness, together with the interest thereon then accrued and unpaid, immediately due and payable, without further demand, and thereafter the aggregate of the unpaid balance of such indebtedness and interest shall bear interest from the date of such Declaration of Default at the rate per annum specified in Article 4 hereof as being applicable to amounts remaining unpaid after becoming due and payable, to the extent legally enforceable. Upon a Declaration of Default, the Vendor shall be entitled to recover judgment for the entire unpaid balance of the Conditional Sale Indebtedness so payable, with interest as aforesaid, and to collect such judgment out of any property of the Owner, subject to the provisions of Articles 4 and 21 hereof, wherever situated. The Owner shall promptly notify the Vendor of any event which has come to its attention which constitutes, or with the giving of notice and/or lapse of time would constitute, an event of default under this Agreement.

The Vendor may, at its election, waive any such event of default and its consequences and rescind and annul any Declaration of Default or notice of termination of the Lease by notice to the Owner and the Lessee in writing to that effect, and thereupon the respective rights of the parties shall be as they would have been if no such event of default had occurred and no Declaration of Default or notice of termination of the Lease had been made or given. Notwithstanding the provisions of this paragraph, it is expressly understood and agreed by the Owner that time is of the essence of this Agreement and that no such waiver, rescission or annulment shall extend to or affect any other or subsequent default or impair any rights or remedies consequent thereon.

ARTICLE 16. Remedies. At any time during the continuance of a Declaration of Default, the Vendor may, and upon such further notice, if any, as may be required for

compliance with any mandatory legal requirements then in force and applicable to the action to be taken by the Vendor, take or cause to be taken, by its agent or agents, immediate possession of the Equipment, or one or more of the units thereof, without liability to return to the Owner any sums theretofore paid and free from all claims whatsoever, except as hereinafter in this Article 16 expressly provided, and may remove the same from possession and use of the Owner or any other person and for such purpose may enter upon the premises of the Owner or any other premises where the Equipment may be located and may use and employ in connection with such removal any supplies, services and aids and any available trackage and other facilities or means of the Owner, subject to all mandatory requirements of due process of law.

In case the Vendor shall demand possession of the Equipment pursuant to this Agreement and shall designate a reasonable point or points for the delivery of the Equipment to the Vendor upon the lines of the Lessee, the Owner shall, at its own expense and risk:

(a) forthwith and in the usual manner (including, but not by way of limitation, causing prompt telegraphic and written notice to be given to all railroads which may have possession of any unit or units of the Equipment to return the unit or units) cause the Equipment to be placed upon such storage tracks on the lines of the Lessee as the Vendor reasonably may designate;

(b) permit the Vendor to store the Equipment on such tracks on the lines of the Lessee without charge for insurance, rent or storage until the Equipment has been sold, leased or otherwise disposed of by the Vendor; and

(c) cause the Equipment to be transported to such interchange point or points with the lines of the Lessee as directed by the Vendor upon any sale, lease or other disposal of all or any of the Equipment.

During any storage period, the Owner will, at its own cost and expense, insure, maintain and keep each such unit in good order and repair and will permit the inspection of the Equipment by the Vendor, the Vendor's representatives and prospective purchasers, lessees and users. This agreement

to deliver the Equipment and furnish facilities as hereinbefore provided is of the essence of the agreement between the parties, and upon the application to any court of equity having jurisdiction in the premises, the Vendor shall be entitled to a decree of specific performance hereof. The Owner hereby expressly waives any and all claims against the Vendor and its agent or agents for damages of whatever nature in connection with any retaking of any unit of the Equipment in any reasonable manner.

At any time during the continuance of a Declaration of Default, the Vendor (after retaking possession of the Equipment as hereinbefore in this Article 16 provided) may, upon the notice and procedures as are hereinafter set forth, retain the Equipment in satisfaction of the entire Conditional Sale Indebtedness and make such disposition thereof as the Vendor shall deem fit. Written notice of the Vendor's election to retain the Equipment shall be given to the Owner and the Lessee by telegram or registered mail, addressed as provided in Article 20 hereof, and to any other persons to whom the law may require notice, within 30 days after such Declaration of Default. In the event that the Vendor shall elect to retain the Equipment and the Owner does not object thereto in writing as described in the second proviso below, all the Owner's rights in the Equipment shall thereupon terminate and all payments made by the Owner or for its account may be retained by the Vendor as compensation for the use of the Equipment and the Owner shall have no further rights or obligations hereunder; provided, however, that if the Owner, before the expiration of the 30-day period described in the proviso below, should pay or cause to be paid to the Vendor the total unpaid balance of the Conditional Sale Indebtedness, together with interest thereon accrued and unpaid and all other payments due under this Agreement, then in such event absolute right to the possession of, title to and property in the Equipment shall pass to and vest in the Owner; provided, further, that if the Owner, the Lessee or any other persons notified under the terms of this paragraph object in writing to the Vendor within 30 days from the receipt of notice of the Vendor's election to retain the Equipment, then the Vendor may not so retain the Equipment, but shall sell, lease or otherwise dispose of it or continue to hold it pending sale, lease or other disposition as hereinafter provided or as may otherwise be permitted by law. If the Vendor shall not have given notice to retain as hereinabove provided or notice of intention to dispose of the Equipment in any other manner, it shall be deemed to have

elected to sell the Equipment in accordance with the provisions of this Article 16.

At any time during the continuance of a Declaration of Default, the Vendor, with or without retaking possession thereof, at its election and upon 30 days notice to the Owner, the Lessee and any other persons to whom the law may require notice of the time and place, may sell or contract to sell the Equipment, or one or more of the units thereof, free from any and all claims of the Owner, the Lessee or any other party claiming from, through or under the Owner or the Lessee, at law or in equity, at public or private sale and with or without advertisement as the Vendor may determine; provided, however, that if, prior to such sale and prior to the making of a contract for such sale, the Owner should tender full payment of the total unpaid balance of the Conditional Sale Indebtedness, together with interest thereon accrued and unpaid and all other payments due under this Agreement as well as expenses of the Vendor in retaking possession of, removing, storing, holding and preparing the Equipment for, and otherwise arranging for, the sale and the Vendor's reasonable attorneys' fees, then upon receipt of such payment, expenses and fees by the Vendor, absolute right to the possession of, title to and property in the Equipment shall pass to and vest in the Owner. The proceeds of such sale or other disposition, less the attorneys' fees and any other expenses incurred by the Vendor in retaking possession of, removing, storing, holding, preparing for sale and selling or otherwise disposing of the Equipment, shall be credited on the amount due to the Vendor under the provisions of this Agreement.

Any sale hereunder may be held or conducted at New York, New York, at such time or times as the Vendor may specify (unless the Vendor shall specify a different place or places, in which case the sale shall be held at such place or places as the Vendor may specify), in one lot and as an entirety or in separate lots and without the necessity of gathering at the place of sale the property to be sold, and in general in such manner as the Vendor may determine, so long as such sale shall be conducted in a commercially reasonable manner. The Vendor and the Owner may bid for and become the purchaser of the Equipment, or any unit thereof, so offered for sale. The Owner and the Lessee shall be given written notice of such sale or the making of a contract for such sale not less than 30 days prior thereto, by telegram or registered mail addressed as provided in Article 20 hereof. If such sale shall be a private sale (which shall be deemed

to mean only a sale where an advertisement for bids has not been published in a newspaper of general circulation or a sale where less than 40 offerees have been solicited in writing to submit bids), it shall be subject to the rights of the Owner to purchase or provide a purchaser, within 15 days after notice of the proposed sale price, at the same price offered by the intending purchaser or a better price. In the event that the Vendor shall be the purchaser of the Equipment, it shall not be accountable to the Owner or the Lessee (except to the extent of surplus money received as hereinafter provided in this Article 16), and in payment of the purchase price therefor the Vendor shall be entitled to have credited on account thereof all or any part of sums due to the Vendor hereunder.

Each and every power and remedy hereby specifically given to the Vendor shall be in addition to every other power and remedy hereby specifically given or now or hereafter existing at law or in equity, and each and every power and remedy may be exercised from time to time and simultaneously and as often and in such order as may be deemed expedient by the Vendor except that the Vendor shall not be deemed to have the power or remedy to retain the Equipment in satisfaction of the Conditional Sale Indebtedness except as specifically provided in this Article 16. All such powers and remedies shall be cumulative, and the exercise of one shall not be deemed a waiver of the right to exercise any other or others. No delay or omission of the Vendor in the exercise of any such power or remedy and no renewal or extension of any payments due hereunder shall impair any such power or remedy or shall be construed to be a waiver of any default or an acquiescence therein. Any extension of time for payment hereunder or other indulgence duly granted to the Owner or the Lessee shall not otherwise alter or affect the Vendor's rights or the Owner's obligations hereunder. The Vendor's acceptance of any payment after it shall have become due hereunder shall not be deemed to alter or affect the Owner's obligations or the Vendor's rights hereunder with respect to any subsequent payments or default therein.

If, after applying all sums of money realized by the Vendor under the remedies herein provided, there shall remain any amount due to it under the provisions of this Agreement, the Owner shall, subject to the limitations of the last paragraph of Article 4 and Article 21 hereof, pay the amount of such deficiency to the Vendor upon demand, together with interest thereon from the date of such demand to the date of payment at the rate per annum specified in Article 4 hereof as being applicable to amounts remaining unpaid after

becoming due and payable, and, if the Owner shall fail to pay such deficiency, the Vendor may bring suit therefor and shall, subject to the limitations of the last paragraph of Article 4 hereof, be entitled to recover a judgment therefor against the Owner. If, after applying as aforesaid all sums realized by the Vendor, there shall remain a surplus in the possession of the Vendor, such surplus shall be paid to the Owner.

The Owner will pay all reasonable compensation and expenses, including reasonable attorneys' fees, incurred by the Vendor in enforcing its remedies under the terms of this Agreement. In the event that the Vendor shall bring any suit to enforce any of its rights hereunder and shall be entitled to judgment, then in such suit the Vendor may recover reasonable compensation and expenses, including reasonable attorneys' fees, and the amount thereof shall be included in such judgment. The foregoing provisions of this paragraph shall be subject to the limitations of the last paragraph of Article 4 and Article 21 hereof.

The foregoing provisions of this Article 16 are subject in all respects to all mandatory legal requirements at the time in force and applicable thereto.

ARTICLE 17. Applicable State Laws. Any provision of this Agreement prohibited by any applicable law of any jurisdiction shall as to such jurisdiction be ineffective, without modifying the remaining provisions of this Agreement. Where, however, the conflicting provisions of any such applicable law may be waived, they are hereby waived by the Owner to the full extent permitted by law, it being the intention of the parties hereto that this Agreement shall be deemed to be a conditional sale and enforced as such.

Except as otherwise provided in this Agreement, the Owner, to the full extent permitted by law, hereby waives all statutory or other legal requirements for any notice of any kind, notice of intention to take possession of or to sell or lease the Equipment, or any one or more units thereof, and any other requirements as to the time, place and terms of the sale or lease thereof, any other requirements with respect to the enforcement of the Vendor's rights under this Agreement and any and all rights of redemption.

ARTICLE 18. Recording. The Owner will, (a) promptly after the execution and delivery of this Agreement,

any assignments hereof, the Lease, the Lease Assignment and each supplement hereto and thereto, respectively, cause this Agreement, any assignments hereof, the Lease, the Lease Assignment and each such supplement to be duly filed and recorded with the Interstate Commerce Commission in accordance with 49 U.S.C. § 11303; and deposited with the Registrar General of Canada (notice of such deposit to be forthwith given in The Canada Gazette) pursuant to Section 86 of the Railway Act of Canada; and from time to time do and perform any other act and execute, acknowledge, deliver and file, register and record any and all further instruments required by law or reasonably requested by the Vendor for the purposes of proper protection of the security interest of the Vendor.

ARTICLE 19. Article Headings; Effect and Modification of Agreement. All article headings are inserted for convenience only and shall not affect any construction or interpretation of this Agreement.

This Agreement, including the Annexes hereto, exclusively and completely states the rights of the Vendor and the Owner with respect to the Equipment and supersedes all other agreements, oral or written, with respect to the Equipment. No variation or modification of this Agreement and no waiver of any of its provisions or conditions shall be valid unless in writing and signed by duly authorized representatives of the Vendor and the Owner.

ARTICLE 20. Notice. Any notice hereunder to any of the parties designated below shall be deemed to be properly served if delivered or mailed to it by registered mail, postage prepaid, at the following addresses:

(a) to the Owner, at 295 Madison Avenue, New York, N. Y. 10017, Attention of Stephen Goldsmith, with a copy to Benjamin D. Fein, Esq., Messrs. Rosenman Colin Freund Lewis & Cohen, 575 Madison Avenue, New York, N. Y. 10022,

(b) to First Security Bank of Utah, N.A., as the Assignee or as the Vendor, at 79 South Main Street (Suite 310), Salt Lake City, Utah 84111, Attention of Trust Division, Corporate Trust Department,

(c) to PACCAR, Inc., at its address specified in Item 1 of Annex A hereto,

(d) to the Lessee at Iron Horse Park, North Billerica, Massachusetts 01862, Attention of Manager, Equipment and Service,

or at such other address as may have been furnished in writing by such party to the other parties to this Agreement.

ARTICLE 21. Satisfaction of Undertakings. The obligations of the Owner under the second and eighth paragraphs of Article 16 and under Articles 3, 6, 7, 8, 9, 10, 12 (other than the proviso to the last paragraph thereof) and 13 hereof shall be deemed in all respects satisfied by the Lessee's undertakings contained in the Lease as long as the Lease is in full force and effect. The Owner shall not have any responsibility for the Lessee's failure to perform such obligations, but if the same shall not be performed or cured as permitted hereby they shall constitute the basis for an event of default hereunder pursuant to Article 15 hereof. So long as any Conditional Sale Indebtedness remains outstanding, no waiver or amendment by the Owner of the Lessee's undertakings under the Lease shall be effective unless joined in by the Vendor.

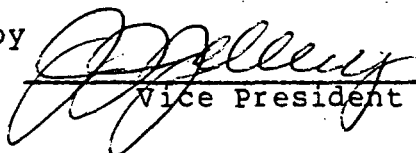

ARTICLE 22. Law Governing. The terms of this Agreement and all rights and obligations hereunder shall be governed by the laws of the State of New York; provided, however, that the parties shall be entitled to all rights conferred by 49 U.S.C. § 11303 and Section 86 of the Railway Act of Canada, such additional rights, if any, arising out of the filing, recording or deposit hereof and of any assignment hereof as shall be conferred by the laws of the several jurisdictions in which this Agreement or any assignment hereof as shall be filed, recorded or deposited or in which any unit of Equipment shall be located, and such rights, if any, arising out of the marking of Equipment.

ARTICLE 23. Execution. This Agreement may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute but one and the same contract, which shall be sufficiently evidenced by any such original counterpart. - Item 2: The Equipment shall be settled for in not more than two Groups.
- Item 3: (a) The Builder warrants to the Owner that the units of the Equipment will be built in accordance with the Specifications and with the other requirements, specifications and standards set forth or referred to in Article 2 of the Conditional Sale Agreement (the "Agreement") and warrants that its Equipment will be free from defects in material (except as to specialties incorporated therein which were specified or supplied by the Lessee and not manufactured by the Builder) and workmanship or design (except as to designs specified by the Lessee and not developed or purported to be developed by the Builder) under normal use and service; the Builder's obligation under this paragraph being limited to making good at its plant (or at the option of the Builder at a place designated by the Builder and agreed upon by the Lessee) any part or parts of any unit of Equipment which shall be returned to the Builder within two years after delivery of such unit, or as to which written notice of such defect has been given by the Lessee to the Builder within two years after delivery of such unit and which part or parts are returned within 90 days after such notice to the Builder, provided that the Builder's examination shall disclose to its reasonable satisfaction such part or parts to have been thus defective. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND OF ALL OTHER OBLIGATIONS OR LIABILITIES ON THE PART OF THE BUILDER, EXCEPT FOR ITS OBLIGATIONS UNDER ARTICLES 2, 3, 4 AND 13 OF THE AGREEMENT AND THIS ANNEX A. The Builder neither assumes nor authorizes any person to assume for it any other liability in connection with the

The rights of the Owner under the foregoing warranty shall be its sole and exclusive remedy and Builder will have no liability for lost profits or for incidental, consequential or commercial losses.

The Builder further agrees that neither the inspection as provided in Article 3 of the Agreement, nor any examination or acceptance of any units of its Equipment as provided in said Article 3, shall be deemed a waiver or modification by the Lessee of any of its rights under this Item 3(a) or Item 3(b) below.

It is further understood and agreed that the word "design(s)" as used herein or in Item 3(b) below and the word "specialties" as used herein shall be deemed to include articles, materials, systems, formulae and processes.

(b) Except in case of designs, processes or combinations specified by the Lessee and not developed or purported to be developed by the Builder, and articles and materials specified by the Lessee and not manufactured by the Builder, the Builder agrees to indemnify, protect and hold harmless the Lessee and the Owner from and against any and all liability, claims, demands, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Lessee or the Owner because of the use in or about the construction or operation of its Equipment, or any unit thereof, of any design, process, combination, article or material infringing or claimed to infringe on any patent or other right. The Lessee, as a condition to its being a third-party bene-

ficiary of the Agreement, likewise will indemnify, protect and hold harmless the Builder from and against any and all liability, claims, demands, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Builder because of the use in or about the construction or operation of its Equipment, or any unit thereof, of any design, process or combination specified by the Lessee and not developed or purported to be developed by the Builder, or article or material specified by the Lessee and not manufactured by the Builder, which infringes or is claimed to infringe on any patent or other right. The Builder agrees to and hereby does, to the extent legally possible without impairing any claim, right or cause of action hereinafter referred to, transfer, assign, set over and deliver to the Lessee every claim, right and cause of action which the Builder has or hereafter shall have against the originator or seller or sellers of any design, process, combination, article or material specified by the Lessee and used by the Builder in or about the construction or operation of its Equipment, or any unit thereof, on the ground that any such design, process, combination, article or material or operation thereof infringes or is claimed to infringe on any patent or other right, and the Builder further agrees to execute and deliver to the Lessee all and every such further assurances as may be reasonably requested by them more fully to effectuate the assignment, transfer and delivery of every such claim, right and cause of action. Re: Boston and Main Corporation Financing, Dated
August 1, 1979

Gentlemen:

We are in receipt of the notice of proposed transfer of beneficial interest as outlined in your letters of February 29, 1980 and March 4, 1980. It appears the proposed assignment meets the conditions of transfer in Article 14 of the Conditional Sale Agreement, dated as of August 1, 1979 between Arlington-Integrated (Rail), Inc. and Paccar, Inc.

However, in order to ensure that the proposed transfer meets the net worth test of Article 14, we request that you forward to us, as Agent, and to each of the lenders in the transaction a copy of the audited fourth quarter financial reports of the corporate general partner. In addition, we ask that you consent to an increase in the "At Risk Amount" specified in Article 14 from \$1,500,000.00 to \$1,850,000.00.

If the above meets with your approval, please execute the enclosed second copy of this letter and return it to me in evidence of your agreement.

Please feel free to call me at (801) 350-5631 if you have any questions regarding the above.

Sincerely,

Mary Paxman McGee

[Covering 200 PACCAR General Service Box Cars
for lease to the Trustees of Boston and Maine Corporation]

PARTICIPATION AGREEMENT dated as of August 1, 1979, among ARLINGTON-INTEGRATED (RAIL), INC., a Delaware corporation (the "Owner"), INTEGRATED RESOURCES, INC., a Delaware corporation (the "Guarantor"), FIRST SECURITY BANK OF UTAH, N.A., a national banking corporation (the "Agent"), and THE PARTIES NAMED IN SCHEDULE A HERETO (the "Investors").

On March 12, 1970, a petition was filed for the reorganization of Boston and Maine Corporation (the "Debtor") under Section 77 of the Bankruptcy Act in the United States District Court for the District of Massachusetts (the "Court") and such petition was duly approved as properly filed by the Court (the proceedings with respect thereto being hereinafter called the "Reorganization Proceedings") and Robert W. Meserve and Benjamin H. Lacy were duly qualified as Trustees of the property of the Debtor on May 18, 1970, and August 3, 1973, respectively, such Trustees being hereinafter called the "Trustees" or the "Lessee".

The Owner has agreed to purchase from PACCAR, Inc. (the "Builder"), pursuant to a Conditional Sale Agreement substantially in the form of Exhibit A hereto (the "CSA"), the units of railroad equipment described in Annex B to the CSA. The Builder will retain a security interest in such units until the Owner fulfills its obligations under the CSA.

The Lessee will lease from the Owner all the units of equipment delivered, accepted and settled for under the CSA (the "Equipment") pursuant to the Lease of Railroad Equipment dated as of the date hereof (the "Lease") substantially in the form attached to the CSA as Annex C thereto.

The Investors will finance 80% of the aggregate Purchase Price (as defined in Article 4 of the CSA) of the Equipment by investing in the Conditional Sale Indebtedness (as defined in Article 4 of the CSA).

The Lessee will agree to indemnify the Owner pursuant to an Indemnity Agreement (the "Indemnity Agreement"), substantially in the form of Exhibit D hereto, between the Lessee and the Owner, against certain losses, liabilities or expenses incurred or suffered by the Owner.

The security interest of the Builder in the Equipment will be assigned to the Agent, pursuant to the Agreement and Assignment dated as of the date hereof (the "CSA Assignment") substantially in the form of Exhibit B hereto, and the Lease will be assigned to the Agent pursuant to an Assignment of Lease dated as of the date hereof (the "Lease Assignment") substantially in the form attached to the CSA as Annex D thereto, until the Owner fulfills all its obligations under the CSA and the Lessee will consent to the Lease Assignment pursuant to a Consent and Agreement substantially in the form attached to the Lease Assignment (the "Consent").

NOW, THEREFORE, in consideration of the agreements and the covenants hereinafter contained, the parties hereto hereby agree as follows:

1. The Owner will enter into the CSA and pursuant thereto purchase, as hereinafter provided, units of Equipment having an aggregate Purchase Price not exceeding the Maximum Purchase Price as defined in Annex A to the CSA. Pursuant to a Purchase Order Assignment dated as of August 1, 1979, between BRAE Corporation ("BRAE") and the Builder, BRAE has assigned, transferred and set over to the Owner all right, title and interest of BRAE in and to any contractual arrangements with the Builder (such arrangements being hereinafter collectively called the "Purchase Order") insofar as they relate to Equipment settled for under the CSA, it being agreed that all obligations of BRAE to the Builder under the Purchase Order shall be superseded by the CSA (except to the extent of any Equipment excluded thereunder) and the obligations of the Owner to purchase and pay for the Equipment shall be exclusively and completely governed by, and subject to, the conditions provided herein and in the CSA.

2. Subject to the terms and conditions hereof, each Investor will pay to the Agent, in immediately available funds, not later than 11:00 a.m., Salt Lake City time, on each date set forth opposite such Investor's name in Schedule A hereto ("Deposit Date"), an amount not to exceed the aggregate amount set forth opposite such Investor's name in Schedule A hereto except for the escalation provided below. The exact amount to be paid on each Deposit Date by each Investor shall be set forth in a written notice by the Owner to the Agent and each Investor given at least six business days prior to each Deposit Date, and the Owner agrees that the aggregate amount of such payments on each Deposit Date as set forth in any notice furnished by it to the Agent and the Investors

shall not exceed 80% of the aggregate Purchase Price of the Equipment to be settled for on such date under the CSA. Each such Deposit Date may be moved forward or delayed by no more than four weeks by the Owner giving written notice to the Agent and each Investor not less than six business days prior to the earlier of (i) the regularly scheduled Deposit Date or (ii) the Deposit Date to which the change is to be made. The Owner shall have the right to increase the aggregate commitment of each Investor by an amount up to but not exceeding 5% of the aggregate commitment of such Investor as set forth in Schedule A hereto, by giving written notice to the Agent and each Investor not later than six business days prior to any Deposit Date, specifying the amount of such increase; and each Investor shall thereupon become obligated to pay or cause to be paid to the Agent on such Deposit Date the amount of its revised commitment as specified in said notice.

Upon payment to the Agent of any amount required to be paid by an Investor, the Agent will execute and deliver to such Investor (or, upon the written request of such Investor, to the nominee or nominees of such Investor), a certificate or certificates of interest with respect to such payment dated the Deposit Date and substantially in the form of Exhibit C hereto.

The term "business day" as used herein means any calendar day, excluding Saturdays, Sundays and any other day on which banking institutions in North Billerica, Massachusetts, Salt Lake City, Utah, or New York, New York, are authorized or obligated to remain closed.

As soon as practicable after the delivery of any certificate of interest, the Agent will deliver to the holder thereof a schedule of payments reflecting the dates and amounts of principal and interest payments to be made in respect of such certificate. Each Investor, simultaneously with the final payment to it of all amounts payable in respect of such certificate, will surrender such certificate to the Agent.

The forms of Exhibits to this Agreement, the Annexes thereto and the Appendices to such Annexes are hereby approved by the Investors and the Agent is authorized to enter into such agreements to which it is a party. The Agent will not enter into or consent to any modification or supplement to such forms that could materially adversely affect the interests of the Investors without the prior written approval of the Investors, it being understood and agreed that changes in the provisions of the Lease which are not intended or necessary to satisfy the obligations

of the Owner under the CSA shall not be deemed to materially adversely affect the interests of the Investors.

The Agent will hold the moneys deposited with it pursuant hereto, the rights under the CSA and the security interest in the Equipment following delivery and acceptance, as provided in the CSA, the security interest in the Lease and any payments received by it pursuant to the Lease in trust for the benefit of the Investors in accordance with their respective interests therein as such interests from time to time shall appear. The interests of the Investors in each installment of the aggregate Conditional Sale Indebtedness shall be in proportion to their respective investments in the aggregate Conditional Sale Indebtedness plus accrued and unpaid interest from time to time outstanding. It is expressly understood and agreed that the obligations of the Agent hereunder with respect to such moneys, rights, security interests and payments and with respect to the payments to the Investors to be made by the Agent are only those expressly set forth herein.

3. The representations and warranties of the Lessee made for the benefit of the Owner, the Agent and the Investors are set forth in § 19 of the Lease.

4A. The Owner represents and warrants to the Agent and the Investors as follows:

(a) The Owner is a corporation duly incorporated, validly existing and in good standing under the laws of its jurisdiction of incorporation.

(b) The Owner has full power, authority and legal right to carry on its business as now conducted and is duly authorized and empowered to execute and deliver this Agreement, the Lease, the CSA, the Lease Assignment and the Indemnity Agreement and to fulfill and comply with the terms, conditions and provisions hereof and thereof.

(c) This Agreement, the CSA, the Lease, the Lease Assignment and the Indemnity Agreement have been duly authorized and have been duly executed and delivered by the Owner and, assuming due authorization, execution and delivery thereof by the other parties thereto, constitute valid, legal and binding agreements, enforceable against the Owner in accordance with their terms.

(d) Neither the execution and delivery of this

Agreement, the CSA, the Lease, the Lease Assignment or the Indemnity Agreement nor the consummation of the transactions herein and therein contemplated nor the fulfillment of, nor compliance with, the terms and provisions hereof and thereof will conflict with, or result in a breach of, any of the terms, conditions or provisions of the certificate of incorporation or the by-laws of the Owner or of any bond, debenture, note, mortgage, indenture, agreement or other instrument to which the Owner is a party or by which it or its property may be bound, or constitute (with the giving of notice or the passage of time or both) a default thereunder, or result in the creation or imposition of any lien, charge, security interest or other encumbrance of any nature whatsoever upon the Equipment pursuant to the terms of any such agreement or instrument.

(e) The Owner is not entering into this Agreement, the CSA, the Lease, the Lease Assignment, the Indemnity Agreement or any other transaction contemplated hereby or thereby, directly or indirectly, in connection with any arrangement or understanding in any way involving any employee benefit plan or related trust (other than a governmental plan) with respect to which it is a party in interest or a disqualified person, all within the meaning of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code of 1954, as amended to the date hereof (the "Code").

(f) The Owner has not directly or indirectly offered or sold any interest in the Conditional Sale Indebtedness, other securities or beneficial interests in the Equipment to, solicited offers to buy any interest in the Conditional Sale Indebtedness, other securities or beneficial interests in the Equipment from, or otherwise approached or negotiated in respect of the purchase or sale or other disposition of any interest in the Conditional Sale Indebtedness, other securities or beneficial interests in the Equipment with, any person or entity so as to bring the transactions contemplated by this Agreement within the provisions of Section 5 of the Securities Act of 1933 (the "Securities Act"). The Owner will not offer any other securities or beneficial interests in the Equipment to, or solicit any offer to buy any thereof from, any other person or entity or approach or negotiate with any other person or entity in respect thereof, so as to bring the transactions contemplated by

this Agreement within the provisions of Section 5 of the Securities Act.

4B. The Guarantor represents and warrants to the Agent and the Investors as follows:

(a) The Guarantor is a corporation duly organized, validly existing and in good standing under the laws of its jurisdiction of incorporation.

(b) The Guarantor has the power, authority and legal right to carry on its business as now conducted and is duly authorized and empowered to execute and deliver this Agreement.

(c) This Agreement has been duly authorized, executed and delivered by the Guarantor and, assuming due authorization, execution and delivery thereof by the other parties thereto, is a valid, legal and binding agreement of the Guarantor, enforceable against the Guarantor in accordance with its terms.

5. Each Investor severally represents that it is acquiring its interests in the Conditional Sale Indebtedness for its own account or for the account of one or more institutional accounts, for which it is acting as trustee or agent, for investment and not with a view to, or for sale in connection with, any distribution thereof nor with any present intention of distributing or selling such interests; provided, however, that the disposition of its or their property shall at all times be within its or their control. Each Investor understands that the interests in the Conditional Sale Indebtedness have not been registered under the Securities Act and that such interests must be held indefinitely unless a subsequent disposition thereof is exempt from registration.

Each Investor hereby agrees that any transfer shall be upon the express condition that the transferee thereof shall be bound by the terms of this Agreement, that such transfer will not subject this transaction to the registration provisions of the Securities Act of 1933 and that such transferee will represent that ERISA will not be violated as a result of such transfer. Prior to any such transfer, such Investor shall notify the Agent in writing thereof and the Agent shall cause to be prepared and delivered to such Investor an appropriate agreement, to be entered into among such Investor, such transferee and the Agent, evidencing such transfer upon the terms hereof.

Each Investor severally represents that (i) it is acquiring its interests in the Conditional Sale Indebtedness with its general assets or the assets of a governmental plan and not directly or indirectly with the assets of, or in connection with any arrangement or understanding in any way involving, any employee benefit plan or related trust (other than a governmental plan) with respect to which it or, to its knowledge, the Owner, the Lessee, the Builder or any of their affiliates is a party in interest or a disqualified person, all within the meaning of ERISA and the Code, or (ii) that it is acquiring its interests in the Conditional Sale Indebtedness with the assets of a pooled separate account, which pooled separate account does not contain the assets of an employee plan or plans of any one employer or of a multiple employer plan which exceeds 5% of the total of all assets in such pooled separate account; or, if such representation in this clause (ii) cannot be made, that it has provided the Owner, the Lessee, the Builder and the Agent a list of the names of any employee benefit plans of any one employer or multiple employer plan, the assets of which comprise more than 5% of the value of such pooled separate account.

6. The obligation of the Agent to make payment on each Closing Date (as defined in Article 4 of the CSA) to the Builder pursuant to the CSA shall be subject to the terms and conditions of the CSA and the CSA Assignment and to the receipt by the Agent, on or prior to the first date of delivery of any unit of Equipment under the CSA (the "First Delivery Date"), of the following documents, dated on or not more than 10 days prior to the First Delivery Date, in form and substance satisfactory to the Investors and their special counsel:

(a) an opinion of Messrs. Cravath, Swaine & Moore, special counsel for the Agent and the Investors, to the effect that:

(i) this Agreement, assuming due authorization, execution and delivery by the Investors, has been duly authorized, executed and delivered and constitutes a legal, valid and binding instrument;

(ii) the CSA and the Lease have been duly authorized, executed and delivered and are legal, valid and binding instruments, enforceable in accordance with their terms;

(iii) the CSA Assignment, the Lease Assignment and the Consent have been duly authorized, executed

and delivered and are legal, valid and binding instruments;

(iv) the CSA, the Lease, the CSA Assignment and the Lease Assignment have been duly filed with the Interstate Commerce Commission in accordance with 49 U.S.C. § 11303 and deposited with the Registrar General of Canada pursuant to Section 86 of the Railway Act of Canada and provision has been made for publication of notice of such deposit in The Canada Gazette in accordance with said Section 86, and no other filing, recording or deposit (or giving notice) with any other Federal, state or local government is necessary in order to protect the rights of the Agent therein or in the Equipment in any state of the United States of America or under the Lease in Canada;

(v) the Agent has a valid and perfected security interest in the Lease and is vested with all the rights, titles, interests, powers and privileges of the Builder purported to be assigned to it by the CSA Assignment and, upon settlement for the Equipment pursuant to and in accordance with the CSA Assignment, the Agent will have a valid and perfected security interest in the Equipment and the Lease;

(vi) no authorization or approval from any court or other governmental or public body or authority of the United States of America or of any of the states thereof or the District of Columbia is, to the knowledge of said special counsel, necessary for the execution, delivery and performance of this Agreement, the CSA, the Lease, the CSA Assignment, the Lease Assignment or the Consent, other than approvals which have theretofore been obtained in the Reorganization Proceedings;

(vii) under the circumstances contemplated by this Agreement it is not necessary to register the CSA, the CSA Assignment or any certificate of interest delivered pursuant hereto under the Securities Act, as in effect on the date of such opinion, or to qualify the CSA or any other instrument or agreement contemplated hereby or thereby under the Trust Indenture Act of 1939;

(viii) the legal opinions referred to in subpara-

graphs (b), (c), (d) and (e) of this Paragraph 6 are satisfactory in form and scope to said special counsel and that in their opinion the Investors and they are justified in relying thereon;

and as to such other matters incident to the transactions contemplated by this Agreement as the Investors may reasonably request;

(b) an opinion of counsel for the Owner, to the effect set forth in subparagraphs (a), (b), (c) and (d) of Paragraph 4A hereof;

(c) an opinion of counsel for the Lessee, to the effect set forth in subparagraphs (a), (b), (c), (e) and (f) of § 19 of the Lease and to the further effect that no mortgage, deed of trust or other lien of any nature whatsoever which now covers or affects any property or interest therein of the Lessee, now attaches or hereafter will attach to the Equipment or in any manner affects or will affect adversely the right, title and interest of the Owner or the Agent therein; and as to such other matters incident to the transactions contemplated by this Agreement as the Owner or the Agent may reasonably request;

(d) an opinion of counsel for the Builder to the effect that (i) the Builder is a duly organized and validly existing corporation in good standing under the laws of the jurisdiction of its incorporation and has the power and authority to carry on its business as now conducted and (ii) the CSA has been duly authorized, executed and delivered by the Builder and, assuming due authorization, execution and delivery by the other parties thereto, is a legal, valid and binding instrument, enforceable in accordance with its terms;

(e) an opinion of counsel for the Guarantor to the effect set forth in subparagraphs (a), (b) and (c) of Paragraph 4B;

(f) a certificate of the Trustees to the effect that:

(i) the Lessee is not in default under the Lease or the Consent;

(ii) the representations and warranties of the Lessee in § 19 of the Lease are true and correct as of the First Delivery Date as if made on and as of such date; and

(iii) attached thereto is a full, true and complete copy of the Order to which no appeal has been taken and which remains in full force and effect on the First Delivery Date;

(g) a certificate of an officer of the Owner to the effect that:

(i) the Owner is not in default under this Agreement, the CSA, the Lease or the Lease Assignment;

(ii) no Federal tax liens (including tax liens filed pursuant to section 6323 of the Code) or, to the best of the knowledge and belief of the Owner, other tax liens have been filed and are currently in effect against the Owner which could adversely affect the interests of the Agent in the Equipment or the Lease; and

(iii) the representations and warranties of the Owner in Paragraph 4A hereof are true and correct as of the First Delivery Date as if made on and as of such date;

(h) all documents which the Agent, any Investor or the Owner may reasonably request in connection with the transactions contemplated by this Agreement including certified copies of all corporate proceedings and orders of regulatory agencies in connection therewith, in form and substance satisfactory to the party requesting the same.

In giving the opinions specified in subparagraphs (a), (b), (c), (d) and (e) of this Paragraph 6, counsel may qualify its opinion to the effect that any agreement is enforceable in accordance with its terms by a general reference to limitations as to enforceability imposed by rules of equity or by bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting the enforcement of creditors' rights generally, other than the Reorganization Proceedings. In giving the opinion specified in subparagraph (a) of this Paragraph 6, counsel may rely (i) as to authorization, execution and delivery by the Builder of the documents executed by the Builder, on the opinion of counsel for the Builder and (ii) as to any matter governed by the law of any jurisdiction other than the State of New York or the United States of America, on the opinion of counsel for the Owner, the Builder or the Lessee as to such matter.

7. The Owner's obligation to purchase and pay for units of Equipment on any Closing Date under the CSA shall be subject only to the receipt, prior to or on the First Delivery Date, (i) of opinions of counsel addressed to the Owner and documents, dated on or not more than 10 days prior to the First Delivery Date, to the same effect as the opinions and documents described in subparagraphs (b), (c), (d), (f) and (h) of Paragraph 6 hereof, (ii) an opinion satisfactory to the Owner of its special counsel concerning the tax consequences of its investment in the transactions contemplated by this Agreement, (iii) from BRAE, of a useful life representation letter, satisfactory to the Owner, to the effect that each unit of the Equipment will have a useful life of at least 19 years and a residual value of at least 20% of its Purchase Price at the end of the fifteen year term of the Lease, and (iv) the conditions (set forth in Paragraph 6 hereof) precedent to the Agent's obligations pursuant to Paragraph 2 hereof having been satisfied on or prior to the First Delivery Date unless such conditions are waived by the Owner by written notice to the Agent given on or prior to the First Delivery Date.

8. The Agent will accept in trust payments made to it by or for the account of the Owner pursuant to the CSA on account of the principal of or interest on the Conditional Sale Indebtedness or otherwise and will apply such payments promptly, first, to the pro rata payment of interest payable to the Investors on their respective interests in the Conditional Sale Indebtedness, and second, to the pro rata payment of their respective interests in the installments of Conditional Sale Indebtedness then due in the order of maturity thereof until the same shall have been paid in full; and any balance of such payments shall be paid to the Owner subject to the provisions of the second paragraph of Section 1 of the Lease Assignment.

The Agent will accept all sums paid to it pursuant to Article 7 of the CSA with respect to any Casualty Occurrence (as therein defined) and will apply such sums to the pro rata prepayment of each of the installments of the aggregate Conditional Sale Indebtedness remaining unpaid (in proportion to the principal amount of aggregate Conditional Sale Indebtedness represented by each such installment), without premium, together with interest accrued and unpaid on such prepaid Conditional Sale Indebtedness and will distribute such prepayment and interest thereon pro rata among the Investors in accordance with their respective interests in the installments of Conditional Sale Indebtedness being prepaid. The Agent will furnish to each Investor a revised schedule or

schedules of payments showing the holder's interest in the installments of the reduced aggregate Conditional Sale Indebtedness remaining unpaid and the interest payable thereon.

Notwithstanding anything to the contrary contained herein, if a Declaration of Default (as defined in the CSA) is in effect, all moneys held by or coming into the possession of the Agent under the CSA or the Lease or otherwise applicable to the payment or prepayment of Conditional Sale Indebtedness or interest thereon (including, without limitation, the net proceeds of any repossession and sale or lease of any unit of the Equipment after deduction of all expenses, including reasonable counsel fees, incurred by the Agent in connection with such repossession and sale or lease or otherwise hereunder in connection with the CSA which shall not theretofore have been reimbursed to the Agent by the Owner pursuant to the CSA), immediately shall be distributed by the Agent pro rata among the Investors in accordance with their respective interests in the Conditional Sale Indebtedness thereunder at the time of such distribution and the Agent shall otherwise take such action as is referred to in this Paragraph.

All payments to be made by the Agent hereunder shall (subject to timely receipt by the Agent of available funds) be made by check mailed to the Investors on the date such payment is due or upon written request of any Investor (or as provided in Schedule A hereto), by bank wire transfer of immediately available funds to such Investor at such address in the continental United States as may be specified to the Agent in writing (or as provided in Schedule A hereto).

So long as, to the actual knowledge of the Agent, no event of default or event which with lapse of time or giving of notice or both as provided for in the CSA or the Lease would constitute an event of default under the CSA or an Event of Default under the Lease shall have occurred and be continuing (any such default, event of default or event or Event of Default being hereinafter called a "Default"), the Agent shall be entitled to use its discretion with respect to exercising or refraining from exercising any rights or taking or refraining from taking any action which may be vested in it, or which it may be entitled to assert or take, hereunder or under the CSA or under the Lease, except as otherwise specifically provided herein. The Agent shall not incur any liability hereunder or otherwise in acting upon any notice, certificate or other paper or instrument believed by it to be genuine and signed by the proper party or parties, or with respect to anything which it may do or refrain from doing in

the exercise of its best judgment, or which may seem to it to be necessary or desirable in the premises, except liability resulting from its own misconduct or negligence; provided, however, that in case the Agent shall have actual knowledge of the occurrence of a Default it shall promptly notify the Owner, the Lessee and the Investors thereof. The Agent shall take such action and assert such rights under the CSA and the Lease as shall be agreed upon by holders of interests totaling more than 50% of the aggregate Conditional Sale Indebtedness then outstanding. In case the Agent is required to take action hereunder, it shall be indemnified against any liability or expense (including reasonable counsel fees), and shall be reasonably compensated for its services, in connection with taking such action or asserting such rights by the Investors in proportion to their respective interests in the aggregate outstanding Conditional Sale Indebtedness.

The Agent may consult with legal counsel of its own choice and shall not be under any liability for any action taken or suffered in good faith by it in accordance with the opinion of such counsel.

The Agent will promptly mail or deliver to each Investor which shall so request in writing one counterpart or copy of all notices, statements, documents or schedules received by it pursuant hereto or pursuant to the CSA or the Lease.

All notices, instructions, directions and approvals to be delivered hereunder to the Agent by any Investor shall be in writing signed by an officer, assistant officer, manager or assistant manager of such Investor, and the Agent may rely on any notice, instruction, direction or approval so signed.

The Agent does not make any representation or assume any responsibility with respect to (i) the validity of the CSA, the CSA Assignment, the Lease, the Lease Assignment, the Consent or any certificate of interest (except with respect to its own execution thereof), or (ii) the value of or the title to the Equipment.

In the event of, and to the extent of, any dispute with respect to the delivery or ownership or right to possession of funds or documents at any time held by the Agent hereunder, or with respect to title to any unit of the Equipment, the Agent is hereby authorized and directed to retain, without liability to anyone, all or any of such funds

or documents or title to such unit until such dispute shall have been settled either by agreement of the Investors (and the Owner, if a party to the dispute) or by final order, decree or judgment of a court of competent jurisdiction.

The Agent shall be entitled to terminate its duties and responsibilities hereunder by giving written notice to the Investors and the Owner that it desires to terminate such duties and responsibilities on a date (at least 30 days subsequent to the giving of such notice) stated in said notice; it being understood and agreed that the Agent shall also give such notice if it is directed so to do by the holders of interests totaling more than 50% of the aggregate Conditional Sale Indebtedness then outstanding. If, prior to the date stated in said notice, the holders of interests totaling more than 50% of the aggregate Conditional Sale Indebtedness then outstanding shall have requested in writing that the Agent assign to a person or institution designated by such holders all right, title and interest of the Agent under the CSA, the CSA Assignment, the Lease and the Lease Assignment and in and to the Equipment, the Agent shall comply with such request. In the event that such request is not received by the Agent on or before the date designated in said notice, the Agent shall be entitled to appoint a successor to act hereunder (which successor shall be a bank or trust company located in any state of the United States of America, having capital and surplus aggregating at least \$50,000,000) and to assign to such successor, subject to the provisions of this Agreement, all such right, title and interest of the Agent. Upon such assignment by the Agent to a person or institution designated by such holders or, in the absence of such designation, to a successor appointed by the Agent, the Agent shall thereupon be relieved of all duties and responsibilities hereunder.

9. Certain undertakings of the Lessee made for the benefit of the Owner, the Agent and the Investors are contained in §§ 20 and 21 of the Lease.

10. The Owner will pay or cause to be paid, whether or not the transactions contemplated herein are consummated, (i) all of the costs and expenses incurred by the Agent in connection with the preparation, execution and delivery of this Agreement and the related documents referred to herein and any amendments, supplements or waivers with respect hereto or thereto, including the reasonable fees and disbursements of Messrs. Cravath, Swaine & Moore as special counsel for the Investors, and (ii) the reasonable fees,

costs and disbursements of the Agent.

11. Any notice required or permitted to be given by any party hereto to any other party or parties shall be deemed to have been given when delivered or deposited in the United States mails, first-class postage prepaid, addressed as follows:

if to the Owner, at 295 Madison Avenue, New York, N.Y. 10017, Attention of Mr. Stephen Goldsmith, with a copy to Benjamin D. Fein, Esq., Messrs. Rosenman Colin Freund Lewis & Cohen, 575 Madison Avenue, New York, N. Y. 10022;

if to the Agent, at 79 South Main Street (Suite 310), Salt Lake City, Utah 84111, Attention of Trust Division, Corporate Trust Department;

if to the Investors, at the address for each Investor set forth in Schedule A hereto;

or addressed to any party at such other address as such party shall hereafter furnish to the other parties in writing. Any certificate, document or report required to be furnished by any party hereto to the other parties shall be delivered to the address set forth above for such party.

12. In order to induce the Agent and the Investors to enter into this Agreement, the Guarantor hereby unconditionally guarantees the prompt and full payment by the Owner of all amounts for which the Owner is personally liable pursuant to subparagraph (a) of the third paragraph of Article 4 and the proviso to the last paragraph of Article 12 of the CSA. This guarantee shall inure to the benefit of the Agent and the Investors and to their respective successors and assigns. This guarantee shall be valid and enforceable regardless of any waiver, extension of time, amendment or consent with respect to the transactions contemplated hereby or any other circumstances which might otherwise constitute a legal or equitable discharge of the Owner (including a discharge in bankruptcy) or of the Guarantor.

13. Any provision of this Agreement which is prohibited or unenforceable in any jurisdiction, shall be, as to such jurisdiction, ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability

in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

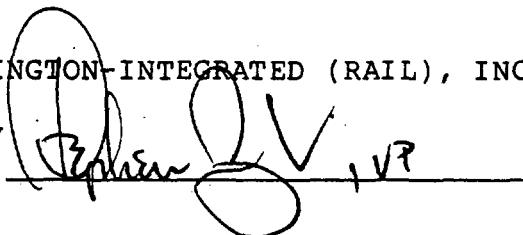

14. The terms of this Agreement and all rights and obligations hereunder shall be governed by the laws of the State of New York.

15. This Agreement may be executed in any number of counterparts, all of which together shall constitute a single instrument. It shall not be necessary that any counterpart be signed by all the parties so long as each counterpart shall be executed by the Agent; and the Owner and each Investor shall each execute one counterpart thereof so executed by the Agent.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by duly authorized officers or other persons, as of the date first above written.

CONDITIONAL SALE AGREEMENT

Dated as of August 1, 1979

between

ARLINGTON-INTEGRATED (RAIL), INC.,
Owner,

and

PACCAR, INC.,
Builder,

CONDITIONAL SALE AGREEMENT dated as of August 1, 1979, between PACCAR, INC. (the "Builder" or the "Vendor", as the context may require, as more particularly set forth in Article 1 hereof), and ARLINGTON-INTEGRATED (RAIL), INC., a Delaware corporation (the "Owner").

The Builder agrees to construct, sell and deliver to the Owner, and the Owner agrees to purchase, the railroad equipment described in Annex B hereto (the "Equipment").

The Owner is entering into a Lease of Railroad Equipment dated as of the date hereof with Robert W. Meserve and Benjamin H. Lacy, Trustees of the Property of Boston and Maine Corporation (the "Lessee"), in substantially the form annexed as Annex C hereto (the "Lease").

First Security Bank of Utah, N.A. (the "Assignee"), is acting as agent for certain investors (the "Investors") pursuant to the Participation Agreement dated as of the date hereof (the "Participation Agreement") with the Owner and the Investors.

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements, and subject to the conditions hereinafter set forth, the parties hereto do hereby agree as follows:

ARTICLE 1. Assignment; Definitions. The parties hereto contemplate that the Owner will furnish that portion of the Purchase Price (as defined in Article 4 hereof) for the Equipment as is required under subparagraph (a) of the third paragraph of Article 4 hereof and that an amount equal to the balance of such Purchase Price shall be paid to the Builder by the Assignee pursuant to an Agreement and Assignment dated as of the date hereof (the "CSA Assignment") between the Builder and the Assignee, as agent.

The term "Vendor", whenever used in this Agreement, means, before any assignment of its rights hereunder, the party hereto which has manufactured the Equipment and any successor or successors for the time being to its manufacturing properties and business, and, after any such assignment, both any assignee or assignees for the time being of such particular assigned rights as regards such rights, and

also any assignor as regards any rights hereunder that are retained or excluded from any assignment; and the term "Builder", whenever used in this Agreement, means, both before and after any such assignment, the party hereto which has manufactured the Equipment and any successor or successors for the time being to its manufacturing properties and business.

In case of such assignment, the Owner will assign to the Vendor, as security for the payment and performance of all the Owner's obligations hereunder, substantially all right, title and interest of the Owner in and to the Lease pursuant to an Assignment of Lease substantially in the form of Annex D hereto (the "Lease Assignment") and the Lessee shall consent thereto pursuant to a Consent and Agreement in substantially the form attached to Annex D hereto (the "Consent").

ARTICLE 2. Construction and Sale. The Builder shall construct the Equipment at its plant or plants described in Annex B hereto and will sell and deliver the Equipment to the Owner and the Owner will purchase from the Builder and accept delivery of and pay for the Equipment. Each unit of Equipment shall be constructed in accordance with the specifications referred to in Annex B hereto and in accordance with such modifications thereof as may be agreed upon in writing among the Builder, the Owner and the Lessee (which specifications and modifications, if any, are hereinafter called the "Specifications"). The Builder represents and warrants that (i) the design, quality and component parts of each unit of the Equipment shall conform, on the date of delivery and acceptance hereunder, to all United States Department of Transportation and Interstate Commerce Commission requirements and specifications and to all standards, if any, recommended by the Association of American Railroads reasonably interpreted as then being applicable to each such unit, (ii) none of such component parts will be used components, (iii) none of such units will have been used so as to preclude the original use thereof by the Owner within the meaning of Sections 48(b)(2) and 167(c)(2) of the Internal Revenue Code of 1954 (as amended) (the "Code") and (iv) each unit of the Equipment will be "new section 38 property" within the meaning of the Code when acquired by the Owner.

ARTICLE 3. Inspection and Delivery. The Builder will deliver the units of the Equipment at the place or places specified in Annex B hereto (or if Annex B does not

specify a place or places, at the place or places designated from time to time by the Owner), freight, if any, prepaid, in accordance with the delivery schedule set forth in Annex B hereto; provided, however, that delivery of any unit of the Equipment shall not be made until the filings and recordings referred to in Article 18 hereof have been made; and provided, further, that the Builder shall not have any obligation to deliver any unit of Equipment hereunder subsequent to the commencement of any proceedings specified in clause (c) of Article 15 hereof or the occurrence of any event of default (as described in Article 15 hereof), or any event which with notice or lapse of time or both would constitute such an event of default. The Builder agrees not to deliver any unit of Equipment hereunder (a) following receipt of written notice from the Owner or the Assignee of the commencement of any such proceedings or the occurrence of any such event of default or event, as aforesaid, and (b) until it receives notice from the Assignee and the Owner, respectively, that the conditions contained in Paragraphs 6 and 7, respectively, of the Participation Agreement have been met.

Notwithstanding the next succeeding paragraph:

(i) any Equipment not delivered pursuant to the first paragraph of this Article 3, or

(ii) any Equipment not delivered and accepted hereunder for any reason on or prior to October 15, 1979, if the Lessee and the Owner shall not have entered into an amendment to the Lease in form and substance satisfactory to the Vendor and the Owner revising rental payment dates so as to commence on a date subsequent to the date of delivery and acceptance thereof (but prior to March 31, 1980), and the parties hereto shall have entered into an appropriate amendment hereto (if consented to by the Investors) to reflect the necessary changes in Article 4 hereof,

shall be excluded from this Agreement (it being understood that in no event shall the Owner be obligated to enter into any supplement to the Lease in respect of Equipment delivered after March 31, 1980); and the Owner shall be relieved of its obligations to purchase and pay for such Equipment. If any Equipment shall be excluded herefrom pursuant to the immediately preceding sentence, the parties hereto shall execute an agreement supplemental hereto limiting this Agreement to the Equipment not so excluded herefrom.

The Builder's obligation as to the time of delivery set forth in Annex B is subject, however, to delays resulting from causes beyond the Builder's reasonable control, including but not limited to acts of God, acts of government such as embargoes, priorities and allocations, war or war conditions, riot or civil commotion, sabotage, strikes, differences with workmen, accidents, fire, flood, explosion, damage to plant, equipment or facilities, delays in receiving necessary materials or delays of carriers or subcontractors.

During construction, the Equipment shall be subject to inspection and approval by the authorized inspectors of the Owner (who may be employees or agents of the Lessee) and the Builder shall grant to such authorized inspectors reasonable access to its plant or plants. The Builder will inspect the materials used in the construction of the Equipment in accordance with the standard quality control practices of the Builder. Upon completion of each unit or a number of units of the Equipment, such unit or units shall be presented to an inspector for the Owner for inspection at the place specified for delivery of such unit or units, and if each such unit conforms to the Specifications, requirements and standards applicable thereto and if no Event of Default or event which, with the giving of notice or the lapse of time, or both, would become such an Event of Default under the Lease, has occurred and is continuing, such inspector shall execute and deliver to the Builder a certificate of acceptance ("Certificate of Acceptance") stating that such unit or units have been inspected and accepted on behalf of the Owner and are marked in accordance with Article 9 hereof; provided, however, that the Builder shall not thereby be relieved of its warranties contained or referred to herein. Acceptance of any unit of Equipment by the Lessee pursuant to § 2 of the Lease shall be deemed to be acceptance of such unit by the Owner.

Upon delivery of a Certificate of Acceptance with respect to each such unit of Equipment, the Builder shall have no further responsibility for, nor bear any risk of, any damage to or the destruction or loss of such unit; provided, however, that the Builder shall not thereby be relieved of its warranties contained or referred to herein.

Notwithstanding the foregoing or any other provision of this Agreement to the contrary, the delivery to and acceptance by or on behalf of the Owner of any unit of Equipment excluded from this Agreement pursuant to the second paragraph of Article 3 hereof or the first paragraph of Article 4 hereof shall be ineffective, ab initio, to create in or transfer to the Owner any legal or beneficial

right or interest in such unit or (except as provided in the first paragraph of Article 4 hereof) to impose on the Owner any liability, obligation or responsibility with respect thereto.

ARTICLE 4. Purchase Price and Payment. The base price or prices per unit of the Equipment are set forth in Annex B hereto. Such base price or prices are subject to such increase or decrease as may be agreed to by the Owner and the Lessee. The term "Purchase Price" as used herein shall mean the base price or prices as so increased or decreased as set forth in the invoice or invoices delivered to the Owner (which shall include any applicable freight charges) and, if the Purchase Price is other than the base price or prices set forth in Annex B, the invoice or invoices shall be accompanied by, or have endorsed thereon, the agreement or approval of the Lessee and the Owner (the "Invoices"). If on any Closing Date (as hereinafter defined in this Article) the aggregate Purchase Price of Equipment for which settlement is then being made would exceed the Maximum Purchase Price specified in Item 4 of Annex A hereto, the Builder (and any assignee of the Builder) and the Owner will enter into an agreement effective as of the date of acceptance thereof, excluding from this Agreement such unit or units of Equipment then proposed to be settled for and specified by the Owner and the Lessee, as will, after giving effect to such exclusion, reduce such aggregate Purchase Price under this Agreement to not more than the Maximum Purchase Price specified in Item 4 of Annex A hereto, and the Owner shall have no further obligation or liability in respect of units so excluded.

The Equipment shall be settled for in such number of groups of units of the Equipment delivered to and accepted by the Owner as is provided in Item 2 of Annex A hereto (a "Group"). The term "Closing Date" with respect to any Group shall mean the date (not later than October 15, 1979) as shall be fixed by the Owner by written notice delivered to the Lessee, the Builder and the Assignee at least seven business days prior to the Closing Date designated therein. At least six business days prior to the Closing Date with respect to a Group of Equipment, the Builder shall present to the Owner and the Lessee the Invoices for the Equipment to be settled for. The term "business day" as used herein means any calendar day, excluding Saturdays, Sundays and any other day on which banking institutions in North Billerica, Massachusetts, Salt Lake City, Utah, or New York, New York, are authorized or obligated to remain closed.

The Owner hereby acknowledges itself to be indebted to the Vendor in the amount of, and hereby agrees to pay in immediately available funds to the Vendor at such place as the Vendor may designate, the Purchase Price of the Equipment, as follows:

(a) on the Closing Date with respect to each Group an amount equal to 20% of the aggregate Purchase Price of such Group; and

(b) in 167 monthly installments in arrears, as hereinafter provided, an amount equal to the aggregate Purchase Price of such Group, less the aggregate amount paid or payable with respect thereto pursuant to subparagraph (a) of this paragraph.

The portion of the Purchase Price payable pursuant to subparagraph (b) of the preceding paragraph (the "Conditional Sale Indebtedness") shall be payable on the 15th day of each month, commencing November 15, 1979, to and including September 15, 1993 (or if any such date is not a business day, on the next succeeding business day), each such date being hereinafter called a "Payment Date". The unpaid balance of the Conditional Sale Indebtedness shall bear interest from the Closing Date in respect of which such indebtedness was incurred at the rate of 12% per annum. Such interest shall be payable in arrears to the extent accrued on October 15, 1979, and on each Payment Date thereafter. The installments of principal payable on each Payment Date shall be calculated so that the amount and allocation of principal and interest payable on each Payment Date shall be substantially in proportion to the amount and allocation of principal and interest on such Payment Date set forth in Schedule I hereto, and the aggregate of such installments of principal will completely amortize the remaining Conditional Sale Indebtedness by September 15, 1993. The Owner will furnish to the Vendor and the Lessee promptly after the Closing Date a schedule, in such number of counterparts as shall be requested by the Vendor, showing the respective amounts of principal and interest payable on each Payment Date.

Interest under this Agreement shall be calculated on the basis of a 360-day year of 12 30-day months, except that interest payable on October 15, 1979, shall be computed on an actual elapsed day, 365-day year, basis.

The Owner will pay, to the extent legally enforceable, interest upon all amounts remaining unpaid after the

same shall have become due and payable pursuant to the terms hereof at the rate of 13% per annum.

All payments provided for in this Agreement shall be made in immediately available funds in such coin or currency of the United States of America as at the time of payment shall be legal tender for the payment of public and private debts. Except as provided in Article 7 hereof, the Owner shall not have the privilege of prepaying any portion of the Conditional Sale Indebtedness prior to the date it becomes due.

The obligation of the Owner to pay to the Vendor the amount required to be paid pursuant to subparagraph (a) of the third paragraph of this Article 4 with respect to any Group shall be subject to the receipt by the Owner of copies of the documents required to be furnished with respect to such Group pursuant to Section 4 of the CSA Assignment and Paragraph 7 of the Participation Agreement.

Notwithstanding any other provisions of this Agreement, including, without limitation, Articles 15 and 16 hereof, it is understood and agreed by the Vendor that the liability of the Owner for all payments to be made by it under and pursuant to this Agreement and for all performance obligations (other than the payments called for by subparagraph (a) of the third paragraph of this Article and as provided in the proviso to the last paragraph of Article 12 hereof), shall not exceed an amount equal to, and shall be payable only out of, the income and proceeds from the Equipment. As used herein the term "income and proceeds from the Equipment" shall mean (i) if an event of default shall have occurred under Article 15 hereof and while it shall be continuing, so much of the following amounts as are indefeasibly received by the Owner (or any assignee of the Owner) at any time after any event of default and during the continuance thereof: (a) all amounts of rental and all amounts in respect of Casualty Occurrences payable pursuant to the Lease, and (b) any and all other payments or proceeds so received pursuant to the Lease, or for or with respect to the Equipment as the result of the sale, lease or other disposition thereof, after deducting all costs and expenses of such sale, lease or other disposition, and (ii) at any other time only that portion of the amounts referred to in the foregoing clauses (a) and (b) or otherwise payable to the Owner pursuant to the Lease, as are indefeasibly received by the Owner

or any assignee of the Owner and as shall equal the portion of the Conditional Sale Indebtedness and/or interest thereon due and payable by the Owner on the date such amounts so received were required to be paid pursuant to the Lease or as shall equal any other payments (including payments in respect of Casualty Occurrences as defined in Article 7 hereof) then due and payable under this Agreement; it being understood that "income and proceeds from the Equipment" shall in no event include (i) amounts referred to in the foregoing clauses (a) and (b) which were received by the Owner or any assignee of the Owner prior to the existence of such an event of default which exceeded the amounts required to discharge that portion of the Conditional Sale Indebtedness and/or interest thereon due and payable by the Owner on the date on which amounts with respect thereto received by the Owner or any assignee of the Owner were required to be paid pursuant to the Lease or which exceeded any other payments including payments in respect of Casualty Occurrences due and payable under this Agreement at the time such amounts were payable under the Lease (ii) any indemnity payable to the Lessor pursuant to § 6 or § 9 of the Lease which is not required to be paid hereunder to the Assignee, (iii) any liability insurance proceeds payable to the Lessor pursuant to § 7 of the Lease or (iv) any increases in rental and casualty payments and any other payments which may be required by the Indemnity Agreement. The Vendor agrees that if it obtains a judgment against the Owner for an amount in excess of the amounts payable by the Owner pursuant to the limitations set forth in this paragraph, it will, accordingly, limit its execution of such judgment to such amount.

ARTICLE 5. Security Interest in the Equipment.

The Vendor shall and hereby does retain a security interest in the Equipment until the Owner shall have made all its payments under this Agreement (including any payments due and payable under Articles 6 and 13 hereof), notwithstanding any provision of this Agreement limiting the liability of the Owner and notwithstanding the delivery of the Equipment to and the possession and use thereof by the Owner or the Lessee as provided in this Agreement and the Lease; it being understood that, subject thereto, ownership of the Equipment (upon delivery and acceptance thereof) shall pass to and remain in the Owner. Accordingly, after such time as all payments due or to become due hereunder (including any payments due and payable under Articles 6 and 13 hereof) shall have been completed and fully made to or for the account of the Vendor (without regard to the provisions of the last paragraph of Article 4 hereof or Article 21 hereof), (a) such payments

shall be deemed to represent the discharge in full of the Vendor's security interest in the Equipment at such time, (b) absolute right to the possession of, title to and property in the Equipment shall pass to and vest in the Owner without further transfer or action on the part of the Vendor, (c) any moneys remaining in the hands of the Vendor after providing for all outstanding amounts due and payable hereunder and as provided in the first paragraph of Paragraph 9 of the Participation Agreement shall be paid to the Owner, and (d) the Vendor shall execute for recording in public offices such instrument or instruments in writing as reasonably shall be requested by the Owner or the Lessee in order to discharge of record the security interest of the Vendor in, and to make clear upon public records the Owner's full title to, such units of the Equipment under the laws of any jurisdiction; provided, however, that until that time a security interest in the Equipment shall be and remain in the Vendor, notwithstanding the possession and use thereof by the Owner or the Lessee, pursuant to the terms of this Agreement or the Lease.

The Owner hereby waives and releases any and all rights, existing or that may be acquired, in or to the payment of any penalty, forfeit or damages for failure to execute and deliver such instrument or instruments or to file any certificate of payment in compliance with any law or statute requiring the filing of the same, except for failure to execute and deliver such instrument or instruments or to file such certificates within a reasonable time after written demand by the Owner.

The term "Equipment" as used in this Agreement shall not include any special devices or assemblies at any time attached or affixed to any unit of Equipment, the cost or purchase price of which is not included in the Purchase Price of the Equipment and the title to which is in a person other than the Owner.

ARTICLE 6. Taxes. The Owner agrees to pay, or cause to be paid promptly and on written demand to indemnify and hold the Vendor harmless from, all Taxes (as defined in § 6 of the Lease); excluding, however: Taxes of the United States of America or of any state or local government or governmental subdivision or authority thereof and imposed on or measured solely by the net income or excess profits, or taxes computed as a percentage of income tax liabilities, of the party entitled to indemnification, other than Taxes arising out of or imposed in respect of the receipt of indemnification payments pursuant to this Agreement; provided,

however, that the Owner shall not be required to pay any Taxes during the period the Owner may be contesting or causing to be contested the same in good faith and by appropriate proceedings if counsel for the Vendor shall have determined that the nonpayment thereof or the contest thereof in such proceedings does not, in the opinion of such counsel, adversely affect the title, property or rights of the Vendor.

The amount which the Owner shall be required as reasonably may be required by the indemnified party to pay with respect to any Taxes indemnified against pursuant to this Article 6 shall be an amount sufficient to restore the indemnified party to the same after-tax position such indemnified party would have been in had such Taxes not been imposed.

In case any report or return is required to be made with respect to any obligation of the Owner under this Article 6 or arising out of this Article 6, the Owner shall either make such report or return in such manner as will show the interest of the Vendor in the Equipment or shall promptly notify the Vendor of such requirement and shall make such report or return in such manner as shall be satisfactory to the Vendor.

All the obligations of the Owner under this Article 6 shall survive and continue, notwithstanding payment in full of all amounts due under this Agreement, but only with respect to periods included in the term of this Agreement. Payments due from the Owner under this Article 6 shall be made directly to the indemnified party, except to the extent paid to a governmental agency or taxing authority.

The obligations of the Owner under this Article 6 are subject to the limitations contained in the last paragraph of Article 4 hereof and in Article 21 hereof.

The Owner shall furnish or cause to be furnished promptly, upon request, such information and data as are normally available to the Owner and which the Vendor reasonably may require to permit compliance with the requirements of any taxing authorities.

ARTICLE 7. Maintenance; Casualty Occurrences; Insurance. The Owner shall, at its own cost and expense, maintain and keep each unit of the Equipment (including any parts installed on or replacements made to any unit and considered an Addition thereto as provided in § 9 of the

Lease) in good operating order, repair and condition, ordinary wear and tear excepted. Such maintenance shall include the performance of any overhauls required pursuant to standard and prudent railroad requirements (including, but not limited to, the interchange rules of the Association of American Railroads).

In the event that any unit of the Equipment shall be or become lost, stolen, destroyed, irreparably damaged or permanently rendered unfit for use from any cause whatsoever, or taken or requisitioned by condemnation or otherwise resulting in loss of possession thereof by the Lessee for a period of 90 consecutive days, except requisition for use by the United States Government for a period not in excess of the then remaining term of this Agreement (a "Casualty Occurrence") during the term of this Agreement, the Owner shall, promptly after it shall have received notice from the Lessee thereof or otherwise been notified that such unit has suffered a Casualty Occurrence, cause the Vendor to be fully informed in regard thereto. On the interest payment date under Article 4 hereof next succeeding such notice or notification (or, in the event such date will occur within 15 days after delivery of such notice or notification to the Owner, on the following interest payment date), the Owner shall, subject to the limitations contained in the last paragraph of Article 4 hereof, pay to the Vendor an amount equal to the Casualty Value, as hereinafter defined, of such unit suffering a Casualty Occurrence as of the date of such payment. On the date of any such payment, the Owner shall file, or cause to be filed, with the Vendor a certificate setting forth the Casualty Value of such unit.

Upon payment by the Owner to the Vendor of the Casualty Value of any unit of the Equipment having suffered a Casualty Occurrence, the security interest of the Vendor in such unit shall terminate, and absolute right to the possession, of title to and property in such unit shall pass to and vest in the Owner, without further transfer or action on the part of the Vendor, except that the Vendor, if requested by the Owner, will execute and deliver, to the Owner, at the expense of the Owner, an appropriate instrument confirming such termination to the Owner, in recordable form, in order that the Owner may make clear upon the public records the full title of the Owner to such unit.

Any property insurance proceeds or condemnation payments received and retained by the Vendor in respect of units suffering a Casualty Occurrence shall be deducted from

the amounts payable by the Owner to the Vendor in respect of Casualty Occurrences pursuant to this Article. If the Vendor shall receive any property insurance proceeds or condemnation payments in respect of such units suffering a Casualty Occurrence either after the Owner shall have made payments pursuant to this Article without deduction for such property insurance proceeds or condemnation payments, or in excess of the Casualty Value (after taking into account payments by the Owner under this Article) of such units, the Vendor shall promptly pay such property insurance proceeds or condemnation payments to the Owner. All property insurance proceeds or condemnation payments or such excess received by the Vendor in respect of any unit or units of Equipment not suffering a Casualty Occurrence shall be paid to the Owner upon proof satisfactory to the Vendor that the damage to such unit in respect of which such proceeds were paid has been fully repaired.

Any money paid to the Vendor pursuant to this Article shall be applied (after the payment of the interest and principal due on such date) to prepay without penalty or premium, ratably in accordance with the unpaid balance of each installment, the Conditional Sale Indebtedness and the Owner will promptly furnish to the Vendor and the Lessee a revised schedule of payments of principal and interest thereafter to be made, in such number of counterparts as they may request. In the event of the requisition for use by the United States Government of any unit of the Equipment not constituting a Casualty Occurrence, all the Owner's obligations hereunder with respect to such unit shall continue to the same extent as if such requisition had not occurred.

The "Casualty Value" of any unit of Equipment on any date shall be deemed to be an amount computed by multiplying the unpaid principal amount of the Conditional Sale Indebtedness outstanding on such date (after giving effect to any payment in respect thereof due on such date pursuant to Article 4 hereof) by a fraction of which the numerator shall be the Purchase Price of such unit and the denominator shall be the Purchase Price of all units (including such unit) subject to this Agreement on such date.

The Owner will at all times prior to the payment of the Conditional Sale Indebtedness, together with interest thereon and all other payments required hereby, at its own expense, carry and maintain or cause to be carried and maintained public liability insurance at least in amounts and against risks customarily insured against by railroad com-

panies on similar equipment owned by them and in amounts and against risks customarily insured against by the Lessee or any other user of the Equipment in respect of similar equipment owned by it.

ARTICLE 8. Reports and Inspections. On or before April 1 in each year, commencing with the calendar year 1980, the Owner shall cause to be furnished to the Vendor an accurate statement to the effect set forth in § 8 of the Lease. The Vendor, by its agents, shall have the right once in each calendar year, but shall be under no duty, to inspect the records of the Owner with respect to the Equipment, and the Owner covenants in that event to furnish to the Vendor all reasonable facilities for the making of such inspection.

ARTICLE 9. Marking of Equipment. The Owner will cause each unit of the Equipment to be kept numbered and marked as provided in § 5 of the Lease. The Owner shall not change, or permit to be changed, the identifying number of any unit of the Equipment unless and until a statement of new number or numbers to be substituted therefor shall have been filed with the Vendor and duly filed, recorded and deposited by the Owner in all public offices where this Agreement shall have been filed, recorded and deposited.

Except as above provided, the Owner will not allow the name of any person, association or corporation to be placed on the units of the Equipment as a designation that might be interpreted as a claim of ownership; provided, however, that the Owner may permit the Equipment to be lettered with the names, trademarks, initials or other insignia customarily used by the Lessee or the Debtor.

ARTICLE 10. Compliance with Laws and Rules. During the term of this Agreement, the Owner will comply, and will cause every user of the Equipment to comply, in all respects (including, without limitation, with respect to the use, maintenance and operation of the Equipment) with all laws of the jurisdictions in which its or such user's operations involving the Equipment may extend, with the interchange rules of the Association of American Railroads and with all lawful rules of the United States Department of Transportation, the Interstate Commerce Commission and any other legislative, executive, administrative or judicial body exercising any power or jurisdiction over the Equipment, to the extent that such laws and rules affect the title, operation or use of the Equipment, and in the event that such laws or rules require any alteration, replacement, addition or

modification of or to any part of any unit of the Equipment, the Owner will, or will cause the Lessee to, conform therewith at no expense to the Vendor; provided, however, that the Owner or the Lessee may, in good faith, contest or cause to be contested the validity or application of any such law or rule in any reasonable manner which does not, in the reasonable opinion of the Vendor, materially adversely affect the property or rights of the Vendor under this Agreement.

ARTICLE 11. Possession of Equipment. So long as no event of default has occurred and is continuing hereunder and the Vendor is entitled to apply the Payments as set forth in the Consent, the Owner shall be entitled to the possession and use of the Equipment and also to enter into the Lease, and to permit the use of the Equipment as provided in the Lease. The Owner hereby agrees that the Lease (except with respect to rights and payments specifically excluded from any assignment of rights and payments thereunder) and the rights of the Owner to receive rentals and other payments due and to become due thereunder shall be subject and subordinate to this Agreement and to the rights of the Vendor hereunder and under the Consent.

ARTICLE 12. Discharge of Liens. The Owner will pay or discharge any and all sums claimed by any party from, through or under the Owner which, if unpaid, might become a lien, charge or security interest on or with respect to the Equipment, or any unit thereof, or the "income and proceeds from the Equipment" (as defined in Article 4 hereof), and will promptly discharge any such lien, charge or security interest which arises, but shall not be required to pay or discharge any such claim so long as the validity thereof shall be contested in good faith and by appropriate legal proceedings in any reasonable manner and the nonpayment thereof does not, in the reasonable opinion of the Vendor, materially adversely affect the interest of the Vendor in the Equipment, its interest in said income and proceeds from the Equipment, or otherwise under this Agreement. Any amounts paid by the Vendor in discharge of liens, charges or security interests upon the Equipment shall be secured by and under this Agreement.

This covenant will not be deemed breached by reason of liens for taxes, assessments or governmental charges or levies, in each case not due and delinquent, or undetermined or inchoate materialmen's, mechanics', workmen's, repairmen's or other like liens arising in the ordinary course of business and, in each case, not delinquent.

The obligations of the Owner under this Article are subject to the limitations contained in the last paragraph of Article 4 and in Article 21 hereof; provided, however, that the Owner will pay or discharge any and all claims, liens, charges or security interests claimed by any party from, through or under the Owner, not arising out of the transactions contemplated hereby (but including any tax liens arising out of the receipt of rentals and other payments under the Lease or the Participation Agreement), but shall not be required to pay or discharge any such claim so long as the validity thereof shall be contested in good faith and by appropriate legal proceedings in any reasonable manner and the nonpayment thereof does not materially adversely affect the security interest of the Vendor in the Equipment, its interest in said income and proceeds from the Equipment, or otherwise under this Agreement.

ARTICLE 13. Indemnity; Builder's Representations and Warranties. The Owner shall pay, and shall protect, indemnify and hold the Vendor, the Investors and their respective successors, assigns, principals, agents and servants ("Indemnified Persons"), harmless from and against any and all matters which are the subject of indemnity under § 9 of the Lease (Indemnified Matters"); except, however, in the case of the Builder, (i) any losses, damages, injuries, liabilities, claims and demands whatsoever arising out of any tort by the Builder, or out of any breach of warranty or failure to perform any covenant hereunder by the Builder and (ii) any matter covered by the Builder's warranty of material and workmanship and patent indemnification set forth in Item 3 of Annex A hereto. In case any action, suit or proceeding is brought against any Indemnified Person in connection with any Indemnified Matter hereunder, the Owner may and, upon such Indemnified Person's reasonable request will, at the Owner's expense, resist and defend such action, suit or proceeding, or cause the same to be resisted or defended by counsel selected by the Owner and approved by such Indemnified Person and, in the event of any failure by the Owner to do so, the Owner shall pay all costs and expenses (including, without limitation, reasonable attorneys' fees and expenses) incurred by such Indemnified Person in connection with such action, suit or proceeding. The Vendor and the Owner each agree to give each other promptly upon obtaining knowledge thereof written notice of any claim or liability hereby indemnified against. Upon the payment in full of any indemnities as contained in this Article by the Owner, or the making of provision satisfactory to the Indemnified Person for the full payment thereof, and provided that no event of

default set forth in Article 15 hereof (or other event which with lapse of time or notice or both would constitute such an event of default) shall have occurred and be continuing, the Owner shall be subrogated to any right of such Indemnified Person in respect of the matter against which indemnity has been given. Any payments received by such Indemnified Person from any person as a result of any Indemnified Matter with respect to which such Indemnified Person has been indemnified by the Lessee pursuant to the Lease shall be paid over to the Owner to the extent necessary to reimburse the Owner for indemnification payments previously made in respect of such matter.

The indemnities contained in this Article shall survive the expiration or termination of this Agreement with respect to all events, facts, conditions or other circumstances occurring or existing prior to such expiration or termination and are expressly made for the benefit of, and shall be enforceable by, any Indemnified Person. None of the indemnities in this Article shall be deemed to create any rights of subrogation in any insurer or third party against the Owner therefor, from or under any Indemnified Person, whether because of any claim paid or defense provided for the benefit thereof or otherwise.

The Owner will bear the responsibility for and risk of, and shall not be released from its obligations hereunder in the event of, any damage to or the destruction or loss of any unit of or all the Equipment.

The obligations of the Owner under this Article 13 are subject to the limitations contained in the last paragraph of Article 4 and in Article 21 hereof.

The Builder represents and warrants to the Owner and the Assignee, and their respective successors and assigns, that this Agreement is duly authorized by it and lawfully executed and delivered by it for a valid consideration, that, assuming due authorization, execution and delivery by the other parties hereto, this Agreement is, insofar as the Builder is concerned, a legal, valid and existing agreement binding upon and enforceable against the Builder in accordance with its terms. The Builder represents and warrants to the Owner and the Assignee that, at the time of delivery and acceptance of each unit of the Equipment under this Agreement, the Owner will have good title to such unit, free and clear of all claims, liens, security interests and other encumbrances of any nature except only the rights of the Vendor

under this Agreement and the rights of the Lessee under the Lease. The Builder represents and warrants to the Owner and the Assignee that it is not entering into this Agreement, or into any other transaction contemplated by the Participation Agreement, directly or indirectly in connection with any arrangement or understanding by it in any way involving any employee benefit plan (other than a governmental plan) with respect to which it, or, insofar as is known to it, any party hereto or to the Participation Agreement is a party in interest, all within the meaning of the Employee Retirement Income Security Act of 1974, as amended.

The agreement of the parties relating to the Builder's warranty of material and workmanship and the agreement of the parties relating to patent indemnification are set forth in Item 3 of Annex A hereto.

ARTICLE 14. Assignments. Without the prior consent of the Vendor, which consent will not be unreasonably withheld the Owner will not (a) transfer the right to possession of any unit of the Equipment, except as provided in Article 11 hereof, or (b) sell, assign, transfer or otherwise dispose of its rights under this Agreement. Notwithstanding the foregoing, the Owner may (a) transfer the right to possession of any unit of the Equipment, except as provided in Article 11 hereof, or (b) sell, assign, transfer or otherwise dispose of its rights under this Agreement to an Affiliate of the Owner or to a limited partnership (the "Transferee Partnership") of which an Affiliate of the Owner is a corporate general partner, with such general partner having a net worth sufficient to meet the net worth test for a sole corporate general partner of a limited partnership as set forth in Revenue Procedure 72-13; provided, however, that (i) the Vendor shall have received 30 days prior written notice of any such disposition, (ii) the Owner has previously satisfied the provisions of subparagraph (a) of the third paragraph of Article 4 hereof and (iii) the Guarantor and the Owner will remain liable for their respective obligations under the Participation Agreement and the Owner will remain liable for its obligations hereunder and, if the Owner sells, assigns, transfers or otherwise disposes of all of its right, title and interest under this Agreement to a Transferee Partnership, the Transferee Partnership shall assume all of the obligations of the Owner which are due or become due to the Vendor under this Agreement and the Participation Agreement; provided, however, the Guarantor and the Owner agree to cause the assignee to comply with the provisions of the proviso of the last paragraph of Article 12 hereof. Upon a transfer to a Transferee Partnership the obligations of the Transferee Partnership hereunder will be subject to the limitations con-

tained in the last paragraph of Article 4 and in Article 21 hereof other than with respect to the At Risk Amount (as hereinafter defined). In the event that (i) as a result of an event of default under this Agreement the Equipment is sold for a gross sales price of less than \$1,500,000 (the "At Risk Amount") and (ii) the Vendor obtains a final deficiency judgment against the Transferee Partnership, the Transferee Partnership shall be personally liable under this Agreement to the extent that the At Risk Amount exceeds the gross sales price for the Equipment. Furthermore, to the extent that the partners in the Transferee Partnership deliver to the Vendor personal assumptions of all or a portion of the At Risk Amount, the Transferee Partnership and its general partners will not be personally liable on a recourse basis on the At Risk Amount to the extent thereof, and the Vendor will proceed only against such partners on a recourse basis on the At Risk Amount with respect to such amounts so long as such assumptions are in full force and effect; provided, however, the corporate general partners, as general partners of the Transferee Partnership, shall otherwise remain liable in respect of all obligations under this Agreement, including, subject to the limitations provided in Articles 4 and 21 hereof, payment of the Conditional Sale Indebtedness and interest thereon. Whenever the term "the Transferee Partnership" is used in this Article 14, such term shall mean the Transferee Partnership and the partners therein. Notwithstanding the foregoing limitations on personal liability of the Transferee Partnership, the obligations of the Owner set forth in the proviso to the last paragraph of Article 12 hereof shall become the personal obligation of the general partner of the Transferee Partnership. For this purpose, "Affiliate" shall mean any corporation which, directly or indirectly, controls or is controlled by, or is under common control with, the Owner, and "control" as used with respect to any corporation, shall mean the possession, directly or indirectly, or the power to direct or cause the direction of the management and policies of such corporation, whether through the ownership of voting securities or by contract or otherwise.

All or any of the rights, benefits and advantages of the Vendor under this Agreement, including the right to receive the payments herein provided to be made by the Owner, may be assigned by the Vendor and reassigned by any assignee at any time or from time to time. No such assignment shall subject any assignee to, or relieve the Builder from, any of the obligations of the Builder to construct and deliver the Equipment to the Owner in accordance herewith or to respond to its warranties and indemnities contained or referred to in Articles 2 and 13 hereof, or relieve the Owner of its obligations to the Builder contained in Articles 2, 3, 4, 6 and 13 hereof, Annex A hereto and this Article 14, or any other

obligation which, according to its terms or context, is intended to survive an assignment.

Upon any such assignment, either the assignor or the assignee shall give written notice to the Owner, together with a counterpart or copy of such assignment, stating the identity and post office address of the assignee, and such assignee shall, by virtue of such assignment, acquire all the assignor's right, title and interest in and to the Equipment and this Agreement, or in and to a portion thereof, as the case may be, subject only to such reservations as may be contained in such assignment. From and after the receipt by the Owner of the notification of any such assignment, all payments thereafter to be made by the Owner under this Agreement shall, to the extent so assigned, be made to the assignee in such manner as it may direct.

The Owner recognizes that this Agreement will be assigned to the Assignee as provided in the CSA Assignment. The Owner expressly represents, for the purpose of assurance to any person, firm or corporation considering the acquisition of this Agreement or of all or any of the rights of the Vendor hereunder, and for the purpose of inducing such acquisition, that the rights of the Assignee to the entire unpaid indebtedness in respect of the Purchase Price of the Equipment or such part thereof as may be assigned together with interest thereon, as well as any other rights hereunder which may be so assigned, shall not be subject to any defense, set-off, counterclaim or recoupment whatsoever arising out of any breach of any obligation of the Builder with respect to the Equipment or the manufacture, construction, delivery or warranty thereof, or with respect to any indemnity herein contained, nor subject to any defense, setoff, counterclaim or recoupment whatsoever arising by reason of any other indebtedness or liability at any time owing to the Owner by the Builder. Any and all such obligations, howsoever arising, shall be and remain enforceable by the Owner against and only against the Builder.

ARTICLE 15. Defaults. In the event that any one or more of the following events of default shall occur and be continuing, to wit:

(a) the Owner shall fail to pay or cause to be paid in full any sum payable by the Owner when payment thereof shall be due hereunder (irrespective of the

provisions of Article 4 or 21 hereof or any other provision of this Agreement limiting the liability of the Owner) and such default shall continue for 10 days (or 30 days if clause (i) of the last paragraph of § 10 of the Lease is then applicable) after the date such payment is due and payable;

(b) the Owner or the Lessee shall, for more than 30 days after the Vendor shall have demanded in writing performance thereof, fail or refuse to comply with any other covenant, agreement, term or provision of this Agreement (irrespective of the provisions of Article 4 hereof or any other provision of this Agreement limiting the liability of the Owner), the Lease Assignment or any covenant, agreement, term or provision of the Participation Agreement made expressly for the benefit of the Vendor, on its part to be kept and performed or to make provision satisfactory to the Vendor for such compliance;

(c) any proceeding shall be commenced by or against the Owner for any relief which includes, or might result in, any modification of the obligations of the Owner hereunder under any bankruptcy or insolvency laws, or laws relating to the relief of debtors, readjustment of indebtedness, reorganizations, arrangements, compositions or extensions (other than a law which does not permit any readjustment of the obligations of the Owner under this Agreement), and, unless such proceedings shall have been dismissed, nullified, stayed or otherwise rendered ineffective (but then only so long as such stay shall continue in force or such ineffectiveness shall continue), all the obligations of the Owner under this Agreement shall not have been and shall not continue to have been duly assumed in writing, pursuant to a court order or decree, by a trustee or trustees or receiver or receivers appointed (whether or not subject to ratification) for the Owner or for its property in connection with any such proceedings in such manner that such obligations shall have the same status as obligations incurred by such trustee or trustees or receiver or receivers, within 30 days after such appointment, if any, or 60 days after such proceedings shall have been commenced, whichever shall be earlier; or

(d) any Event of Default (as defined in the Lease) shall have occurred and be continuing;

then at any time after the occurrence of such an event of default the Vendor may, upon written notice to the Owner and the Lessee and upon compliance with any legal requirements then in force and applicable to such action by the Vendor, (i) cause the Lease immediately upon such notice to terminate (and the Owner acknowledges the right of the Vendor to terminate the Lease), but without affecting the indemnities which by the provisions of the Lease survive its or their termination and/or (ii) declare (hereinafter called a "Declaration of Default") the entire unpaid Conditional Sale Indebtedness, together with the interest thereon then accrued and unpaid, immediately due and payable, without further demand, and thereafter the aggregate of the unpaid balance of such indebtedness and interest shall bear interest from the date of such Declaration of Default at the rate per annum specified in Article 4 hereof as being applicable to amounts remaining unpaid after becoming due and payable, to the extent legally enforceable. Upon a Declaration of Default, the Vendor shall be entitled to recover judgment for the entire unpaid balance of the Conditional Sale Indebtedness so payable, with interest as aforesaid, and to collect such judgment out of any property of the Owner, subject to the provisions of Articles 4 and 21 hereof, wherever situated. The Owner shall promptly notify the Vendor of any event which has come to its attention which constitutes, or with the giving of notice and/or lapse of time would constitute, an event of default under this Agreement.

The Vendor may, at its election, waive any such event of default and its consequences and rescind and annul any Declaration of Default or notice of termination of the Lease by notice to the Owner and the Lessee in writing to that effect, and thereupon the respective rights of the parties shall be as they would have been if no such event of default had occurred and no Declaration of Default or notice of termination of the Lease had been made or given. Notwithstanding the provisions of this paragraph, it is expressly understood and agreed by the Owner that time is of the essence of this Agreement and that no such waiver, rescission or annulment shall extend to or affect any other or subsequent default or impair any rights or remedies consequent thereon.

ARTICLE 16. Remedies. At any time during the continuance of a Declaration of Default, the Vendor may, and upon such further notice, if any, as may be required for

compliance with any mandatory legal requirements then in force and applicable to the action to be taken by the Vendor, take or cause to be taken, by its agent or agents, immediate possession of the Equipment, or one or more of the units thereof, without liability to return to the Owner any sums theretofore paid and free from all claims whatsoever, except as hereinafter in this Article 16 expressly provided, and may remove the same from possession and use of the Owner or any other person and for such purpose may enter upon the premises of the Owner or any other premises where the Equipment may be located and may use and employ in connection with such removal any supplies, services and aids and any available trackage and other facilities or means of the Owner, subject to all mandatory requirements of due process of law.

In case the Vendor shall demand possession of the Equipment pursuant to this Agreement and shall designate a reasonable point or points for the delivery of the Equipment to the Vendor upon the lines of the Lessee, the Owner shall, at its own expense and risk:

(a) forthwith and in the usual manner (including, but not by way of limitation, causing prompt telegraphic and written notice to be given to all railroads which may have possession of any unit or units of the Equipment to return the unit or units) cause the Equipment to be placed upon such storage tracks on the lines of the Lessee as the Vendor reasonably may designate;

(b) permit the Vendor to store the Equipment on such tracks on the lines of the Lessee without charge for insurance, rent or storage until the Equipment has been sold, leased or otherwise disposed of by the Vendor; and

(c) cause the Equipment to be transported to such interchange point or points with the lines of the Lessee as directed by the Vendor upon any sale, lease or other disposal of all or any of the Equipment.

During any storage period, the Owner will, at its own cost and expense, insure, maintain and keep each such unit in good order and repair and will permit the inspection of the Equipment by the Vendor, the Vendor's representatives and prospective purchasers, lessees and users. This agreement

to deliver the Equipment and furnish facilities as hereinbefore provided is of the essence of the agreement between the parties, and upon the application to any court of equity having jurisdiction in the premises, the Vendor shall be entitled to a decree of specific performance hereof. The Owner hereby expressly waives any and all claims against the Vendor and its agent or agents for damages of whatever nature in connection with any retaking of any unit of the Equipment in any reasonable manner.

At any time during the continuance of a Declaration of Default, the Vendor (after retaking possession of the Equipment as hereinbefore in this Article 16 provided) may, upon the notice and procedures as are hereinafter set forth, retain the Equipment in satisfaction of the entire Conditional Sale Indebtedness and make such disposition thereof as the Vendor shall deem fit. Written notice of the Vendor's election to retain the Equipment shall be given to the Owner and the Lessee by telegram or registered mail, addressed as provided in Article 20 hereof, and to any other persons to whom the law may require notice, within 30 days after such Declaration of Default. In the event that the Vendor shall elect to retain the Equipment and the Owner does not object thereto in writing as described in the second proviso below, all the Owner's rights in the Equipment shall thereupon terminate and all payments made by the Owner or for its account may be retained by the Vendor as compensation for the use of the Equipment and the Owner shall have no further rights or obligations hereunder; provided, however, that if the Owner, before the expiration of the 30-day period described in the proviso below, should pay or cause to be paid to the Vendor the total unpaid balance of the Conditional Sale Indebtedness, together with interest thereon accrued and unpaid and all other payments due under this Agreement, then in such event absolute right to the possession of, title to and property in the Equipment shall pass to and vest in the Owner; provided, further, that if the Owner, the Lessee or any other persons notified under the terms of this paragraph object in writing to the Vendor within 30 days from the receipt of notice of the Vendor's election to retain the Equipment, then the Vendor may not so retain the Equipment, but shall sell, lease or otherwise dispose of it or continue to hold it pending sale, lease or other disposition as hereinafter provided or as may otherwise be permitted by law. If the Vendor shall not have given notice to retain as hereinabove provided or notice of intention to dispose of the Equipment in any other manner, it shall be deemed to have

elected to sell the Equipment in accordance with the provisions of this Article 16.

At any time during the continuance of a Declaration of Default, the Vendor, with or without retaking possession thereof, at its election and upon 30 days notice to the Owner, the Lessee and any other persons to whom the law may require notice of the time and place, may sell or contract to sell the Equipment, or one or more of the units thereof, free from any and all claims of the Owner, the Lessee or any other party claiming from, through or under the Owner or the Lessee, at law or in equity, at public or private sale and with or without advertisement as the Vendor may determine; provided, however, that if, prior to such sale and prior to the making of a contract for such sale, the Owner should tender full payment of the total unpaid balance of the Conditional Sale Indebtedness, together with interest thereon accrued and unpaid and all other payments due under this Agreement as well as expenses of the Vendor in retaking possession of, removing, storing, holding and preparing the Equipment for, and otherwise arranging for, the sale and the Vendor's reasonable attorneys' fees, then upon receipt of such payment, expenses and fees by the Vendor, absolute right to the possession of, title to and property in the Equipment shall pass to and vest in the Owner. The proceeds of such sale or other disposition, less the attorneys' fees and any other expenses incurred by the Vendor in retaking possession of, removing, storing, holding, preparing for sale and selling or otherwise disposing of the Equipment, shall be credited on the amount due to the Vendor under the provisions of this Agreement.

Any sale hereunder may be held or conducted at New York, New York, at such time or times as the Vendor may specify (unless the Vendor shall specify a different place or places, in which case the sale shall be held at such place or places as the Vendor may specify), in one lot and as an entirety or in separate lots and without the necessity of gathering at the place of sale the property to be sold, and in general in such manner as the Vendor may determine, so long as such sale shall be conducted in a commercially reasonable manner. The Vendor and the Owner may bid for and become the purchaser of the Equipment, or any unit thereof, so offered for sale. The Owner and the Lessee shall be given written notice of such sale or the making of a contract for such sale not less than 30 days prior thereto, by telegram or registered mail addressed as provided in Article 20 hereof. If such sale shall be a private sale (which shall be deemed

to mean only a sale where an advertisement for bids has not been published in a newspaper of general circulation or a sale where less than 40 offerees have been solicited in writing to submit bids), it shall be subject to the rights of the Owner to purchase or provide a purchaser, within 15 days after notice of the proposed sale price, at the same price offered by the intending purchaser or a better price. In the event that the Vendor shall be the purchaser of the Equipment, it shall not be accountable to the Owner or the Lessee (except to the extent of surplus money received as herein-after provided in this Article 16), and in payment of the purchase price therefor the Vendor shall be entitled to have credited on account thereof all or any part of sums due to the Vendor hereunder.

Each and every power and remedy hereby specifically given to the Vendor shall be in addition to every other power and remedy hereby specifically given or now or hereafter existing at law or in equity, and each and every power and remedy may be exercised from time to time and simultaneously and as often and in such order as may be deemed expedient by the Vendor except that the Vendor shall not be deemed to have the power or remedy to retain the Equipment in satisfaction of the Conditional Sale Indebtedness except as specifically provided in this Article 16. All such powers and remedies shall be cumulative, and the exercise of one shall not be deemed a waiver of the right to exercise any other or others. No delay or omission of the Vendor in the exercise of any such power or remedy and no renewal or extension of any payments due hereunder shall impair any such power or remedy or shall be construed to be a waiver of any default or an acquiescence therein. Any extension of time for payment hereunder or other indulgence duly granted to the Owner or the Lessee shall not otherwise alter or affect the Vendor's rights or the Owner's obligations hereunder. The Vendor's acceptance of any payment after it shall have become due hereunder shall not be deemed to alter or affect the Owner's obligations or the Vendor's rights hereunder with respect to any subsequent payments or default therein.

If, after applying all sums of money realized by the Vendor under the remedies herein provided, there shall remain any amount due to it under the provisions of this Agreement, the Owner shall, subject to the limitations of the last paragraph of Article 4 and Article 21 hereof, pay the amount of such deficiency to the Vendor upon demand, together with interest thereon from the date of such demand to the date of payment at the rate per annum specified in Article 4 hereof as being applicable to amounts remaining unpaid after

becoming due and payable, and, if the Owner shall fail to pay such deficiency, the Vendor may bring suit therefor and shall, subject to the limitations of the last paragraph of Article 4 hereof, be entitled to recover a judgment therefor against the Owner. If, after applying as aforesaid all sums realized by the Vendor, there shall remain a surplus in the possession of the Vendor, such surplus shall be paid to the Owner.

The Owner will pay all reasonable compensation and expenses, including reasonable attorneys' fees, incurred by the Vendor in enforcing its remedies under the terms of this Agreement. In the event that the Vendor shall bring any suit to enforce any of its rights hereunder and shall be entitled to judgment, then in such suit the Vendor may recover reasonable compensation and expenses, including reasonable attorneys' fees, and the amount thereof shall be included in such judgment. The foregoing provisions of this paragraph shall be subject to the limitations of the last paragraph of Article 4 and Article 21 hereof.

The foregoing provisions of this Article 16 are subject in all respects to all mandatory legal requirements at the time in force and applicable thereto.

ARTICLE 17. Applicable State Laws. Any provision of this Agreement prohibited by any applicable law of any jurisdiction shall as to such jurisdiction be ineffective, without modifying the remaining provisions of this Agreement. Where, however, the conflicting provisions of any such applicable law may be waived, they are hereby waived by the Owner to the full extent permitted by law, it being the intention of the parties hereto that this Agreement shall be deemed to be a conditional sale and enforced as such.

Except as otherwise provided in this Agreement, the Owner, to the full extent permitted by law, hereby waives all statutory or other legal requirements for any notice of any kind, notice of intention to take possession of or to sell or lease the Equipment, or any one or more units thereof, and any other requirements as to the time, place and terms of the sale or lease thereof, any other requirements with respect to the enforcement of the Vendor's rights under this Agreement and any and all rights of redemption.

ARTICLE 18. Recording. The Owner will, (a) promptly after the execution and delivery of this Agreement,

any assignments hereof, the Lease, the Lease Assignment and each supplement hereto and thereto, respectively, cause this Agreement, any assignments hereof, the Lease, the Lease Assignment and each such supplement to be duly filed and recorded with the Interstate Commerce Commission in accordance with 49 U.S.C. § 11303; and deposited with the Registrar General of Canada (notice of such deposit to be forthwith given in The Canada Gazette) pursuant to Section 86 of the Railway Act of Canada; and from time to time do and perform any other act and execute, acknowledge, deliver and file, register and record any and all further instruments required by law or reasonably requested by the Vendor for the purposes of proper protection of the security interest of the Vendor.

ARTICLE 19. Article Headings; Effect and Modification of Agreement. All article headings are inserted for convenience only and shall not affect any construction or interpretation of this Agreement.

This Agreement, including the Annexes hereto, exclusively and completely states the rights of the Vendor and the Owner with respect to the Equipment and supersedes all other agreements, oral or written, with respect to the Equipment. No variation or modification of this Agreement and no waiver of any of its provisions or conditions shall be valid unless in writing and signed by duly authorized representatives of the Vendor and the Owner.

ARTICLE 20. Notice. Any notice hereunder to any of the parties designated below shall be deemed to be properly served if delivered or mailed to it by registered mail, postage prepaid, at the following addresses:

(a) to the Owner, at 295 Madison Avenue, New York, N. Y. 10017, Attention of Stephen Goldsmith, with a copy to Benjamin D. Fein, Esq., Messrs. Rosenman Colin Freund Lewis & Cohen, 575 Madison Avenue, New York, N. Y. 10022,

(b) to First Security Bank of Utah, N.A., as the Assignee or as the Vendor, at 79 South Main Street (Suite 310), Salt Lake City, Utah 84111, Attention of Trust Division, Corporate Trust Department,

(c) to PACCAR, Inc., at its address specified in Item 1 of Annex A hereto,

(d) to the Lessee at Iron Horse Park, North Billerica, Massachusetts 01862, Attention of Manager, Equipment and Service,

(e) to any assignee of the Vendor, or of the Owner, at such address as may have been furnished in writing to the Owner, or the Vendor, as the case may be, and to the Lessee, by such assignee,

or at such other address as may have been furnished in writing by such party to the other parties to this Agreement.

ARTICLE 21. Satisfaction of Undertakings. The obligations of the Owner under the second and eighth paragraphs of Article 16 and under Articles 3, 6, 7, 8, 9, 10, 12 (other than the proviso to the last paragraph thereof) and 13 hereof shall be deemed in all respects satisfied by the Lessee's undertakings contained in the Lease as long as the Lease is in full force and effect. The Owner shall not have any responsibility for the Lessee's failure to perform such obligations, but if the same shall not be performed or cured as permitted hereby they shall constitute the basis for an event of default hereunder pursuant to Article 15 hereof. So long as any Conditional Sale Indebtedness remains outstanding, no waiver or amendment by the Owner of the Lessee's undertakings under the Lease shall be effective unless joined in by the Vendor.

ARTICLE 22. Law Governing. The terms of this Agreement and all rights and obligations hereunder shall be governed by the laws of the State of New York; provided, however, that the parties shall be entitled to all rights conferred by 49 U.S.C. § 11303 and Section 86 of the Railway Act of Canada, such additional rights, if any, arising out of the filing, recording or deposit hereof and of any assignment hereof as shall be conferred by the laws of the several jurisdictions in which this Agreement or any assignment hereof as shall be filed, recorded or deposited or in which any unit of Equipment shall be located, and such rights, if any, arising out of the marking of Equipment.

ARTICLE 23. Execution. This Agreement may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute but one and the same contract, which shall be sufficiently evidenced by any such original counterpart. Although this Agreement is dated, for

convenience, as of the date first set forth above, the actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

IN WITNESS WHEREOF, the parties hereto have executed or caused this instrument to be executed all as of the date first above written.

Conditional Sale Agreement

- Item 1: PACCAR, Inc., 1400 North 4th Street, Renton, Washington 98055, Attention of Monica J. Stover, Contract Administration, with a copy to the PACCAR General Counsel, P. O. Box 1518, Bellevue, Washington 98009.
- Item 2: The Equipment shall be settled for in not more than two Groups.
- Item 3: (a) The Builder warrants to the Owner that the units of the Equipment will be built in accordance with the Specifications and with the other requirements, specifications and standards set forth or referred to in Article 2 of the Conditional Sale Agreement (the "Agreement") and warrants that its Equipment will be free from defects in material (except as to specialties incorporated therein which were specified or supplied by the Lessee and not manufactured by the Builder) and workmanship or design (except as to designs specified by the Lessee and not developed or purported to be developed by the Builder) under normal use and service; the Builder's obligation under this paragraph being limited to making good at its plant (or at the option of the Builder at a place designated by the Builder and agreed upon by the Lessee) any part or parts of any unit of Equipment which shall be returned to the Builder within two years after delivery of such unit, or as to which written notice of such defect has been given by the Lessee to the Builder within two years after delivery of such unit and which part or parts are returned within 90 days after such notice to the Builder, provided that the Builder's examination shall disclose to its reasonable satisfaction such part or parts to have been thus defective. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND OF ALL OTHER OBLIGATIONS OR LIABILITIES ON THE PART OF THE BUILDER, EXCEPT FOR ITS OBLIGATIONS UNDER ARTICLES 2, 3, 4 AND 13 OF THE AGREEMENT AND THIS ANNEX A. The Builder neither assumes nor authorizes any person to assume for it any other liability in connection with the

construction and delivery of its Equipment, except for the patent indemnification in Item 3(b) below and as aforesaid. The rights of the Owner under the foregoing warranty shall be its sole and exclusive remedy and Builder will have no liability for lost profits or for incidental, consequential or commercial losses.

The Builder further agrees that neither the inspection as provided in Article 3 of the Agreement, nor any examination or acceptance of any units of its Equipment as provided in said Article 3, shall be deemed a waiver or modification by the Lessee of any of its rights under this Item 3(a) or Item 3(b) below.

It is further understood and agreed that the word "design(s)" as used herein or in Item 3(b) below and the word "specialties" as used herein shall be deemed to include articles, materials, systems, formulae and processes.

The Owner agrees with the Builder that, so long as there has been no termination of the Lease or event of default thereunder, the obligations of the Builder to the Owner under the foregoing warranty shall be deemed satisfied if the performance of said obligations by the Builder is satisfactory to the Lessee.

(b) Except in case of designs, processes or combinations specified by the Lessee and not developed or purported to be developed by the Builder, and articles and materials specified by the Lessee and not manufactured by the Builder, the Builder agrees to indemnify, protect and hold harmless the Lessee and the Owner from and against any and all liability, claims, demands, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Lessee or the Owner because of the use in or about the construction or operation of its Equipment, or any unit thereof, of any design, process, combination, article or material infringing or claimed to infringe on any patent or other right. The Lessee, as a condition to its being a third-party bene-

ficiary of the Agreement, likewise will indemnify, protect and hold harmless the Builder from and against any and all liability, claims, demands, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Builder because of the use in or about the construction or operation of its Equipment, or any unit thereof, of any design, process or combination specified by the Lessee and not developed or purported to be developed by the Builder, or article or material specified by the Lessee and not manufactured by the Builder, which infringes or is claimed to infringe on any patent or other right. The Builder agrees to and hereby does, to the extent legally possible without impairing any claim, right or cause of action hereinafter referred to, transfer, assign, set over and deliver to the Lessee every claim, right and cause of action which the Builder has or hereafter shall have against the originator or seller or sellers of any design, process, combination, article or material specified by the Lessee and used by the Builder in or about the construction or operation of its Equipment, or any unit thereof, on the ground that any such design, process, combination, article or material or operation thereof infringes or is claimed to infringe on any patent or other right, and the Builder further agrees to execute and deliver to the Lessee all and every such further assurances as may be reasonably requested by them more fully to effectuate the assignment, transfer and delivery of every such claim, right and cause of action. The Lessee, as a condition to its being a third-party beneficiary of the Agreement, will give notice to the Builder of any claim known to the Lessee on the basis of which liability may be charged against the Builder hereunder and the Builder will give notice to the Lessee of any claim known to the Builder, as the case may be, on the basis of which liability may be charged against the Lessee hereunder.

- Item 4: The Maximum Purchase Price referred to in Article 4 of the Agreement is \$8,400,000 plus 100/80 of the amount, if any, by which the Investors' commitments are increased pursuant to Paragraph 2 of the Participation Agreement.

Item 5: The Maximum Conditional Sale Indebtedness referred to in Article 4 of the Agreement is \$6,750,000 plus the amount, if any, by which the Investors' commitments are increased pursuant to Paragraph 2 of the Participation Agreement.

LEASE OF RAILROAD EQUIPMENT dated as of August 1, 1979, between ROBERT W. MESERVE AND BENJAMIN H. LACY, TRUSTEES OF THE PROPERTY OF BOSTON AND MAINE CORPORATION, DEBTOR (such Trustees being hereinafter called the "Lessee" and such corporation being hereinafter called the "Debtor"), and ARLINGTON-INTEGRATED (RAIL), INC., a Delaware corporation (the "Lessor").

On March 12, 1970, a petition was filed for the reorganization of the Debtor under Section 77 of the Bankruptcy Act in the United States District Court for the District of Massachusetts (the "Court") and such petition was duly approved as properly filed by the Court (the proceedings with respect thereto being hereinafter called the "Reorganization Proceedings") and Robert W. Meserve and Benjamin H. Lacy were duly qualified as Trustees of the property of the Debtor on May 18, 1970 and on August 3, 1973, respectively.

The Lessor has entered or will enter into a conditional sale agreement (the "Security Document") with PACCAR, Inc. (the "Builder"), pursuant to which the Lessor has agreed or will agree to purchase and take delivery of the railroad equipment described in Schedule A hereto (the "Equipment").

To induce Lessor to purchase the Equipment the Lessee agrees (i) to lease from the Lessor all units of the Equipment as are delivered and accepted and settled for as shall be described in one or more certificates of acceptance in the form provided by Lessor (a "Certificate of Acceptance") at the rentals and for the term and upon the conditions hereinafter provided (each such unit so leased being hereinafter called a "Unit") and (ii) to indemnify the Lessor for certain tax losses should they occur pursuant to a Tax Indemnity Agreement dated as of the date hereof (the "Indemnity Agreement").

NOW, THEREFORE, in consideration of the rentals to be paid and the covenants hereinafter mentioned to be kept and performed by the Lessee, the Lessor hereby agrees to lease the Units to the Lessee upon the following terms and conditions:

§ 1. Net Lease. This Lease is a net lease. The Lessee's obligation to pay all rentals and other amounts

hereunder shall be absolute and unconditional and, except as herein provided, the Lessee shall not be entitled to any abatement of rent or any other amounts due hereunder, reduction thereof or setoff against rent or such other amounts, including, but not limited to, abatements, reductions, counterclaims or setoffs due or alleged to be due by reason of any past, present or future claims whatsoever of the Lessee against the Lessor, whether under this Lease, under the Security Document or otherwise, including the Lessee's rights by subrogation hereunder or thereunder against the Lessor or the Builder or otherwise; nor, except as otherwise expressly provided herein, shall this Lease terminate, or the respective obligations of the Lessor or the Lessee be otherwise affected, by reason of any defect in or damage to or loss of possession or loss of use or destruction of all or any of the Units from whatsoever cause, any liens, encumbrances or rights of others with respect to any of the Units, the prohibition of or other restriction against the Lessee's use of all or any of the Units, the interference with such use by any person or entity, the invalidity or unenforceability or lack of due authorization of this Lease, any insolvency of or bankruptcy, reorganization or similar proceeding against the Lessee, or for any other cause whether similar or dissimilar to the foregoing, any present or future law to the contrary notwithstanding, it being the intention of the parties hereto that the rents and other amounts payable by the Lessee hereunder shall continue to be payable in all events in the manner and at the times herein provided unless the obligation to pay the same shall be terminated pursuant to the express provisions of this Lease. To the extent permitted by applicable law, the Lessee hereby waives any and all rights which it may now have or which at any time hereafter may be conferred upon it, by statute or otherwise, to terminate, cancel, quit or surrender the lease of any of the Units except in accordance with the express terms hereof. Each rental or other payment made by the Lessee as required by the terms of this Lease shall be final and the Lessee shall not seek to recover all or any part of such payment from the Lessor for any reason whatsoever.

§ 2. Delivery and Acceptance of Units. The Lessor hereby appoints the Lessee its agent for inspection and acceptance of the Units. Each delivery of a Unit to the Lessor under the Security Document shall be deemed to be a delivery hereunder to the Lessee at the point or points within the United States of America at which such Unit is delivered to the Lessor under the Security Document. Upon delivery of a Unit, the Lessee will cause an employee or

agent of the Lessee to inspect the same, and if such Unit is found to be acceptable, to accept delivery of such Unit on behalf of the Lessor from the Builder and itself hereunder and to execute and deliver to the Lessor a Certificate of Acceptance stating that such Unit has been inspected and accepted on behalf of the Lessee and the Lessor on the date of such Certificate of Acceptance and is marked in accordance with § 5 hereof, whereupon, except as provided in the next sentence hereof, such Unit shall be deemed to have been delivered to and accepted by the Lessee and shall be subject thereafter to all the terms and conditions of this Lease. The inspection and approval and the delivery, inspection and acceptance hereunder of any unit of Equipment not purchased by the Lessor pursuant to the Security Document shall be null and void and ineffective to subject such Unit to this Lease. The Lessee hereby represents and warrants to the Lessor that no Unit shall be put into service earlier than the date of delivery to and acceptance by the Lessee or its agent as agent for the Lessor hereunder.

§ 3. Rentals. With respect to each Unit subject to this Lease, the Lessee will pay to the Lessor as (i) basic rentals 180 consecutive monthly payments, payable on the 15th day of the month in advance, commencing October 15, 1979, and (ii) interim rental one payment on October 15, 1979. Each monthly basic rental payment shall be in an amount equal to 1.0% of the Purchase Price (defined to be the amount set forth in a Builder's invoice with respect to such Unit and approved by the Lessee) of each Unit subject to this Lease on the date of such payment. The interim rental payment shall be in an amount equal to the product of the Purchase Price of each Unit subject to this Lease on the date of payment multiplied by 0.0334% for each day elapsed from and including the date the Builder is paid the Purchase Price with respect to such Unit under the Security Document (the "Closing Date") for such Unit to, but excluding, October 15, 1979.

If any of the monthly rental payment dates referred to above is not a business day in Boston, Massachusetts, the monthly rental payment otherwise payable on such date shall then be payable on the next succeeding business day.

§ 4. Term of Lease. The term of this Lease as to each Unit shall begin on the date of delivery and acceptance of such Unit hereunder and, subject to the provisions of §§ 7, 10 and 13 hereof, shall terminate on October 15, 1994.

§ 5. Identification Marks. The Lessee will cause each Unit to be kept numbered with the identifying number set forth in Schedule A hereto, or in the case of any Unit not there listed such identifying number as shall be set forth in any amendment or supplement hereto extending this Lease to cover such Unit, and will keep and maintain or cause to be kept and maintained, plainly, distinctly, permanently and conspicuously marked on each side of each Unit, in letters not less than one inch in height, the words, "OWNER-SHIP SUBJECT TO A SECURITY AGREEMENT FILED WITH THE INTER-STATE COMMERCE COMMISSION", or other appropriate words designated by the Lessor, with appropriate changes thereof and additions thereto as from time to time may be required by law or reasonably requested in order to protect the Lessor's title to and interest in such Unit and the rights of the Lessor under this Lease. The Lessee will not place or permit any such Unit to be placed in operation or exercise any control or dominion over the same until such words shall have been so marked on both sides thereof and, at its expense, will replace or cause to be replaced promptly any such name and words which may be removed, defaced, obliterated or destroyed. The Lessee will not change or permit to be changed the identifying number of any Unit unless and until (i) a statement of new number or numbers to be substituted therefor shall have been filed with the Lessor and duly filed, recorded and deposited by the Lessee in all public offices where this Lease and the Security Document shall have been filed, recorded and deposited and (ii) the Lessee shall have furnished the Lessor an opinion of counsel to the effect that such statement has been so filed, recorded and deposited, such filing, recordation and deposit will protect the Lessor's interests in such Units and no filing, recording, deposit or giving of notice with or to any other Federal, state or local government or agency thereof is necessary to protect the interests of the Lessor in such Units.

Except as above provided, the Lessee will not allow the name of any person, association or corporation to be placed on any Unit as a designation that might be interpreted as a claim of ownership; provided, however, that the Lessee may permit the Equipment to be lettered with the names, trademarks, initials or other insignias customarily used by the Lessee or its affiliates, on railroad equipment used by them of the same or a similar type for convenience of identification of their respective rights to use the Equipment.

§ 6. Taxes. The Lessee agrees to pay or cause to be paid promptly, and on written demand to indemnify and hold the Lessor harmless from, all income, gross receipts, franchise, sales, use, property, ad valorem, value added, leasing, leasing use, stamp, excise or other taxes, assessments, fees and charges of any nature whatsoever, together with any penalties, fines, additions to tax or interest thereon, howsoever imposed, whether levied or imposed upon the Lessor, the Lessee or any Unit by any Federal, state or local government or governmental subdivision in the United States or by any foreign country or subdivision thereof, upon or with respect to the manufacture, purchase, ownership, delivery, leasing, possession, use, operation, transfer of title, return or other disposition thereof; the rentals, receipts or earnings arising therefrom; this Lease or the transactions contemplated by this Lease (all such taxes, assessments, fees, charges, penalties, fines, additions to tax and interest imposed as aforesaid being hereinafter called "Taxes"); excluding, however: Taxes of the United States or of any state or local government or governmental subdivision or authority thereof imposed on or measured solely by the net income or excess profits of the party entitled to indemnification, other than Taxes arising out of or imposed in respect of the receipt of indemnification payments pursuant to this Lease; provided, however, that the Lessee shall not be required to pay any Taxes during the period it may be contesting or causing to be contested the same in good faith and by appropriate proceedings if counsel for the Lessor shall have determined that the nonpayment thereof or the contest thereof in such proceedings does not, in the opinion of such counsel, adversely affect the title, property or rights of the Lessor.

The amount which the Lessee shall be required as reasonably determined by the indemnified party to pay with respect to any Taxes indemnified against pursuant to this § 6, shall be an amount sufficient to restore the indemnified party to the same after-tax position such indemnified party would have been in had such Taxes not been imposed.

In case any report or return is required to be made with respect to any obligation of the Lessee under this § 6 or arising out of this § 6, the Lessee shall either make or cause to be made such report or return in such manner as will show the interests of the Lessor in the Units, or shall promptly notify or cause to be notified the Lessor of such requirement and shall make or cause to be made, at its own expense, such report or return in such manner as shall be satisfactory to the Lessor.

The Lessee shall furnish or cause to be furnished promptly, upon request, such information and data as are normally available to the Lessee and which the Lessor reasonably may require to permit compliance with the requirements of any taxing authorities.

§ 7. Payment for Casualty Occurrences; Insurance.

In the event that any Unit shall be or become lost, stolen, destroyed, irreparably damaged, or permanently rendered unfit for use from any cause whatsoever, or taken or requisitioned by condemnation or otherwise resulting in loss of possession by the Lessee for a period of 90 consecutive days, except requisition for use by the United States Government for a period not in excess of the then remaining term of this Lease (each such occurrence being hereinafter called a "Casualty Occurrence"), during the term of this Lease, or until such Unit shall have been returned in the manner provided in § 11 or 14 hereof, the Lessee shall promptly and fully notify or cause to be notified the Lessor with respect thereto. On the rental payment date next succeeding the delivery of such notice (or, in the event such rental payment date will occur within 15 days after delivery of notice, on the following rental payment date), the Lessee shall pay or cause to be paid to the Lessor an amount equal to the rental payment or payments in respect of such Unit due and payable on such date plus a sum equal to the Casualty Value of such Unit as of such Casualty Occurrence (the "Calculation Date"). Upon the making of such payment by or on behalf of the Lessee in respect of any Unit, the rental for such Unit shall cease to accrue as of the date of such payment, the term of this Lease as to such Unit shall terminate and (except in the case of the loss, theft or complete destruction of such Unit) the Lessor shall be entitled to recover possession of such Unit.

The Lessor hereby appoints the Lessee its agent to dispose of any Unit suffering a Casualty Occurrence or any component thereof, before or after the expiration of this Lease, at the best price obtainable on an "as is, where is" basis. Provided that the Lessee has previously paid the Casualty Value to the Lessor and no Event of Default hereunder, or event which with notice or lapse of time or both would constitute such an Event of Default, shall have occurred and be continuing, the Lessee shall be entitled to retain the proceeds of such sale to the extent they do not exceed the Casualty Value of such Unit, and shall pay any excess to the Lessor. If any such Event of Default or event

has occurred and is continuing, the Lessee shall promptly pay all such proceeds to the Lessor.

The Casualty Value of each Unit as of the Calculation Date for each such Unit shall be that percentage of the Purchase Price of each Unit as is set forth in Item I of Schedule B hereto opposite such date. The aforesaid percentages have been computed without regard to recapture of the Investment Credit pursuant to section 38 of the Code. Consequently, the Casualty Value of any Unit suffering a Casualty Occurrence during the period preceding the third, fifth or seventh anniversary of the date of delivery and acceptance of such Unit shall be increased by the applicable percentage of the Purchase Price set forth in Item II of Schedule B hereto and such additional amounts, if any, shall be included within the meaning of the term "Casualty Value" as used herein.

In the event of the requisition for use of any Unit during the term of this Lease or any renewal thereof, unless such requisition shall constitute a Casualty Occurrence, all of the Lessee's obligations under this Lease with respect to such Unit shall continue to the same extent as if such requisition had not occurred. All payments received by the Lessor or the Lessee from the requisitioning authority for the use of such Unit during the term of this Lease shall be paid over to, or retained by, the Lessee provided no Event of Default, or event which with notice or lapse of time or both would constitute an Event of Default, shall have occurred and be continuing; and all payments received by the Lessor or the Lessee from the requisitioning authority for the use of such Unit after the term of this Lease, shall be paid over to, or retained by, the Lessor.

As between the Lessee and Lessor, the Lessee will bear the responsibility for and risk of damage to or destruction or loss of any Unit. Except as hereinabove in this § 7 provided, the Lessee shall not be released from its obligations hereunder in the event of, and shall bear the risk of, any Casualty Occurrence to any Unit from and after delivery and acceptance thereof by the Lessee hereunder.

The Lessee will, at all times prior to the return of the Equipment to the Lessor in accordance with the terms of this Lease (including the storage period provided under §§ 11 and 14 hereof), maintain or cause to be maintained, at its own expense, public liability, property and casualty insurance in respect of the Units at the time

subject hereto, at least in amounts and against risks customarily insured against by railroad companies on similar equipment owned by them and in amounts and against risks customarily insured against by the Lessee on similar equipment owned by it. The proceeds of such insurance shall be payable to the Lessor and the Lessee as their respective interests may appear.

The Lessee shall obtain from each insurer under the paragraph immediately above an agreement, by endorsement or separate instrument, that such insurer will give the Lessor 30 days' written notice before such insurer's policy shall be materially altered or canceled or not renewed. On or prior to the delivery and acceptance of any Unit hereunder, and in January of each year, the Lessee shall, to the extent applicable under the next preceding paragraph, deliver to the Lessor a certificate of insurance by or on behalf of each insurer stating the coverage, named insureds and limits of each such policy.

§ 8. Reports. On or before April 1 in each year, commencing with the calendar year 1980, the Lessee will furnish or cause to be furnished to the Lessor an accurate statement (a) setting forth as at the preceding December 31 the amount, description and numbers of all Units then leased hereunder, the amount, description and numbers of all Units that have suffered a Casualty Occurrence during the preceding calendar year or, in the case of the first such statement, since the date of this Lease (specifying the dates of such Casualty Occurrences) or to the knowledge of the Lessee are then undergoing repairs (other than running repairs) or are then withdrawn from use pending repairs (other than running repairs) and such other information regarding the condition and state of repair of the Units as the Lessor may reasonably request and when so specifically requested by the Lessor, such report with regard to repairs shall be made by the chief mechanical officer of the Lessee and (b) stating that, in the case of all Units repainted or repaired during the period covered by such statement, the numbers and the markings required by § 5 hereof have been preserved or replaced. The Lessor shall have the right by its agents to inspect the Units and the Lessee's and its agent's records with respect thereto at such reasonable times as the Lessor may request during the continuance of this Lease.

§ 9. Disclaimer of Warranties; Compliance with Laws and Rules; Maintenance; Indemnification. THE LESSOR DOES NOT MAKE, HAS NOT MADE AND SHALL NOT BE DEEMED TO MAKE

OR HAVE MADE ANY WARRANTY OR REPRESENTATION, EITHER EXPRESS OR IMPLIED, AS TO THE DESIGN, COMPLIANCE WITH SPECIFICATIONS, OPERATION OR CONDITION OF, OR AS TO THE QUALITY OF THE MATERIAL, EQUIPMENT OR WORKMANSHIP IN, THE UNITS OR ANY COMPONENT THEREOF DELIVERED TO THE LESSEE HEREUNDER, AND THE LESSOR DOES NOT MAKE ANY WARRANTY OF MERCHANTABILITY OR FITNESS OF THE UNITS OR ANY COMPONENT THEREOF FOR ANY PARTICULAR PURPOSE NOR AS TO TITLE TO THE UNITS OR ANY COMPONENT THEREOF, NOR ANY OTHER REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, WITH RESPECT TO ANY UNIT OR ANY COMPONENT THEREOF (EITHER UPON DELIVERY THEREOF TO THE LESSEE OR OTHERWISE), it being agreed that all such risks, as between the Lessor and the Lessee, are to be borne by the Lessee; but the Lessor hereby irrevocably appoints and constitutes the Lessee its agent and attorney-in-fact during the term of this Lease to assert and enforce from time to time, in the name of and for the account of the Lessor and/or the Lessee, as their interests may appear, at the Lessee's sole cost and expense, whatever claims and rights the Lessor may have against the Builder. The Lessor shall have no responsibility or liability to the Lessee or any other person with respect to any of the following: (i) any liability, loss or damage caused or alleged to be caused directly or indirectly by any Units or by any inadequacy thereof or deficiency or defect therein or by any other circumstance in connection therewith; (ii) the use, operation or performance of any Units or any risks relating thereto; (iii) any interruption of service, loss of business or anticipated profits or consequential damages; or (iv) the delivery, operation, servicing, maintenance, repair, improvement or replacement of any Units. The Lessee's delivery of a Certificate of Acceptance shall be conclusive evidence as between the Lessee and the Lessor that the Units described therein are in all the foregoing respects satisfactory to the Lessee; and the Lessee will not assert any claim of any nature whatsoever against the Lessor based on any of the foregoing matters.

The Lessee agrees, for the benefit of the Lessor, to comply in all respects (including, without limitation, with respect to the use, maintenance and operation of each Unit) with all the laws of the jurisdiction in which its operations involving the Unit may extend, with the interchange rules of the Association of American Railroads and with all lawful rules of the United States Department of Transportation, the Interstate Commerce Commission and any other legislative, executive, administrative or judicial body exercising any

power or jurisdiction over the Units, to the extent that such laws and rules affect the title, operation or use of the Units and in the event that such laws or rules require any alteration, replacement, modification or addition of or to any part of any Unit, the Lessee will fully conform therewith at no expense to the Lessor; provided, however, that the Lessee may upon written notice to the Lessor, in good faith, contest or cause to be contested the validity or application of any such law or rule in any reasonable manner which does not, in the opinion of the Lessor, adversely affect the property or rights of the Lessor under this Lease.

The Lessee agrees to prepare and deliver to the Lessor within a reasonable time prior to the required date of filing (or, to the extent permissible, file on behalf of the Lessor) any and all reports (other than income tax returns) to be filed by the Lessor with any Federal, state or other regulatory authority solely by reason of the ownership by the Lessor of the Units or the leasing thereof to the Lessee and to supply any information which the Lessor reasonably requests to enable it to prepare any other reports.

The Lessee agrees that, at its own cost and expense, it will maintain and keep each Unit (including any parts installed on or replacements made to any Unit and considered an Addition thereto as hereinbelow provided) which is subject to this Lease in good operating order, repair and condition, ordinary wear and tear excepted. Such maintenance shall include the performance of any overhauls required pursuant to standard and prudent railroad requirements (including, but not limited to, the interchange rules of the Association of American Railroads).

The Lessee and its affiliates, at their own cost and expense, may from time to time make such alterations, modifications and additions (including, without limitation, any special devices, assemblies or racks at any time attached or affixed to any Unit) (hereinafter collectively called "Additions") to the Units as the Lessee may deem desirable in the proper conduct of its business so long as such Additions shall not be inconsistent with the continuing operation of the Units, and shall not diminish the value, utility or condition of the Units below the value, utility and condition thereof immediately prior to the making of such Additions, assuming the Units were then in the condition required to be maintained by the terms of this Lease.

Title to all Parts (as hereinbelow defined) incorporated in or installed as part of the Units shall without

further act vest in the Lessor in the following cases: (i) such Part is in replacement of or in substitution for, and not in addition to, any Part originally incorporated in or installed as part of a Unit at the time of the acceptance thereof hereunder or any Part in replacement of, or in substitution for, any such original Part, (ii) such Part is required to be incorporated in or installed as part of the Units pursuant to the terms of the second or third paragraph of this § 9 or (iii) notwithstanding the provisions of the fourth paragraph of this § 9, such Part cannot be readily removed from the Unit to which it relates without material damage thereto and without diminishing or impairing the value or utility which such Unit shall have had at such time had such alteration or addition not occurred. In all other cases, if no Event of Default, or event which with notice or lapse of time or both would constitute an Event of Default, shall have occurred and be continuing, title to Parts incorporated in or installed as parts of the Units as a result of such alterations or additions shall vest in the Lessee. The term Part for the purposes of this paragraph and § 14 hereof shall be defined to include any appliance, part, instrument, accessory, furnishing or other equipment of any nature which may from time to time be incorporated in or installed as part of any Unit.

The Lessee shall pay or cause to be paid, and shall protect, indemnify and hold the Lessor harmless from and against any and all causes of action, suits, penalties, claims, demands, judgments, losses, liabilities, costs, charges and expenses of any nature whatsoever which may be imposed on, incurred by or asserted against the Lessor (including any or all liabilities, obligations, damages, costs, disbursements, expenses (including without limitation reasonable attorneys' fees and expenses of any Indemnified Person) relating thereto) in any way relating to or arising or alleged to arise out of this Lease or the Units, including, without limitation, those in any way relating to or arising or alleged to arise out of (i) the manufacture, construction, purchase, acceptance, rejection, ownership, delivery, non-delivery, lease, sublease, possession, use, operation, condition, sale, return or other disposition of any Unit or portion thereof; (ii) any claims based on strict liability in tort or imposed by statute; or (iii) any injury to or the death of any person or any damage to or loss of property on or near the Units or in any manner growing out of or concerned with, or alleged to grow out of or be connected with, the ownership, use, replacement, adaptation or maintenance of the Units or

of any other equipment in connection with the Units; excluding, however, any matter resulting from an act or omission of the Lessor which would constitute the wilful misconduct or gross negligence of the Lessor. The Lessee and the Lessor each agrees to give the other promptly upon obtaining knowledge thereof written notice of any claim or liability hereby indemnified against.

The Lessee further agrees to indemnify, protect and hold harmless the Lessor and the Builder, as a third party beneficiary hereof, from and against any and all liabilities, claims, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against any of them because of the use in or about the construction or operation of any of the Equipment of any article or material specified by the Lessee and not manufactured by the Builder or of any design, system, process, formula or combination specified by the Lessee and not developed or purported to be developed by the Builder which infringes or is claimed to infringe on any patent or other right. The Lessee will give notice to the Builder of any claim known to the Lessee from which liability may be charged against the Builder.

§ 10. Default. If, during the continuance of this Lease, one or more of the following events (each such event being herein sometimes called an "Event of Default") shall occur:

(A) payment of any part of the rental provided in § 3 hereof, payment in respect of any Casualty Occurrence pursuant to § 7 hereof or payment due under the Indemnity Agreement shall not be made by or on behalf of the Lessee, and such failure to make payment shall continue for 5 business days after such payment is due; or

(B) the Lessee shall make or permit any unauthorized assignment or transfer of this Lease, or any interest herein, or of the right to possession of the Units, or any thereof; or

(C) default shall be made in the observance or performance of any other of the covenants, conditions and agreements on the part of the Lessee contained herein or in any document or certificate executed by the Lessee in connection herewith and such default shall continue for 30 days after written notice from

the Lessor to the Lessee specifying the default and demanding that the same be remedied; or

(D) any representation or warranty made by the Lessee herein or in any certificate or statement furnished to the Lessor pursuant to or in connection with any such agreement proves untrue in any material respect as of the date of issuance or making thereof; or

(E) a decree or order is entered in the Reorganization Proceedings or otherwise preventing or disabling the Lessee from performing any of its obligations under this Lease; or

(F) if the obligations of the Lessee hereunder are assumed by a corporation or by the Debtor's successor pursuant to a plan of reorganization for the Debtor approved in the Reorganization Proceedings (such corporation or successor being hereinafter called the "Successor") and either

(i) a petition for reorganization under Section 77 of the Bankruptcy Act, as now constituted or as such Section 77 may hereafter be amended, or under any other provision of Title 11 of the United States Code, as now constituted or as hereafter amended, shall be filed by or against the Successor and, unless such petition shall have been dismissed, nullified, stayed or otherwise rendered ineffective (but then only so long as such stay shall continue in force or such ineffectiveness shall continue), all the assumed obligations of the Successor under this Lease and under the Tax Indemnity Agreement shall not have been and shall not continue to have been duly assumed in writing, pursuant to a court order or decree, by or on behalf of a trustee or trustees or other similar officer appointed (whether or not subject to confirmation or ratification) in such proceedings in such manner that such obligations shall have the same status as obligations incurred by such trustee or trustees or officer, within 60 days after such petition shall have been filed; or

(ii) any proceedings shall be commenced by or against the Successor for any relief which includes, or might result in, any modification of the obli-

gations of the Successor under this Lease or under the Tax Indemnity Agreement under any bankruptcy or insolvency laws, or laws relating to the relief of debtors, readjustments of indebtedness, reorganizations, arrangements, compositions or extension (other than a law which does not permit any readjustments of the obligations of the Successor hereunder), and, unless such proceedings shall have been dismissed, nullified, stayed or otherwise rendered ineffective (but then only so long as such stay shall continue in force or such ineffectiveness shall continue), all the obligations of the Successor under this Lease and under the Tax Indemnity Agreement shall not have been and shall not continue to have been duly assumed in writing, pursuant to a court order or decree, by or on behalf of a trustee or trustees or receiver or receivers or other similar officer appointed (whether or not subject to confirmation or ratification) for the Successor or for the property of the Successor in connection with any such proceedings in such manner that such obligations shall have the same status as obligations incurred by such a trustee or trustees or receiver or receivers or officers, within 60 days after such proceedings shall have been commenced;

then, in any such case, the Lessor, at its option, may:

(a) proceed by appropriate court action or actions either at law or in equity, to enforce performance by the Lessee of the applicable covenants of this Lease or to recover damages for the breach thereof; or

(b) by notice in writing to the Lessee terminate this Lease, whereupon all rights of the Lessee to the use of the Units shall absolutely cease and terminate as though this Lease had never been made, but the Lessee shall remain liable as herein provided; and thereupon the Lessor may by its agents enter upon the premises of the Lessee or other premises where any of the Units may be and take possession of all or any of such Units and thenceforth hold, possess, sell, operate, lease to others and enjoy the same free from any right of the Lessee, or its successors or assigns, to use the Units for any purposes whatever and without any duty to account to the Lessee for such action or inaction or for

any proceeds arising therefrom; but the Lessor shall, nevertheless, have a right to recover from the Lessee any and all amounts which under the terms of this Lease may be then due or which may have accrued to the date of such termination (computing the rental for any number of days less than a full rental period by multiplying the rental for such full rental period by a fraction of which the numerator is such number of days and the denominator is the total number of days in such full rental period) and also to recover forthwith from the Lessee as damages for loss of the bargain and not as a penalty, whichever of the following amounts the Lessor, in its sole discretion, shall specify: (x) a sum with respect to each Unit which represents the excess of (1) the present value, at the time of such termination, of the entire unpaid balance of all rentals for such Unit which would otherwise have accrued hereunder from the date of such termination to the end of the term of this Lease as to such Unit over (2) the then present value of the rentals which the Lessor reasonably estimates to be obtainable for the Unit during such period, such present value to be computed in each case on the basis of an 8% per annum discount, compounded monthly from the respective dates upon which rentals would have been payable hereunder had this Lease not been terminated, together with any damages and expenses, including reasonable attorneys' fees, in addition thereto which the Lessor shall have sustained by reason of the breach of any covenant, representation or warranty of this Lease other than for the payment of the rental; or (y) an amount equal to the excess, if any, of the Casualty Value as of the rental payment date on or next preceding the date of termination over the amount the Lessor reasonably estimates to be the sales value (after deduction of all estimated expenses of such sale) of such Unit at such time; provided, however, that in the event the Lessor shall have sold or leased any Unit, the Lessor, in lieu of collecting any amounts payable to the Lessor by the Lessee pursuant to the preceding clauses (x) and (y) of this part (b) with respect to such Unit, may, if it shall so elect, demand that the Lessee pay the Lessor and the Lessee shall pay to the Lessor on the date of such sale or leasing, as the case may be, as liquidated damages for loss of a bargain and not as a penalty (i) in the case of such a sale an amount equal to the excess, if any, of the Casualty Value for such Unit, as of the rental payment date on or next preceding the date of termination, over the net

proceeds of such sale, and (ii) in the case of such a leasing, an amount equal to the excess, if any, of the present value of all rental for such Unit which would otherwise have accrued hereunder from the date of termination to the end of the term of this Lease as to such Unit over the sum of (I) the then present value of all rental for such Unit required under such new lease plus (II) the then present value of the rental (if any) which the Lessor reasonably estimates to be obtainable for the Unit during the period commencing on the termination of such new lease and ending on the date the term of this Lease would have terminated if it had not been terminated early due to default, each such present value to be computed in each case on the basis of an 8% per annum discount, compounded, in the case of rental which is estimated under clause II of this sentence, monthly from the respective dates upon which rentals would have been payable hereunder had this Lease not been terminated and, in the case of rental under such new lease, periodically from the respective dates upon which such rental shall be payable thereunder.

In addition, the Lessee shall be liable, except as otherwise provided above, for any and all unpaid amounts due hereunder before, during or after the exercise of any of the foregoing remedies and for all reasonable attorneys' fees and other costs and expenses incurred by reason of the occurrence of any Event of Default or the exercise of the Lessor's remedies with respect thereto, including all costs and expenses incurred in connection with the return of any Unit.

The remedies in this Lease provided in favor of the Lessor shall not be deemed exclusive, but shall be cumulative, and shall be in addition to all other remedies in its favor existing at law or in equity. The Lessee hereby waives any requirements of law, now or hereafter in effect, which might limit or modify the remedies herein provided, to the extent that such waiver is permitted by law. The Lessee hereby waives any and all existing or future claims to any offset against the rental payments due hereunder and agrees to make such rental payments regardless of any offset or claim which may be asserted by the Lessee or on its behalf.

The failure of the Lessor to exercise the rights granted it hereunder upon the occurrence of any of the contingencies set forth herein shall not constitute a waiver of any such right upon the continuation or recurrence of any

such contingencies or similar contingencies; and a waiver of any such right on one occasion shall not constitute a waiver of such right as to any other occasion and shall not be effective unless in writing signed by the Lessor.

The parties hereto acknowledge that the Debtor is a railroad subject to the Reorganization Proceedings and that notwithstanding any provision herein to the contrary,

(i) no termination of this Lease by reason of an Event of Default shall be final except after delivery of written notice from the Lessor or the Vendor to the Lessee of the event giving rise to the Event of Default and the continuance uncured of such Event of Default for 30 days;

(ii) the Lessee's interests under this Lease shall be deemed assigned to and its obligations under this Lease shall be deemed assumed by any Successor;

(iii) in the event the Reorganization Proceedings are dismissed under Section 77(g) of the Bankruptcy Act or otherwise and liquidation of the Debtor is instituted, the Lessee shall select one of the following options in order to fulfill its obligations under this Lease:

(a) the Trustees of the Debtor shall continue to perform this Lease in accordance with its terms and provisions;

(b) this Lease may be assigned and the obligation under the Lease assumed by a new lessee, with the consent of the Lessor and the Vendor which consent shall not be unreasonably withheld, and upon such assignment and assumption, the obligation of the Lessee hereunder shall terminate without further liability; or

(c) the Lessee may, upon payment of a sum equal to the next succeeding 12 installments of monthly basic rent cancel this Lease after the effective date of the order of liquidation of the Debtor, provided that the Lessee shall perform the obligations with respect to the Equipment required by the Lessee hereunder with respect thereto during such 12-month period. In the event

the Lessee shall provide a new lessee in accordance with the preceding subparagraph (iii)(b) during such 12-month period, the Lessee shall be relieved of the obligations of the remaining balance of such 12-month period upon the payment and performance by such new lessee of the obligations and payments required hereunder, and the Lessee shall be entitled to a credit in the amount thereof; provided, however, that the Lessee shall pay all costs of repainting, restenciling and transportation of the Units subject to this Lease to such new lessee; and provided, further, that the Lessee's obligation with respect to the return of the Equipment shall be as set forth in Section 11 hereof in the event the Lessee elects to proceed with the option set forth in this subparagraph (iii)(c).

§ 11. Return of Units Upon Default. If this Lease shall terminate pursuant to § 10 hereof, the Lessee shall forthwith deliver or cause to be delivered possession of the Units to the Lessor and shall give or cause to be given prompt telegraphic and written notice to the Association of American Railroads and all railroads having possession of any Unit so to return such Units. Each Unit returned to the Lessor pursuant to this § 11 shall (i) be in the same operating order, repair and condition as when originally delivered to the Lessee, ordinary wear and tear and modifications, if any, permitted by this Lease excepted and (ii) meet the standards then in effect under the Interchange Rules of the Association of American Railroads or such comparable standards as may then be in effect. For the purpose of delivering possession of any Unit or Units to the Lessor as above required, the Lessee shall at its own cost, expense and risk:

(a) forthwith and in the usual manner cause such Units to be transported to such location as shall reasonably be designated by the Lessor on the lines of the Lessee and there assembled,

(b) furnish and arrange for the Lessor to store such Units on the lines of the Lessee until such Units have been sold, leased or otherwise disposed of by the Lessor, the Lessor agreeing to use its best efforts to sell, lease or otherwise dispose of the Units within one year, and

(c) cause the Units to be moved to such interchange point or points with the lines of the Lessee as

shall be designated by the Lessor upon any sale, lease or other disposal of all or any of the Units.

During any storage period the Lessee will permit the Lessor or any persons designated by it to inspect the Units. The assembling, delivery, storage, maintenance and transporting of the Units as provided in this Section 11 shall be at the expense and risk of the Lessee (and the Lessee will maintain the insurance required by § 7 of this Lease to be maintained during this period) and are of the essence of this Lease; and, upon application to any court of equity having jurisdiction in the premises, the Lessor shall be entitled to a decree against the Lessee requiring specific performance of the covenants of the Lessee so to assemble, deliver, store and transport the Units. During any storage period, the Lessee will permit the Lessor or any person designated by it, including the authorized representative or representatives of any prospective purchaser or user of any such Unit, to inspect the same. In the event that the Units or any thereof are sold, the Lessee shall pay to the Lessor the per diem interchange earned for each such Unit which shall not have been assembled, delivered and stored, as hereinbefore provided, by the date of such sale for each day from the date of such sale to the date such Unit is available to the purchaser thereof.

Without in any way limiting the obligation of the Lessee under the foregoing provisions of this § 11, the Lessee hereby irrevocably appoints the Lessor as the agent and attorney of the Lessee, with full power and authority, at any time while the Lessee is obligated to deliver possession of any Unit to the Lessor, to demand and take possession of such Unit in the name and on behalf of the Lessee from whomsoever shall be in possession of such Unit at the time and to give all appropriate notices and directions to the Association of American Railroads to change the registration of such Unit from the Lessee or the Sublessee to the Lessor or as the Lessor may direct.

§ 12. Assignment; Possession and Use. This Lease shall be assignable in whole or in part by the Lessor without the consent of the Lessee.

The Lessor will assign certain of its rights under this Lease as security to First Security Bank of Utah, N.A., acting as Agent (the "Vendor"), pursuant to an Assignment of Lease dated as of the date hereof (the "Lease Assignment") and the Lessee will consent to the Lease Assignment pursuant

to a Consent and Agreement substantially in the form attached hereto (the "Consent") and such other consents as may be requested by the Lessor pursuant to the terms hereof.

After any such assignment, the term "Lessor" as used in this Lease shall include the Vendor for all purposes of this Lease, including but not limited to the provisions of §§ 6 and 9 hereof, and this Lease shall be binding upon and inure to the benefit of the Lessor and the Vendor, and the successors and assigns, agents, principals and servants of any such party, and the Lessee and its successors, and, to the extent permitted hereby, assigns. With respect to § 9, the wilful misconduct or gross negligence of any one such person shall not affect the rights of any other such person under such Section except to the extent such other person shall have been otherwise compensated for any loss indemnified against by any other person.

During the term of this Lease, if no Event of Default shall have occurred and the Vendor is entitled to apply the payment as set forth in the Consent, the Lessee's use and quiet enjoyment of the Units shall not be disturbed by the Lessor or anyone claiming solely through or under the Lessor. Without the prior written consent of the Lessor, the Lessee shall not assign or transfer its leasehold interest under this Lease in the Units or any of them except as specifically set forth herein. The Lessee, at its own expense, will promptly pay or discharge any and all sums claimed by any party which, if unpaid, might become a lien, charge, security interest or other encumbrance (other than an encumbrance created by the Lessor or resulting from claims against the Lessor not related to the ownership of the Units) upon or with respect to any Unit or the interest of the Lessor or the Lessee therein, and will promptly discharge any such lien, claim, security interest or other encumbrance which arises, but shall not be required to pay or discharge any such claim so long as the validity thereof shall be contested in good faith and by appropriate legal proceedings in any reasonable manner and the nonpayment thereof does not, in the reasonable opinion of the Lessor, materially adversely affect the interest of the Lessor in the Equipment or in the income and proceeds from the Equipment. Except to the extent specifically permitted by the provisions hereof, the Lessee shall not part with the possession or control of, or suffer or allow to pass out of its possession or control, any of the Units.

So long as the Lessee shall not be in default under this Lease, the Lessee shall be entitled to the

possession and use of the Units by it or any affiliate in accordance with the terms hereof and (i) to permit the use of the Units by a railroad company or companies incorporated in the United States of America with which the Lessee has contractual arrangements for the use of the Units for its benefit upon trackage owned or operated by it or upon lines of railroad owned or operated by such railroad company or companies or over which such railroad company or companies have trackage or other operating rights or over which railroad equipment of such railroad company or companies is regularly operated pursuant to contract, and (ii) also to permit the use of the Units upon connecting and other carriers in the usual interchange of traffic or pursuant to run-through agreements, but only upon and subject to all the terms and conditions of this Lease. The Lessee may receive and retain compensation for such use from other railroads so using any of the Units.

Nothing in this § 12 shall be deemed to restrict the right of the Lessee to assign or transfer its leasehold interest under this Lease in the Units or possession of the Units to any solvent corporation incorporated under the laws of any state of the United States of America or the District of Columbia (which shall have specifically assumed the obligations of the Lessee hereunder and under the Indemnity Agreement by an appropriate instrument in writing) into or with which the Lessee shall have become merged or consolidated or which shall have acquired the property of the Lessee as an entirety or substantially as an entirety, provided that such assignee or transferee will not, upon the effectiveness of such assumption and merger, consolidation or acquisition be in default under any provision of this Lease.

§ 13. Right of First Refusal. Unless an Event of Default, or any event or condition which, upon notice or lapse of time, would constitute an Event of Default, shall have occurred and be continuing, the Lessor shall not, at any time within three months after the end of the original term of this Lease sell Equipment unless:

(a) the Lessor shall have received from a responsible purchaser or purchasers a bona fide offer or offers in writing to purchase in the aggregate all, but not less than all, of the Units;

(b) the Lessor shall have given the Lessee notice (i) setting forth in detail the identity of such purchaser or purchasers, the proposed purchase price or

prices, the proposed date of purchase and all other material terms and conditions of such purchase, including, without limitation, any arrangements for the financing of such purchase known to the Lessor, and (ii) offering to sell such Units to the Lessee upon the same terms and conditions as those set forth in such notice; and

(c) the Lessee shall not have notified the Lessor, within 20 days following receipt of such notice, of its election to purchase such Units upon such terms and conditions.

If the Lessee shall not have so elected to purchase such Units, the Lessor may sell such Items of Equipment at a price and upon other terms and conditions no less favorable to the Lessor than those specified in such notice.

§ 14. Return of Units upon Expiration of Term. On or prior to the termination of the term of this Lease or as soon as practicable on or after the termination of the term of this Lease and in any event not later than 90 days after the termination of the term of this Lease, the Lessee will, at its own cost and expense, at the request of the Lessor, cause each Unit to be transported to such point or points on the Lessee's lines as shall be designated by the Lessor immediately prior to such termination and arrange for the Lessor to store such Unit on any of Lessee's lines of railroad or premises approved by the Lessor for a period commencing on the date of its arrival at any such point and extending thereafter to a date not later than 90 days from the date at which at least 95% of such Units are first placed in storage pursuant to this § 14; the assembly, delivery, storage and transporting of such Unit to be at the expense and risk of the Lessee. During any such storage period the Lessee will permit the Lessor or any person designated by it, including the authorized representative or representatives of any prospective purchaser or user of such Unit, to inspect the same; provided, however, that the Lessee shall not be liable for any injury to or the death of any person exercising, either on behalf of the Lessor or any prospective purchaser or user, the rights of inspection granted under this sentence, except in the case of negligence or wilful wrongdoing of the Lessee or of its employees or agents and except to the extent otherwise provided by law. The assembly, delivery, storage and transporting of the Units as hereinbefore provided are of the essence of this Lease, and upon application to any court of equity having jurisdiction in the

premises, the Lessor shall be entitled to a decree against the Lessee requiring specific performance of the covenants of the Lessee so to cause the assembly, delivery, storage and transporting of the Units. Each Unit returned to the Lessor pursuant to this § 14 shall (i) be in the same operating order, repair and condition as when originally delivered to the Lessee, ordinary wear and tear excepted, (ii) have attached or affixed thereto any Part title to which is in the Lessor pursuant to § 9 hereof and have removed therefrom at Lessee's expense any Part or Addition title to which is in the Lessee or any other person pursuant to such § 9 and (iii) meet the standards then in effect under the Interchange Rules of the Association of American Railroads, if applicable, or such comparable standards as may then be in effect. If any Unit suffers a Casualty Occurrence during any period prior to its return to the Lessor as provided for in this § 14 or during any storage period provided for in this § 14, the Lessee shall pay to the Lessor the Casualty Value of such Unit as determined in accordance with § 7 hereof. All gross amounts earned in respect of any Unit shall, from and after the termination of the term of this Lease as to such Unit, belong to and be the property of the Lessor.

§ 15. Recording. The Lessor, at its own expense, will cause this Lease, the Security Document, and any assignment hereof or thereof to be filed and recorded with the Interstate Commerce Commission in accordance with 49 U.S.C. § 11303. The Lessor will, at its own expense, undertake the filing, registering, deposit, and recording required of the Lessor under the Security Document, and the Lessee will from time to time do and perform any other act and will execute, acknowledge, deliver, file, register, record (and will refile, reregister, deposit and redeposit or rerecord whenever required) any and all further instruments required by law or reasonably requested by the Lessor for the purpose of proper protection, to its satisfaction, of the Lessor's interests in the Units, or for the purpose of carrying out the intention of this Lease.

§ 16. Conditions. Prior to the delivery and acceptance of any Unit hereunder, the Lessor shall have been advised that all conditions to its purchase of the Equipment under and as contemplated by the Security Document shall have been satisfied, including, without limitation, the filing and recording of this Lease and the Security Document with the Interstate Commerce Commission.

Lessee agrees to deliver to Lessor at its request such opinions and certificates in form and substance as shall

be reasonably required by Lessor in order to meet Lessor's obligations under, and to satisfy the conditions of, the Security Document.

§ 17. Lessor's Right To Perform for the Lessee. If the Lessee fails to perform or comply with any of its agreements contained herein, the Lessor may upon notice to the Lessee itself perform or comply with such agreement, and the amount of the reasonable cost and expenses of the Lessor incurred in connection with such performance or compliance, together with interest on such amount at the rate of 13% per annum (or such lesser amount as may be legally enforceable), shall be payable by the Lessee upon demand.

§ 18. Interest on Overdue Rentals. Anything to the contrary herein notwithstanding, any nonpayment of rentals and other obligations due hereunder shall result in the obligation on the part of the Lessee promptly to pay an amount equal to interest at a rate of 13% per annum on the overdue rentals and other obligations for the period of time during which they are overdue or such lesser amount as may be legally enforceable.

§ 19. Representations and Warranties of the Lessee. The Lessee represents and warrants to the Vendor, the Investors and the Lessor as follows:

(a) The Debtor is a corporation duly incorporated, validly existing and in good standing under the laws of the jurisdiction of its incorporation and is duly qualified to do business and in good standing in such other jurisdictions in which the business and activities of the Debtor require such qualification.

(b) The Lessee has full power, authority and legal right to carry on the Debtor's business as now conducted and is duly authorized and empowered in the Reorganization Proceedings pursuant to an order or orders of the court in the Reorganization Proceedings (the "Order") and otherwise to execute and deliver this Lease, the Indemnity Agreement and the Consent and to fulfill and comply with the terms, conditions and provisions hereof and thereof; this Lease, the Consent and the Indemnity Agreement have been duly authorized and approved in the Reorganization Proceedings pursuant to the Order, from which no appeal has been taken, and otherwise and have been or will be, on or before delivery of any unit of

Equipment, duly authorized, executed and delivered and, assuming due authorization, execution and delivery thereof by the other parties thereto, constitute or will then constitute valid, legal and binding agreements, enforceable against the Lessee in accordance with their terms.

(c) There are no actions, suits or proceedings (whether or not purportedly on behalf of the Lessee or the Debtor) pending or (to the knowledge of the Lessee) threatened against or affecting the Lessee or any property rights of the Lessee at law or in equity or before any commission or other administrative agency which could materially and adversely affect the condition, financial or otherwise, of the Lessee or materially prevent or interfere with its ability or right to perform its duties and obligations under this Lease, the Indemnity Agreement or the Consent; and the Lessee is not to its knowledge in default with respect to any order or decree of any court or governmental commission, agency or instrumentality.

(d) The Lessee is not a party to any agreement or instrument or subject to any charter or other restriction materially and adversely affecting the business, present or proposed, of the Lessee or the operations, property or assets or condition, financial or otherwise, of the Lessee.

(e) Neither the execution and delivery of this Lease, the Indemnity Agreement or the Consent nor the consummation of the transactions herein and therein contemplated nor the fulfillment of, or compliance with, the terms and provisions hereof and thereof will conflict with, or result in a breach of, any of the terms, conditions or provisions of any order entered in the Reorganization Proceedings or of any bond, debenture, note, mortgage, indenture, agreement or other instrument to which either of the Lessee or the Debtor is now a party or by which it or its property may be bound, or constitute (with the giving of notice or the lapse of time or both) a default thereunder or result in the creation or imposition of any lien, charge, security interest or other encumbrance of any nature whatsoever upon any property of the Lessee or the Debtor or upon the Equipment pursuant to the terms of any such agreement or instrument or violate any applicable law or governmental rule or regulation.

(f) No authorization, approval, order or license is required from any court or other governmental or public body or authority (including, but not limited to the Interstate Commerce Commission) in connection with the execution, delivery and performance by the Lessee of this Lease or the Consent, other than the Order.

(g) The Lessee has filed all foreign, Federal, state and local income tax returns which are required to be filed, and has paid or made provisions for the payment of all income taxes which have or may become due pursuant to said returns or pursuant to any assessment received by it, other than such taxes which are being contested in good faith and which in the aggregate do not involve material amounts.

(h) The Lessee has furnished to the Lessor copies of the Debtor's Offer to Purchase dated May 3, 1979, containing audited consolidated balance sheets of the Debtor as of December 31, 1977, and 1978, and the related consolidated statements of operations, accumulated deficit and changes in financial position for the twelve month periods then ended. Such financial statements are in accordance with the books and records of the Debtor and have been prepared in accordance with generally accepted accounting principles applied on a consistent basis throughout the period covered by the financial statements. The financial statements present fairly the financial condition of the Debtor at such dates and the results of its operations and changes in its financial position for such periods; and from the date of the last such balance sheet, there has not been any material adverse change in the assets, liabilities, business or condition (financial or otherwise) of the Debtor.

§ 20. Reports. The Lessee will deliver to the Lessor (i) as soon as available and in any event within 120 days after the end of each fiscal year of the Debtor, a certificate signed by a responsible officer of the Debtor stating that a review of the activities of the Debtor during such year has been made under his supervision with a view to determining whether the Debtor has kept, observed, performed and fulfilled all of the obligations of the Debtor under this Lease and that to the best of his knowledge the Debtor during such year has kept, observed, performed and fulfilled each and every covenant, obligation and condition contained herein, or if an Event of Default (as defined in the Lease)

shall exist or if an event has occurred and is continuing which, with the giving of notice or the passage of time or both, would constitute an Event of Default, specifying such Event of Default and all such events and the nature and status thereof; (ii) as soon as available and in any event within 90 days after the end of each quarterly period (except the last) of each fiscal year, and to the extent available a balance sheet of the Debtor as at the end of such period, and an income statement of the Debtor for the period beginning on the first day of such quarterly period and ending on the date of such balance sheet, setting forth comparative figures for the corresponding period of the preceding fiscal year, all in reasonable detail and certified by the principal accounting officer employed by the Debtor; (iii) as soon as available and in any event within 150 days after the end of each fiscal year, a copy of the consolidated balance sheet of the Debtor and the related statements of operations, accumulated deficit and changes in financial position, certified by independent public accountants; and any other report reasonably required; and (iv) promptly upon any responsible officer's becoming aware of any condition which constitutes an Event of Default, or which with notice or lapse of time or both would constitute such an Event of Default, written notice specifying such condition and the nature and status thereof. For the purposes of this § 20 a "responsible officer" shall mean, with respect to the subject matter of any covenant, agreement or obligation of the Lessee in this Lease contained, any corporate official of the Lessee who in the normal performance of such official's operational responsibilities would have knowledge of such matter.

§ 21. Necessary Costs and Expenses of Administration. Upon the issuance of the Order, it is hereby expressly understood and agreed that any and all obligations of the Lessee hereunder and any and all amounts payable in connection therewith, including but not limited to those arising out of any breach of warranty or breach or termination of this Lease, or otherwise, together with interest thereon to the date of payment thereof, shall be deemed to be necessary costs and expenses of administration incurred by the Trustees in the Reorganization Proceedings and shall rank equally and ratably with all other expenses of administration of the Trustees, except trustees' certificates heretofore or hereafter issued by the Trustee.

Subject to the provisions of the last paragraph of Section 10 hereof, in case of any sale or conveyance of

all or substantially all of the lines of railroad of the Debtor, or of the lines of the Debtor on which a substantial portion of the Equipment is used, the purchaser or transferee of the purchaser, shall not be at liberty to refuse to accept performance of this Lease or to disaffirm it and any such purchaser and any such transferee shall assume and agree to perform each and all of the obligations of the Lessee hereunder.

The Lessee agrees, but only so long as the Lessee is subject to the Reorganization Proceedings, that, so long as any portion of the Conditional Sale Indebtedness shall be outstanding, the Lessee will not assume or enter into any other leases of equipment, equipment trust agreements, conditional sale agreements or other liabilities or obligations in connection with the leasing or financing of the acquisition of railroad rolling stock, (i) if such liabilities or obligations would be entitled, directly or indirectly, to any priority in right of payment over the obligations of the Lessee hereunder or (ii) if such liabilities or obligations would be secured, directly or indirectly, by any mortgage, lien or other security interest in property of the Debtor (except the equipment or other property involved in the particular transaction) unless the obligations of the Lessee hereunder are equally and ratably secured thereby, provided that nothing herein shall restrict the right of the Trustees to issue and sell trustees' certificates for any proper purpose.

§ 22. Notices. Any notice required or permitted to be given by either party hereto to the other shall be deemed to have been given when delivered to such other party or by registered or certified mail, postage prepaid, addressed as follows:

if to the Lessor, at 295 Madison Avenue, New York, N. Y. 10017, Attention of Mr. Stephen Goldsmith and Benjamin D. Fein, Esq., 575 Madison Avenue, New York, New York 10022;

if to the Lessee, at Iron Horse Park, North Billerica, Massachusetts 01862, Attention of Vice President, Equipment;

or addressed to any party at such other address as such party shall hereafter furnish to the other parties in writing. Any certificate, document or report required to be furnished by

any party hereto to the other parties shall be delivered to the address set forth above or so furnished for such party. Any notice to the Lessee regarding the Lessee's failure to perform any obligation hereunder shall also be furnished by the Lessee to the Lessor.

§ 23. Severability; Effect and Modification of Lease; Survival. Any provision of this Lease which is prohibited or unenforceable in any jurisdiction shall be, as to such jurisdiction, ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof; and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

This Lease exclusively and completely states the rights of the Lessor and the Lessee between them with respect to the leasing of the Units and supersedes all other agreements, oral or written, with respect thereto. No variation or modification of this Lease and no waiver of any of its provisions or conditions shall be valid unless in writing and signed by duly authorized signatories for the Lessor and the Lessee.

All agreements, indemnities, representations and warranties contained in this Lease or in any document or certificate delivered pursuant hereto or in connection herewith shall survive the execution and delivery of this Lease and the expiration or other termination of this Lease, with respect to matters or events occurring during the term of this Lease or with respect to the obligations of Lessee under Sections 10, 11 and 14.

§ 24. Execution. This Lease may be executed in several counterparts, such counterparts together constituting but one and the same instrument, but the counterpart delivered to the Lessor shall be deemed to be the original counterpart. Although for convenience this Lease is dated as of the date first set forth above, the actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

§ 25. Incorporation of Tax Indemnity Agreement. The Indemnity Agreement between the Lessor and Lessee dated as of the date hereof is incorporated herein by reference. All the rights and obligations in said Agreement shall be

considered as rights and obligations under this Lease and inseparable therefrom.

§ 26. Law Governing. The terms of this Lease and all rights and obligations hereunder shall be governed by the laws of the Commonwealth of Massachusetts; provided, however, that the parties shall be entitled to all rights conferred by 49 U.S.C. § 11303.

IN WITNESS WHEREOF, the parties hereto have executed or caused this instrument to be executed as of the date first above written.

Annex D to the
Conditional Sale Agreement

ASSIGNMENT OF LEASE AND AGREEMENT

Dated as of August 1, 1979

between

ARLINGTON-INTEGRATED (RAIL), INC.

and

FIRST SECURITY BANK OF UTAH, N.A.,
not in its individual capacity but solely as agent under
the Participation Agreement dated as of the date hereof.

ASSIGNMENT OF LEASE AND AGREEMENT
dated as of August 1, 1979, between ARLINGTON-
INTEGRATED (RAIL), INC. (the "Lessor"), and
FIRST SECURITY BANK OF UTAH, N.A., not in its
individual capacity but solely as agent (the
"Agent") for certain institutional investors
(the "Investors") under a Participation
Agreement dated as of the date hereof with
the Lessor and the Investors.

The Lessor is entering into a Conditional Sale
Agreement dated as of the date hereof (the "Security Docu-
ment") with PACCAR, Inc. (the "Builder"), providing for the
sale from the Builder to the Lessor of such units of rail-
road equipment (the "Units") described in the Annex B
thereto as are delivered to and accepted by the Lessor
thereunder; and the Security Document is being assigned to
the Agent by the Builder.

The Lessor and the Trustees of the Property of the
Boston and Maine Corporation, Debtor (the "Lessee") have
entered into a Lease of Railroad Equipment dated as of the
date hereof (the "Lease"), providing for the leasing by
the Lessor to the Lessee of the Units.

In order to provide security for the obligations
of the Lessor under the Security Document and as an induce-
ment to the Investors to invest in the Conditional Sale
Indebtedness as defined in the Security Document, the Lessor
agrees to assign for security purposes its rights in, to and
under the Lease to the Agent.

NOW, THEREFORE, in consideration of the payments
to be made and the covenants hereinafter mentioned to be
kept and performed, the parties hereto agree as follows:

1. The Lessor hereby assigns, transfers and sets
over unto the Agent, as collateral security for the payment
and performance of the Lessor's obligations under the
Security Document, all the Lessor's right, title and interest,
powers, privileges, and other benefits under the Lease,
including, without limitation, the immediate right to receive
and collect all rentals, profits and other sums payable to or
receivable by the Lessor from the Lessee under or pursuant to

the provisions of the Lease whether as rent, casualty payment, indemnity, liquidated damages, or otherwise, except (i) any indemnity payable to the Lessor pursuant to § 6 or § 9 of the Lease which is not required to be paid over under the CSA to the Agent, (ii) any liability insurance proceeds payable to the Lessor pursuant to § 7 of the Lease and (iii) any increases in rental and casualty payments and any other payments which may be required by the Indemnity Agreement (as defined in the Lease) (all such rights, title, interests, powers, privileges and other benefits being hereinafter called the "Payments"), and the right to make all waivers and agreements, to give all notices, consents and releases, to take all action upon the happening of an Event of Default specified in the Lease, and to do any and all other things whatsoever which the Lessor is or may become entitled to do under the Lease. In furtherance of the foregoing assignment, the Lessor hereby irrevocably authorizes and empowers the Agent in its own name, or in the name of its nominee, or in the name of the Lessor or as its attorney to ask, demand, sue for, collect and receive any and all Payments to which the Lessor is or may become entitled under the Lease, and to enforce compliance by the Lessee with all the terms and provisions thereof.

The Agent agrees to accept for the account of the Lessor any Payments made by the Lessee pursuant to the Lease. To the extent received, the Agent will apply such Payments to satisfy the obligations of the Lessor under the Security Document, and, so long as no event of default or event which with the lapse of time and/or demand provided for in the Security Document could constitute an event of default thereunder, shall have occurred and be continuing, any balance shall be paid to the Lessor on the same date such Payment is applied to satisfy such obligations of the Lessor by bank wire to the Lessor at such address as may be specified to the Agent in writing, and such balance shall be retained by the Lessor. If the Agent shall not receive any Payment when due or if the Agent shall have actual notice of an Event of Default under the Lease, the Agent shall promptly notify the Lessor by telephone and confirm such notice in writing to the address set forth in the Lease; provided, however, that the failure of the Agent to so notify the Lessor shall not affect the obligations of the Lessor hereunder or under the Security Document.

2. This Assignment is executed only as security for the obligations of the Lessor under the Security Document and, therefore, the execution and delivery of this Assignment shall not subject the Agent to, or transfer, or pass, or in

any way affect or modify the liability of the Lessor under the Lease, it being understood and agreed that notwithstanding this Assignment or any subsequent assignment, all obligations of the Lessor under the Lease shall be and remain enforceable by the Lessee and its successors and assigns, against, and only against, the Lessor or persons other than the Agent.

3. To protect the security afforded by this Assignment, the Lessor agrees as follows:

(a) The Lessor will faithfully abide by, perform and discharge each and every obligation, covenant and agreement which the Lease provides are to be performed by the Lessor; without the written consent of the Agent, the Lessor will not anticipate the rents under the Lease or waive, excuse, condone, forgive or in any manner release or discharge the Lessee thereunder of or from the obligations, covenants, conditions and agreements to be performed by the Lessee which are intended to satisfy the obligations of the Lessor under the Security Document, including, without limitation, the obligation to pay the rents in the manner and at the time and place specified therein or enter into any agreement so amending, modifying or terminating the Lease and the Lessor agrees that any such amendment, modification or termination thereof without such consent shall be void.

(b) Should the Lessor fail to make any payment or to do any act which this Assignment requires the Lessor to make or do, then the Agent, but without obligation so to do, after first making written demand upon the Lessor and affording the Lessor a reasonable period of time within which to make such payment or do such act, but without releasing the Lessor from any obligation hereunder, may make or do the same in such manner and to such extent as the Agent may deem necessary to protect the security provided hereby, including specifically, without limiting its general powers, the right to appear in and defend any action or proceeding purporting to affect the security hereof and the rights or powers of the Agent, and also the right to perform and discharge each and every obligation, covenant and agreement of the Lessor contained in the Lease; and in exercising any such powers, the Agent may pay necessary costs and expenses, employ counsel and incur and pay reasonable attorneys' fees, and the Lessor will reimburse the Agent for such costs, expenses and fees; provided, however, that the obligations of the Lessor to make reimbursements under this Paragraph 3 are subject to the last

paragraph of Article 4 of the Security Document.

4. The Lessor does hereby constitute the Agent the Lessor's true and lawful attorney, irrevocably, with full power (in the name of the Lessor, or otherwise), to ask, require, demand, receive, compound and give acquittance for any and all Payments due and to become due under or arising out of the Lease to which the Lessor is or may become entitled, to enforce compliance by the Lessee with all the terms and provisions of the Lease, to endorse any checks or other instruments or orders in connection therewith and to file any claims or take any action or institute any proceedings which the Agent may deem to be necessary or advisable in the premises.

5. Upon the full discharge and satisfaction of all the Lessor's obligations under the Security Document and Participation Agreement, this Assignment and all rights herein assigned to the Agent shall terminate, and all estate, right, title and interest of the Agent in and to the Lease shall revert to the Lessor without further act or deed, but the Agent shall execute and deliver such documents as the Lessor may reasonably request in order to confirm, or make clear upon public records, such termination and/or reversion. Promptly following such full discharge and satisfaction, the Agent will advise the Lessee in writing that all sums due from the Lessor under the CSA have been fully discharged and satisfied and instruct the Lessee that no further payments under the Lease are to be made to the Agent.

6. The Lessor will, from time to time, do and perform any other act and will execute, acknowledge, and deliver any and all further instruments required by law or reasonably requested by the Agent in order to confirm or further assure the interests of the Agent hereunder.

7. The Agent may assign all or any of the rights assigned to it hereby or arising under the Lease, including, without limitation, the right to receive any Payments due or to become due. In the event of any such assignment, any such subsequent or successive assignee or assignees shall, to the extent of such assignment, enjoy all the rights and privileges and be subject to all the obligations of the Agent hereunder. The Agent will give written notice to the Lessor and the Lessee of any such assignment.

8. This Assignment shall be governed by the laws of the State of New York, but the parties shall be entitled to all rights conferred by 49 U.S.C. § 11303.

9. The Lessor shall cause copies of all notices received in connection with the Lease and all payments thereunder to be promptly delivered or made to the Agent at its address set forth in the attached Lessee's Consent and Agreement, or at such other address as the Agent shall designate.

10. The Agent hereby agrees with the Lessor that (i) so long as no event of default, or any event which with lapse of time or notice or both would constitute such an event of default, under the Security Document has occurred and is then continuing, the Agent will not exercise or enforce, or seek to exercise or enforce, or avail itself of, any of the rights, powers, privileges, authorizations or benefits assigned and transferred by the Lessor to the Agent by this Assignment, except the right to receive and apply the Payments as provided in Paragraph 1 hereof, and that (ii) subject to the terms of the Lease, and the Security Document, the Lessor may, so long as no event of default or event which with notice or lapse of time or both would constitute such an event of default under the Security Document has occurred and is then continuing, exercise or enforce, or seek to exercise or enforce, its rights, powers, privileges, and remedies arising out of subparagraph (a) of the first paragraph of § 10 of the Lease; provided, however, the Lessor shall not, without the prior written consent of the Agent, terminate the Lease or otherwise exercise or enforce, or seek to exercise or enforce, any rights, powers, privileges and remedies arising out of subparagraph (b) of said § 10.

11. This Assignment may be executed in any number of counterparts, but the counterpart delivered to the Agent shall be deemed to be the original counterpart. Although for convenience this Assignment is dated as of the date first above written, the actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

AGREEMENT AND ASSIGNMENT dated as of February 2, 1979, between PACCAR, INC. (the "Builder"), and FIRST SECURITY BANK OF UTAH, N.A., not in its individual capacity but solely as Agent under a Participation Agreement dated as of the date hereof (the "Assignee").

The Builder and Arlington-Integrated (Rail), Inc. (the "Owner"), have entered into a Conditional Sale Agreement dated as of the date hereof (the "Conditional Sale Agreement") covering the construction, sale and delivery by the Builder, and the purchase by the Owner, of the railroad equipment described in Annex B to the Conditional Sale Agreement (the "Equipment").

The Owner and the Trustees of the Property of Boston and Maine Corporation, Debtor (the "Lessee") have entered into a Lease of Railroad Equipment dated as of the date hereof (the "Lease") providing for the lease to the Lessee of the Equipment.

NOW, THEREFORE, THIS AGREEMENT AND ASSIGNMENT WITNESSETH: that in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration paid by the Assignee to the Builder, the receipt of which is hereby acknowledged, as well as of the mutual covenants herein contained, the parties hereto agree as follows:

SECTION 1. The Builder hereby assigns, transfers and sets over unto the Assignee, its successors and assigns:

(a) all the right, title and interest of the Builder in and to each unit of Equipment when and as delivered to and accepted by the Owner, subject to payment by the Assignee to the Builder of the amount required to be paid pursuant to Section 4 hereof and subject to the payment to the Builder by the Owner of the amounts required to be paid pursuant to subparagraph (a) of the third paragraph of Article 4 of the Conditional Sale Agreement;

(b) all the right, title and interest of the Builder in and to the Conditional Sale Agreement (except the right to deliver the Equipment, the right

to receive the payments specified in subparagraph (a) of the third paragraph of Article 4 thereof and the right to reimbursement for taxes paid or incurred by the Builder) and, except as aforesaid, in and to any and all amounts which may be or become due or owing to the Builder under the Conditional Sale Agreement on account of the indebtedness in respect of the Purchase Price (as defined in the Conditional Sale Agreement) of the Equipment and interest thereon, and in and to any other sums becoming due from the Owner under the Conditional Sale Agreement, other than those hereinabove excluded; and

(c) except as limited by subparagraph (b) of this paragraph, all of the Builder's rights, titles, powers, privileges and remedies under the Conditional Sale Agreement;

without any recourse hereunder, however, against the Builder for or on account of the failure of the Owner to make any of the payments provided for in, or otherwise to comply with, any of the provisions of the Conditional Sale Agreement, provided, however, that this Assignment shall not subject the Assignee to, or transfer, or pass, or in any way affect or modify, the obligations of the Builder to deliver the Equipment in accordance with the Conditional Sale Agreement or with respect to its warranties and agreements contained or referred to in Article 13 of the Conditional Sale Agreement or relieve the Owner from its obligations to the Builder contained in Articles 2, 3, 4, 6 and 13 of the Conditional Sale Agreement, it being understood and agreed that, notwithstanding this Agreement, or any subsequent assignment pursuant to the provisions of Article 14 of the Conditional Sale Agreement, all obligations of the Builder to the Owner with respect to the Equipment shall be and remain enforceable by the Owner, its successors and assigns, against and only against the Builder. In furtherance of the foregoing assignment and transfer, the Builder hereby authorizes and empowers the Assignee in the Assignee's own name, or in the name of the Assignee's nominee, or in the name of and as attorney, hereby irrevocably constituted, for the Builder, to ask, demand, sue for, collect, receive and enforce any and all sums to which the Assignee is or may become entitled under this Assignment and compliance by the Owner with the terms and agreements on its part to be performed under the Conditional Sale Agreement, but at the expense and liability and for the sole benefit of the Assignee.

SECTION 2. The Builder agrees that it shall construct the Equipment in full accordance with the Conditional Sale Agreement and will deliver the same upon completion to the Owner in accordance with the provisions of the Conditional Sale Agreement and, that notwithstanding this Assignment, it will perform and fully comply with each of and all the covenants and conditions of the Conditional Sale Agreement set forth to be performed and complied with by the Builder. The Builder further agrees that it will warrant to the Assignee and the Owner that at the time of delivery of each unit of the Equipment under the Conditional Sale Agreement it had legal title to such unit and good and lawful right to sell such unit and that such unit was free of all claims, liens, security interests and other encumbrances of any nature except only the rights created under the Conditional Sale Agreement, this Agreement and Assignment and the Lease; and the Builder further agrees that it will defend the title to such unit against the demands of all persons whomsoever based on claims originating prior to the delivery of such unit by the Builder under the Conditional Sale Agreement; all subject, however, to the provisions of the Conditional Sale Agreement and the rights of the Owner thereunder.

SECTION 3. The Builder agrees with the Assignee that in any suit, proceeding or action brought by the Assignee under the Conditional Sale Agreement for any installment of, or interest on, indebtedness in respect of the Purchase Price of the Equipment or to enforce any provision of the Conditional Sale Agreement, the Builder will indemnify, protect and hold harmless the Assignee from and against all expenses, loss or damage suffered by reason of any defense, setoff, counterclaim or recoupment whatsoever claimed by the Owner or the Lessee arising out of a breach by the Builder of any obligation with respect to the Equipment or the manufacture, construction, delivery or warranty thereof, or by reason of any defense, setoff, counterclaim or recoupment whatsoever arising by reason of any other indebtedness or liability at any time owing to the Owner or the Lessee by the Builder. The Builder's obligation so to indemnify, protect and hold harmless the Assignee is conditional upon (a) the Assignee's timely motion or other appropriate action, on the basis of Article 14 of the Conditional Sale Agreement, to strike any defense, set-off, counterclaim or recoupment asserted by the Owner or the Lessee in any such suit, proceeding or action and (b) if the court or other body having jurisdiction in such

suit, proceeding or action denies such motion or other action and accepts such defense, setoff, counterclaim or recoupment as a triable issue in such suit, proceeding or action, the Assignee's prompt notification to the Builder of the asserted defense, setoff, counterclaim or recoupment and the Assignee's giving the Builder the right, at the Builder's expense, to compromise, settle or defend against such defense, setoff, counterclaim or recoupment.

Except in cases of articles or materials specified by the Lessee and not manufactured by the Builder and in cases of designs, systems, processes, formulae or combinations specified by the Lessee and not developed or purported to be developed by the Builder, the Builder agrees to indemnify, protect and hold harmless the Assignee from and against any and all liability, claims, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Assignee or its assigns because of the use in or about the construction or operation of any of the Equipment of any design, system, process, formula, combination, article or material which infringes or is claimed to infringe on any patent or other right. The Assignee will give prompt notice to the Builder of any claim actually known to the Assignee which is based upon any such alleged infringement and will give the Builder the right, at the Builder's expense, to compromise, settle or defend against such claim. The Builder agrees that any amounts payable to it by the Owner or the Lessee with respect to the Equipment, whether pursuant to the Conditional Sale Agreement or otherwise, not hereby assigned to the Assignee, shall not be secured by any lien, charge or security interest upon the Equipment or any unit thereof.

SECTION 4. The Assignee, on each Closing Date fixed as provided in Article 4 of the Conditional Sale Agreement with respect to a Group (as defined in said Article 4) of the Equipment, shall pay to the Builder an amount equal to the portion of the Purchase Price thereof which, under the terms of said Article 4, is payable in installments, provided that there shall have been delivered to the Assignee on or prior to such Closing Date, the following documents, in form and substance satisfactory to it and to its special counsel, Messrs. Cravath, Swaine & Moore, in such number of counterparts as may be reasonably requested by said special counsel:

(a) a bill or bills of sale from the Builder to the Owner transferring to the Owner and its successors and

assigns all right, title and interest (other than the security interest assigned to the Assignee) of the Builder in such units, warranting to the Owner that, at the time of delivery to the Owner of such units under the Conditional Sale Agreement, the Builder had legal title to such units and good and lawful right to sell such units and such units were free of all claims, liens, security interests and other encumbrances of any nature (other than those created by the Conditional Sale Agreement and the rights of Lessee under the Lease) and covenanting to defend the title to such units against demands of all persons whomsoever based on claims originating prior to the delivery of such units by the Builder to the Owner under the Conditional Sale Agreement;

(b) a bill or bills of sale from the Builder to the Assignee transferring to the Assignee the security interest of the Builder in such units, warranting to the Assignee that, at the time of delivery of such units under the Conditional Sale Agreement, the Builder had legal title to such units and good and lawful right to sell such units and such units were free of all claims, liens, security interests and other encumbrances of any nature (other than those created by the Conditional Sale Agreement and the rights of the Lessee under the Lease) and covenanting to defend such security interest in such units against demands of all persons whomsoever based on claims originating prior to the delivery of such units by the Builder to the Owner under the Conditional Sale Agreement;

(c) a Certificate or Certificates of Acceptance on behalf of the Owner and the Lessee with respect to the units of the Equipment as contemplated by Article 3 of the Conditional Sale Agreement and § 2 of the Lease;

(d) Invoice (as defined in Article 4 of the Conditional Sale Agreement) for the units of the Equipment accompanied by or having endorsed thereon a certification by the Owner and the Lessee as to their approval thereof;

(e) an opinion of counsel for the Builder, dated as of the Closing Date, addressed to the Assignee and the Owner, to the effect that the bill or bills of sale

described in clauses (a) and (b) above have been duly authorized, executed and delivered by the Builder and are valid and effective to transfer to the Owner title to, and to the Assignee the security interest in, the units of the Equipment, free from all claims, liens, security interests and other encumbrances (other than those created by the Conditional Sale Agreement and the rights of the Lessee under the Lease) arising from, through or under the Builder; and

(g) a receipt from the Builder for any payment (other than the payment being made by the Assignee pursuant to the first paragraph of this Section 4) required to be made on such Closing Date to the Builder with respect to the Equipment, unless such payment is made by the Assignee with funds furnished to it for that purpose by the Owner.

The obligation of the Assignee hereunder to make payment for any of the Equipment assigned hereunder is hereby expressly conditioned upon the Assignee having on deposit, pursuant to the terms of the Participation Agreement, sufficient funds available to make such payment and upon payment by the Owner of the amount required to be paid by it pursuant to subparagraph (a) of the third paragraph of Article 4 of the Conditional Sale Agreement. In the event that the Assignee shall not make any such payment, the Assignee shall reassign to the Builder, without recourse to the Assignee, all right, title and interest of the Assignee in and to the units of Equipment with respect to which payment has not been made by the Assignee.

SECTION 5. The Assignee may assign all or any of its rights under the Conditional Sale Agreement, including the right to receive any payments due or to become due to it from the Owner thereunder. In the event of any such assignment, any such subsequent or successive assignee or assignees shall, to the extent of such assignment, and upon giving the written notice required in Article 14 of the Conditional Sale Agreement, enjoy all the rights and privileges and be subject to all the obligations of the Assignee hereunder.

SECTION 6. The Builder hereby:

(a) represents and warrants to the Assignee, the Owner and their successors and assigns, that the Conditional Sale Agreement and this Assignment were

duly authorized by it and duly and lawfully executed and delivered by it for a valid consideration, that, assuming due authorization, execution and delivery by the Owner, the Conditional Sale Agreement and this Assignment are, insofar as the Builder is concerned, legal, valid and binding agreements, enforceable in accordance with their terms and that each is now in force without amendment thereto;

(b) agrees that it will from time to time, at the request of the Assignee or the Owner or their respective successors or assigns, make, execute and deliver all such further instruments of assignment, transfer and assurance and do all such further acts and things as may be necessary and appropriate in the premises to give effect to the provisions hereinabove set forth and more perfectly to confirm the rights, titles and interests hereby assigned and transferred to the Assignee and the Owner or intended so to be; and

(c) agrees that, subsequent to payment upon request of the Assignee or the Owner or their respective successors and assigns, it will execute any and all instruments which may be necessary or proper in order to discharge of record the Conditional Sale Agreement or any other instrument evidencing any interest of the Builder therein or in the Equipment.

SECTION 7. The terms of this Assignment and all rights and obligations hereunder shall be governed by the laws of the State of Washington, provided, however, that the parties shall be entitled to all the rights conferred by 49 U.S.C. § 11303 and Section 86 of the Railway Act of Canada, such additional rights arising out of the filing, recording or depositing of the Conditional Sale Agreement and this Assignment as shall be conferred by the laws of the several jurisdictions in which the Conditional Sale Agreement or this Assignment shall be filed, recorded or deposited, or in which any unit of the Equipment shall be located, and any rights arising out of the marking on the units of Equipment.

SECTION 8. This Assignment may be executed in any number of counterparts, all of which together shall constitute a single instrument. Although for convenience this Assignment is dated as of the date first above written, the actual date or dates of execution hereof by the parties

hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

IN WITNESS WHEREOF, the parties hereto, each pursuant to due corporate authority, have caused this instrument to be executed in their respective corporate names by duly authorized officials, and their respective corporate seals to be hereunto affixed and duly attested, all as of the date first above written.

ARLINGTON-INTEGRATED (RAIL), INC.

TAX INDEMNITY AGREEMENT

THIS TAX INDEMNITY AGREEMENT, dated as of August 1, 1979, is between ROBERT W. MESERVE and BENJAMIN H. LACY, trustees of the property of BOSTON AND MAINE CORPORATION, Debtor (the "Debtor") (said trustees in such capacity together with any successors or assigns hereinafter called the "Lessee"), and ARLINGTON-INTEGRATED (RAIL), INC., a Delaware Corporation (together with its successors, assigns and partners therein, hereinafter called the "Lessor").

WHEREAS, the Lessor has entered into a conditional sale agreement dated as of the date hereof (the "Conditional Sale Agreement") with PACCAR, Inc. (the "Builder"), wherein the Builder has agreed to construct, sell and deliver to the Lessor certain units of railroad equipment (individually a "Unit" and collectively the "Units" or the "Equipment").

WHEREAS, the Lessee has leased all the Units, or such lesser number as are delivered and accepted by it on or before March 31, 1980, at the rentals and for the terms and upon the conditions provided in a certain lease of railroad equipment dated the date hereof (the "Lease"); and

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration paid by Lessor to Lessee, the receipt and sufficiency of which is hereby acknowledged, and intending to be legally bound, the parties hereto hereby agree as follows:

SECTION 1.

It is intended that the Lease will be recognized as a lease for all Federal, state, city and local income taxes or franchise taxes and that the Lease does not convey to the Lessee any right, title or interest in the Units except as lessee and that for United States income tax purposes (and to the extent applicable for state and local tax purposes) the Lessor will be treated as the beneficial owner of the Units purchased by it and shall be entitled to such deductions, credits and other benefits as are provided by the Internal Revenue Code of 1954, as amended to the date hereof (hereinafter called the "Code"), to an owner of new tangible, personal property including (without limitation) the depreciation deduction with respect to the Units authorized under Section 167 of the Code based on an amount at least equal to the aggregate Purchase Price (as defined in the Conditional Sale Agreement) of the Units purchased by the Lessor employing the double declining balance method of depreciation (without taking into account the salvage value of the Units) based on a depreciable life of 12 years, pursuant to Section 167(m) of the Code for an asset described in Asset Guideline Class No. 00.25, switching to the sum of years digit method when most beneficial to the Lessor without the approval of the Commissioner (until the Units have been depreciated to a salvage value that is not greater than that determined by an estimated gross salvage value of 10% of the basis of the Units which will be reduced by 10% of such basis as provided in Section 167(f) of the Code) (such deduction being herein called the Depreciation Deduction), deductions with respect to interest payable under the Conditional Sale Agreement pursuant to Section 163 of the Code (such deductions being herein called the Interest Deduction), and the 10% investment tax credit with respect to an amount at least equal to the aggregate Purchase Price of the Units (herein called the "Investment Credit") pursuant to Section 38 and related sections of the Code. Nothing herein shall preclude the Lessor from claiming any deductions, credits or other benefits as provided in the Code in a manner other than as set forth in this Section 1; provided, however, that the Lessee's obligations under this

Agreement shall in all cases be computed solely on the basis of the assumptions with respect to the Depreciation Deduction, Interest Deduction and Investment Credit set forth in this Section 1.

SECTION 2.

The Lessee represents, covenants and warrants that:

- (i) neither it nor any corporation controlled by it, in control of it, or under common control with it, directly or indirectly, will at any time take any action or file any returns or other documents inconsistent with the foregoing or which would increase the amount required to be taken into income by the Lessor over the amount specified to be payable under the Lease on the dates due thereunder, except as specifically provided in the Lease or hereunder, and that each of such corporations will file such returns, take such actions and execute such documents as may be reasonable and necessary to facilitate accomplishment of the intent of this Agreement;
- (ii) it will not take any action which would preclude the "original use" of the Equipment within the meaning of Section 167(c)(2) of the Code from commencing with the Lessor;
- (iii) none of the Units will be used or located outside the United States for more than 50% of any calendar year or portion thereof after the date such Unit was placed in service;
- (iv) it has not taken title to any Unit under any purchase order or purchase agreement; and
- (v) the Lessee agrees to keep and make available for inspection and copying by the Lessor such records as will enable the Lessor to determine the extent to which it is entitled to the benefit of the Investment Credit and the Depreciation Deduction with respect to the Units and to verify the use set forth in the foregoing clauses.

SECTION 3.

If by reason of:

- (i) any inaccuracy in any material respect of the representations and warranties set forth in the preceding Section 2 hereof; or
- (ii) the cancellation of the Lease or sale of the Equipment pursuant to Section 10 of the Lease due to the institution of liquidation of the Lessee, pursuant to the dismissal of the Lessee's petition for reorganization under Section 77(g) of the Bankruptcy Act, or otherwise if, and only to the extent that, the sales price of the Units is less than the applicable Casualty Value (as defined in the Lease); or
- (iii) any improvements, except those mandated by applicable governmental or regulatory authority, which are required to be included in the gross income of the Lessor; or
- (iv) the occurrence of an Event of Default as defined in Section 10 of the Lease; or

- (v) the use of any Unit by any tax-exempt organization or governmental unit; or
- (vi) any other act, omission or misrepresentation of the Lessee

the Lessor shall not be entitled to claim the use of the Investment Credit, or shall lose, or shall not have, or shall lose the right to claim, or shall suffer a disallowance of, or shall be required to recapture all or any portion of, the Investment Credit, the Depreciation Deduction or the Interest Deduction with respect to all or part of any Unit (any such loss, disallowance, recapture or treatment being hereinafter called a "Loss"), then, beginning with the next succeeding rental payment date after written notice is given to the Lessee by the Lessor that a Loss has occurred, the monthly rental payment and Casualty Values (as defined in the Lease) shall be increased by such amount for such Unit which, after the reduction by all taxes required to be paid by the Lessor by virtue of such increase and after taking into account the effects of any interest or penalty after the reduction by all taxes required to be paid by the Lessor with respect to such payment as a result of such Losses will cause the Lessor's net after-tax rate of return, in the reasonable opinion of the Lessor, (hereinafter as so determined called "Net Return") over the entire term of the Lease in respect of such Unit to equal the Net Return that would have been available if the Lessor had been entitled to the full utilization of such deductions, credits and other benefits. With respect to a Loss ascertained after the expiration of this Lease, the Lessee shall make a lump sum payment to compensate the Lessor for such Loss.

For purposes of this Section 3, a Loss shall occur upon the earliest of (1) the happening of any event (such as disposition or change in use of any Unit) which may cause such Loss, (2) the payment by the Lessor to the Internal Revenue Service of the tax increase resulting from such Loss, or (3) the adjustment or proposed adjustment of the tax return of the Lessor to reflect such Loss.

For the calculation of amounts based on the Net Return to the Lessor a marginal combined federal and state income tax rate of 53.5% shall be assumed.

Notwithstanding the foregoing provisions of this Section 3, the maximum amount ("Maximum Indemnity") which the Lessee is required to pay to the Lessor under this Agreement with respect to any Loss is the percentage of the Purchase Price of the Units set forth below under the heading "Maximum Indemnity" with respect to any Unit subject to such Loss if the event which gives rise to such Loss occurs on or before the anniversary of the delivery and acceptance of such Unit set forth below under the heading "Anniversary of Delivery and Acceptance".

<u>ANNIVERSARY OF DELIVERY AND ACCEPTANCE</u>	<u>MAXIMUM INDEMNITY</u>
Third	20%
Fifth	16-2/3%
Seventh	13-1/3%

With respect to any Loss arising with respect to a Unit, from an event occurring after the seventh anniversary of the delivery and acceptance of such Unit, the Maximum Indemnity shall be 10% of the Purchase Price of such Unit.

It is confirmed and agreed hereunder that wherever the term "Lessor" is used in this Section 3, it shall mean the Lessor together with its successors, assigns and partners therein.

SECTION 4.

The obligations and agreements to pay any sums which may become payable pursuant to this Agreement with respect to events or matters occurring during the term of the Lease shall survive the expiration or other termination of the Lease or the Lessee's interest therein.

SECTION 5.

Anything to the contrary contained herein notwithstanding, any nonpayment of any obligation hereunder when due shall result in the additional obligation on the part of the obligor promptly to pay to the extent legally enforceable, interest in the amount of 13% per annum for the period of time which the obligation is overdue or such lesser amount as may be legally enforceable.

SECTION 6.

Any notice required to be given herein shall be deemed to have been given when deposited in the United States certified mails, first-class postage prepaid, addressed as follows:

AGREEMENT AND ASSIGNMENT

Dated as of August 1, 1979

between

PACCAR, INC.,

Builder,

and

FIRST SECURITY BANK OF UTAH, N.A.,
not in its individual capacity but solely as Agent under
a Participation Agreement dated as of the date hereof,

Assignee.

AGREEMENT AND ASSIGNMENT dated as of February 2, 1979, between PACCAR, INC. (the "Builder"), and FIRST SECURITY BANK OF UTAH, N.A., not in its individual capacity but solely as Agent under a Participation Agreement dated as of the date hereof (the "Assignee").

The Builder and Arlington-Integrated (Rail), Inc. (the "Owner"), have entered into a Conditional Sale Agreement dated as of the date hereof (the "Conditional Sale Agreement") covering the construction, sale and delivery by the Builder, and the purchase by the Owner, of the railroad equipment described in Annex B to the Conditional Sale Agreement (the "Equipment").

The Owner and the Trustees of the Property of Boston and Maine Corporation, Debtor (the "Lessee") have entered into a Lease of Railroad Equipment dated as of the date hereof (the "Lease") providing for the lease to the Lessee of the Equipment.

NOW, THEREFORE, THIS AGREEMENT AND ASSIGNMENT WITNESSETH: that in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration paid by the Assignee to the Builder, the receipt of which is hereby acknowledged, as well as of the mutual covenants herein contained, the parties hereto agree as follows:

SECTION 1. The Builder hereby assigns, transfers and sets over unto the Assignee, its successors and assigns:

(a) all the right, title and interest of the Builder in and to each unit of Equipment when and as delivered to and accepted by the Owner, subject to payment by the Assignee to the Builder of the amount required to be paid pursuant to Section 4 hereof and subject to the payment to the Builder by the Owner of the amounts required to be paid pursuant to subparagraph (a) of the third paragraph of Article 4 of the Conditional Sale Agreement;

(b) all the right, title and interest of the Builder in and to the Conditional Sale Agreement (except the right to deliver the Equipment, the right

to receive the payments specified in subparagraph (a) of the third paragraph of Article 4 thereof and the right to reimbursement for taxes paid or incurred by the Builder) and, except as aforesaid, in and to any and all amounts which may be or become due or owing to the Builder under the Conditional Sale Agreement on account of the indebtedness in respect of the Purchase Price (as defined in the Conditional Sale Agreement) of the Equipment and interest thereon, and in and to any other sums becoming due from the Owner under the Conditional Sale Agreement, other than those hereinabove excluded; and

(c) except as limited by subparagraph (b) of this paragraph, all of the Builder's rights, titles, powers, privileges and remedies under the Conditional Sale Agreement;

without any recourse hereunder, however, against the Builder for or on account of the failure of the Owner to make any of the payments provided for in, or otherwise to comply with, any of the provisions of the Conditional Sale Agreement, provided, however, that this Assignment shall not subject the Assignee to, or transfer, or pass, or in any way affect or modify, the obligations of the Builder to deliver the Equipment in accordance with the Conditional Sale Agreement or with respect to its warranties and agreements contained or referred to in Article 13 of the Conditional Sale Agreement or relieve the Owner from its obligations to the Builder contained in Articles 2, 3, 4, 6 and 13 of the Conditional Sale Agreement, it being understood and agreed that, notwithstanding this Agreement, or any subsequent assignment pursuant to the provisions of Article 14 of the Conditional Sale Agreement, all obligations of the Builder to the Owner with respect to the Equipment shall be and remain enforceable by the Owner, its successors and assigns, against and only against the Builder. In furtherance of the foregoing assignment and transfer, the Builder hereby authorizes and empowers the Assignee in the Assignee's own name, or in the name of the Assignee's nominee, or in the name of and as attorney, hereby irrevocably constituted, for the Builder, to ask, demand, sue for, collect, receive and enforce any and all sums to which the Assignee is or may become entitled under this Assignment and compliance by the Owner with the terms and agreements on its part to be performed under the Conditional Sale Agreement, but at the expense and liability and for the sole benefit of the Assignee.

SECTION 2. The Builder agrees that it shall construct the Equipment in full accordance with the Conditional Sale Agreement and will deliver the same upon completion to the Owner in accordance with the provisions of the Conditional Sale Agreement and, that notwithstanding this Assignment, it will perform and fully comply with each of and all the covenants and conditions of the Conditional Sale Agreement set forth to be performed and complied with by the Builder. The Builder further agrees that it will warrant to the Assignee and the Owner that at the time of delivery of each unit of the Equipment under the Conditional Sale Agreement it had legal title to such unit and good and lawful right to sell such unit and that such unit was free of all claims, liens, security interests and other encumbrances of any nature except only the rights created under the Conditional Sale Agreement, this Agreement and Assignment and the Lease; and the Builder further agrees that it will defend the title to such unit against the demands of all persons whomsoever based on claims originating prior to the delivery of such unit by the Builder under the Conditional Sale Agreement; all subject, however, to the provisions of the Conditional Sale Agreement and the rights of the Owner thereunder.

SECTION 3. The Builder agrees with the Assignee that in any suit, proceeding or action brought by the Assignee under the Conditional Sale Agreement for any installment of, or interest on, indebtedness in respect of the Purchase Price of the Equipment or to enforce any provision of the Conditional Sale Agreement, the Builder will indemnify, protect and hold harmless the Assignee from and against all expenses, loss or damage suffered by reason of any defense, setoff, counterclaim or recoupment whatsoever claimed by the Owner or the Lessee arising out of a breach by the Builder of any obligation with respect to the Equipment or the manufacture, construction, delivery or warranty thereof, or by reason of any defense, setoff, counterclaim or recoupment whatsoever arising by reason of any other indebtedness or liability at any time owing to the Owner or the Lessee by the Builder. The Builder's obligation so to indemnify, protect and hold harmless the Assignee is conditional upon (a) the Assignee's timely motion or other appropriate action, on the basis of Article 14 of the Conditional Sale Agreement, to strike any defense, set-off, counterclaim or recoupment asserted by the Owner or the Lessee in any such suit, proceeding or action and (b) if the court or other body having jurisdiction in such

suit, proceeding or action denies such motion or other action and accepts such defense, setoff, counterclaim or recoupment as a triable issue in such suit, proceeding or action, the Assignee's prompt notification to the Builder of the asserted defense, setoff, counterclaim or recoupment and the Assignee's giving the Builder the right, at the Builder's expense, to compromise, settle or defend against such defense, setoff, counterclaim or recoupment.

Except in cases of articles or materials specified by the Lessee and not manufactured by the Builder and in cases of designs, systems, processes, formulae or combinations specified by the Lessee and not developed or purported to be developed by the Builder, the Builder agrees to indemnify, protect and hold harmless the Assignee from and against any and all liability, claims, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Assignee or its assigns because of the use in or about the construction or operation of any of the Equipment of any design, system, process, formula, combination, article or material which infringes or is claimed to infringe on any patent or other right. The Assignee will give prompt notice to the Builder of any claim actually known to the Assignee which is based upon any such alleged infringement and will give the Builder the right, at the Builder's expense, to compromise, settle or defend against such claim. The Builder agrees that any amounts payable to it by the Owner or the Lessee with respect to the Equipment, whether pursuant to the Conditional Sale Agreement or otherwise, not hereby assigned to the Assignee, shall not be secured by any lien, charge or security interest upon the Equipment or any unit thereof.

SECTION 4. The Assignee, on each Closing Date fixed as provided in Article 4 of the Conditional Sale Agreement with respect to a Group (as defined in said Article 4) of the Equipment, shall pay to the Builder an amount equal to the portion of the Purchase Price thereof which, under the terms of said Article 4, is payable in installments, provided that there shall have been delivered to the Assignee on or prior to such Closing Date, the following documents, in form and substance satisfactory to it and to its special counsel, Messrs. Cravath, Swaine & Moore, in such number of counterparts as may be reasonably requested by said special counsel:

(a) a bill or bills of sale from the Builder to the Owner transferring to the Owner and its successors and

assigns all right, title and interest (other than the security interest assigned to the Assignee) of the Builder in such units, warranting to the Owner that, at the time of delivery to the Owner of such units under the Conditional Sale Agreement, the Builder had legal title to such units and good and lawful right to sell such units and such units were free of all claims, liens, security interests and other encumbrances of any nature (other than those created by the Conditional Sale Agreement and the rights of Lessee under the Lease) and covenanting to defend the title to such units against demands of all persons whomsoever based on claims originating prior to the delivery of such units by the Builder to the Owner under the Conditional Sale Agreement;

(b) a bill or bills of sale from the Builder to the Assignee transferring to the Assignee the security interest of the Builder in such units, warranting to the Assignee that, at the time of delivery of such units under the Conditional Sale Agreement, the Builder had legal title to such units and good and lawful right to sell such units and such units were free of all claims, liens, security interests and other encumbrances of any nature (other than those created by the Conditional Sale Agreement and the rights of the Lessee under the Lease) and covenanting to defend such security interest in such units against demands of all persons whomsoever based on claims originating prior to the delivery of such units by the Builder to the Owner under the Conditional Sale Agreement;

(c) a Certificate or Certificates of Acceptance on behalf of the Owner and the Lessee with respect to the units of the Equipment as contemplated by Article 3 of the Conditional Sale Agreement and § 2 of the Lease;

(d) Invoice (as defined in Article 4 of the Conditional Sale Agreement) for the units of the Equipment accompanied by or having endorsed thereon a certification by the Owner and the Lessee as to their approval thereof;

(e) an opinion of counsel for the Builder, dated as of the Closing Date, addressed to the Assignee and the Owner, to the effect that the bill or bills of sale

described in clauses (a) and (b) above have been duly authorized, executed and delivered by the Builder and are valid and effective to transfer to the Owner title to, and to the Assignee the security interest in, the units of the Equipment, free from all claims, liens, security interests and other encumbrances (other than those created by the Conditional Sale Agreement and the rights of the Lessee under the Lease) arising from, through or under the Builder; and

(g) a receipt from the Builder for any payment (other than the payment being made by the Assignee pursuant to the first paragraph of this Section 4) required to be made on such Closing Date to the Builder with respect to the Equipment, unless such payment is made by the Assignee with funds furnished to it for that purpose by the Owner.

The obligation of the Assignee hereunder to make payment for any of the Equipment assigned hereunder is hereby expressly conditioned upon the Assignee having on deposit, pursuant to the terms of the Participation Agreement, sufficient funds available to make such payment and upon payment by the Owner of the amount required to be paid by it pursuant to subparagraph (a) of the third paragraph of Article 4 of the Conditional Sale Agreement. In the event that the Assignee shall not make any such payment, the Assignee shall reassign to the Builder, without recourse to the Assignee, all right, title and interest of the Assignee in and to the units of Equipment with respect to which payment has not been made by the Assignee.

SECTION 5. The Assignee may assign all or any of its rights under the Conditional Sale Agreement, including the right to receive any payments due or to become due to it from the Owner thereunder. In the event of any such assignment, any such subsequent or successive assignee or assignees shall, to the extent of such assignment, and upon giving the written notice required in Article 14 of the Conditional Sale Agreement, enjoy all the rights and privileges and be subject to all the obligations of the Assignee hereunder.

SECTION 6. The Builder hereby:

(a) represents and warrants to the Assignee, the Owner and their successors and assigns, that the Conditional Sale Agreement and this Assignment were

duly authorized by it and duly and lawfully executed and delivered by it for a valid consideration, that, assuming due authorization, execution and delivery by the Owner, the Conditional Sale Agreement and this Assignment are, insofar as the Builder is concerned, legal, valid and binding agreements, enforceable in accordance with their terms and that each is now in force without amendment thereto;

(b) agrees that it will from time to time, at the request of the Assignee or the Owner or their respective successors or assigns, make, execute and deliver all such further instruments of assignment, transfer and assurance and do all such further acts and things as may be necessary and appropriate in the premises to give effect to the provisions hereinabove set forth and more perfectly to confirm the rights, titles and interests hereby assigned and transferred to the Assignee and the Owner or intended so to be; and

(c) agrees that, subsequent to payment upon request of the Assignee or the Owner or their respective successors and assigns, it will execute any and all instruments which may be necessary or proper in order to discharge of record the Conditional Sale Agreement or any other instrument evidencing any interest of the Builder therein or in the Equipment.

SECTION 7. The terms of this Assignment and all rights and obligations hereunder shall be governed by the laws of the State of Washington, provided, however, that the parties shall be entitled to all the rights conferred by 49 U.S.C. § 11303 and Section 86 of the Railway Act of Canada, such additional rights arising out of the filing, recording or depositing of the Conditional Sale Agreement and this Assignment as shall be conferred by the laws of the several jurisdictions in which the Conditional Sale Agreement or this Assignment shall be filed, recorded or deposited, or in which any unit of the Equipment shall be located, and any rights arising out of the marking on the units of Equipment.

SECTION 8. This Assignment may be executed in any number of counterparts, all of which together shall constitute a single instrument. Although for convenience this Assignment is dated as of the date first above written, the actual date or dates of execution hereof by the parties

hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

IN WITNESS WHEREOF, the parties hereto, each pursuant to due corporate authority, have caused this instrument to be executed in their respective corporate names by duly authorized officials, and their respective corporate seals to be hereunto affixed and duly attested, all as of the date first above written.

LEASE OF RAILROAD EQUIPMENT dated as of August 1, 1979, between ROBERT W. MESERVE AND BENJAMIN H. LACY, TRUSTEES OF THE PROPERTY OF BOSTON AND MAINE CORPORATION, DEBTOR (such Trustees being hereinafter called the "Lessee" and such corporation being hereinafter called the "Debtor"), and ARLINGTON-INTEGRATED (RAIL), INC., a Delaware corporation (the "Lessor").

On March 12, 1970, a petition was filed for the reorganization of the Debtor under Section 77 of the Bankruptcy Act in the United States District Court for the District of Massachusetts (the "Court") and such petition was duly approved as properly filed by the Court (the proceedings with respect thereto being hereinafter called the "Reorganization Proceedings") and Robert W. Meserve and Benjamin H. Lacy were duly qualified as Trustees of the property of the Debtor on May 18, 1970 and on August 3, 1973, respectively.

The Lessor has entered or will enter into a conditional sale agreement (the "Security Document") with PACCAR, Inc. (the "Builder"), pursuant to which the Lessor has agreed or will agree to purchase and take delivery of the railroad equipment described in Schedule A hereto (the "Equipment").

To induce Lessor to purchase the Equipment the Lessee agrees (i) to lease from the Lessor all units of the Equipment as are delivered and accepted and settled for as shall be described in one or more certificates of acceptance in the form provided by Lessor (a "Certificate of Acceptance") at the rentals and for the term and upon the conditions hereinafter provided (each such unit so leased being hereinafter called a "Unit") and (ii) to indemnify the Lessor for certain tax losses should they occur pursuant to a Tax Indemnity Agreement dated as of the date hereof (the "Indemnity Agreement").

NOW, THEREFORE, in consideration of the rentals to be paid and the covenants hereinafter mentioned to be kept and performed by the Lessee, the Lessor hereby agrees to lease the Units to the Lessee upon the following terms and conditions:

§ 1. Net Lease. This Lease is a net lease. The Lessee's obligation to pay all rentals and other amounts

hereunder shall be absolute and unconditional and, except as herein provided, the Lessee shall not be entitled to any abatement of rent or any other amounts due hereunder, reduction thereof or setoff against rent or such other amounts, including, but not limited to, abatements, reductions, counterclaims or setoffs due or alleged to be due by reason of any past, present or future claims whatsoever of the Lessee against the Lessor, whether under this Lease, under the Security Document or otherwise, including the Lessee's rights by subrogation hereunder or thereunder against the Lessor or the Builder or otherwise; nor, except as otherwise expressly provided herein, shall this Lease terminate, or the respective obligations of the Lessor or the Lessee be otherwise affected, by reason of any defect in or damage to or loss of possession or loss of use or destruction of all or any of the Units from whatsoever cause, any liens, encumbrances or rights of others with respect to any of the Units, the prohibition of or other restriction against the Lessee's use of all or any of the Units, the interference with such use by any person or entity, the invalidity or unenforceability or lack of due authorization of this Lease, any insolvency of or bankruptcy, reorganization or similar proceeding against the Lessee, or for any other cause whether similar or dissimilar to the foregoing, any present or future law to the contrary notwithstanding, it being the intention of the parties hereto that the rents and other amounts payable by the Lessee hereunder shall continue to be payable in all events in the manner and at the times herein provided unless the obligation to pay the same shall be terminated pursuant to the express provisions of this Lease. To the extent permitted by applicable law, the Lessee hereby waives any and all rights which it may now have or which at any time hereafter may be conferred upon it, by statute or otherwise, to terminate, cancel, quit or surrender the lease of any of the Units except in accordance with the express terms hereof. Each rental or other payment made by the Lessee as required by the terms of this Lease shall be final and the Lessee shall not seek to recover all or any part of such payment from the Lessor for any reason whatsoever.

§ 2. Delivery and Acceptance of Units. The Lessor hereby appoints the Lessee its agent for inspection and acceptance of the Units. Each delivery of a Unit to the Lessor under the Security Document shall be deemed to be a delivery hereunder to the Lessee at the point or points within the United States of America at which such Unit is delivered to the Lessor under the Security Document. Upon delivery of a Unit, the Lessee will cause an employee or

agent of the Lessee to inspect the same, and if such Unit is found to be acceptable, to accept delivery of such Unit on behalf of the Lessor from the Builder and itself hereunder and to execute and deliver to the Lessor a Certificate of Acceptance stating that such Unit has been inspected and accepted on behalf of the Lessee and the Lessor on the date of such Certificate of Acceptance and is marked in accordance with § 5 hereof, whereupon, except as provided in the next sentence hereof, such Unit shall be deemed to have been delivered to and accepted by the Lessee and shall be subject thereafter to all the terms and conditions of this Lease. The inspection and approval and the delivery, inspection and acceptance hereunder of any unit of Equipment not purchased by the Lessor pursuant to the Security Document shall be null and void and ineffective to subject such Unit to this Lease. The Lessee hereby represents and warrants to the Lessor that no Unit shall be put into service earlier than the date of delivery to and acceptance by the Lessee or its agent as agent for the Lessor hereunder.

§ 3. Rentals. With respect to each Unit subject to this Lease, the Lessee will pay to the Lessor as (i) basic rentals 180 consecutive monthly payments, payable on the 15th day of the month in advance, commencing October 15, 1979, and (ii) interim rental one payment on October 15, 1979. Each monthly basic rental payment shall be in an amount equal to 1.0% of the Purchase Price (defined to be the amount set forth in a Builder's invoice with respect to such Unit and approved by the Lessee) of each Unit subject to this Lease on the date of such payment. The interim rental payment shall be in an amount equal to the product of the Purchase Price of each Unit subject to this Lease on the date of payment multiplied by 0.0334% for each day elapsed from and including the date the Builder is paid the Purchase Price with respect to such Unit under the Security Document (the "Closing Date") for such Unit to, but excluding, October 15, 1979.

If any of the monthly rental payment dates referred to above is not a business day in Boston, Massachusetts, the monthly rental payment otherwise payable on such date shall then be payable on the next succeeding business day.

§ 4. Term of Lease. The term of this Lease as to each Unit shall begin on the date of delivery and acceptance of such Unit hereunder and, subject to the provisions of §§ 7, 10 and 13 hereof, shall terminate on October 15, 1994.

§ 5. Identification Marks. The Lessee will cause each Unit to be kept numbered with the identifying number set forth in Schedule A hereto, or in the case of any Unit not there listed such identifying number as shall be set forth in any amendment or supplement hereto extending this Lease to cover such Unit, and will keep and maintain or cause to be kept and maintained, plainly, distinctly, permanently and conspicuously marked on each side of each Unit, in letters not less than one inch in height, the words, "OWNER-SHIP SUBJECT TO A SECURITY AGREEMENT FILED WITH THE INTER-STATE COMMERCE COMMISSION", or other appropriate words designated by the Lessor, with appropriate changes thereof and additions thereto as from time to time may be required by law or reasonably requested in order to protect the Lessor's title to and interest in such Unit and the rights of the Lessor under this Lease. The Lessee will not place or permit any such Unit to be placed in operation or exercise any control or dominion over the same until such words shall have been so marked on both sides thereof and, at its expense, will replace or cause to be replaced promptly any such name and words which may be removed, defaced, obliterated or destroyed. The Lessee will not change or permit to be changed the identifying number of any Unit unless and until (i) a statement of new number or numbers to be substituted therefor shall have been filed with the Lessor and duly filed, recorded and deposited by the Lessee in all public offices where this Lease and the Security Document shall have been filed, recorded and deposited and (ii) the Lessee shall have furnished the Lessor an opinion of counsel to the effect that such statement has been so filed, recorded and deposited, such filing, recordation and deposit will protect the Lessor's interests in such Units and no filing, recording, deposit or giving of notice with or to any other Federal, state or local government or agency thereof is necessary to protect the interests of the Lessor in such Units.

Except as above provided, the Lessee will not allow the name of any person, association or corporation to be placed on any Unit as a designation that might be interpreted as a claim of ownership; provided, however, that the Lessee may permit the Equipment to be lettered with the names, trademarks, initials or other insignias customarily used by the Lessee or its affiliates, on railroad equipment used by them of the same or a similar type for convenience of identification of their respective rights to use the Equipment.

§ 6. Taxes. The Lessee agrees to pay or cause to be paid promptly, and on written demand to indemnify and hold the Lessor harmless from, all income, gross receipts, franchise, sales, use, property, ad valorem, value added, leasing, leasing use, stamp, excise or other taxes, assessments, fees and charges of any nature whatsoever, together with any penalties, fines, additions to tax or interest thereon, howsoever imposed, whether levied or imposed upon the Lessor, the Lessee or any Unit by any Federal, state or local government or governmental subdivision in the United States or by any foreign country or subdivision thereof, upon or with respect to the manufacture, purchase, ownership, delivery, leasing, possession, use, operation, transfer of title, return or other disposition thereof; the rentals, receipts or earnings arising therefrom; this Lease or the transactions contemplated by this Lease (all such taxes, assessments, fees, charges, penalties, fines, additions to tax and interest imposed as aforesaid being hereinafter called "Taxes"); excluding, however: Taxes of the United States or of any state or local government or governmental subdivision or authority thereof imposed on or measured solely by the net income or excess profits of the party entitled to indemnification, other than Taxes arising out of or imposed in respect of the receipt of indemnification payments pursuant to this Lease; provided, however, that the Lessee shall not be required to pay any Taxes during the period it may be contesting or causing to be contested the same in good faith and by appropriate proceedings if counsel for the Lessor shall have determined that the nonpayment thereof or the contest thereof in such proceedings does not, in the opinion of such counsel, adversely affect the title, property or rights of the Lessor.

The amount which the Lessee shall be required as reasonably determined by the indemnified party to pay with respect to any Taxes indemnified against pursuant to this § 6, shall be an amount sufficient to restore the indemnified party to the same after-tax position such indemnified party would have been in had such Taxes not been imposed.

In case any report or return is required to be made with respect to any obligation of the Lessee under this § 6 or arising out of this § 6, the Lessee shall either make or cause to be made such report or return in such manner as will show the interests of the Lessor in the Units, or shall promptly notify or cause to be notified the Lessor of such requirement and shall make or cause to be made, at its own expense, such report or return in such manner as shall be satisfactory to the Lessor.

The Lessee shall furnish or cause to be furnished promptly, upon request, such information and data as are normally available to the Lessee and which the Lessor reasonably may require to permit compliance with the requirements of any taxing authorities.

§ 7. Payment for Casualty Occurrences; Insurance.

In the event that any Unit shall be or become lost, stolen, destroyed, irreparably damaged, or permanently rendered unfit for use from any cause whatsoever, or taken or requisitioned by condemnation or otherwise resulting in loss of possession by the Lessee for a period of 90 consecutive days, except requisition for use by the United States Government for a period not in excess of the then remaining term of this Lease (each such occurrence being hereinafter called a "Casualty Occurrence"), during the term of this Lease, or until such Unit shall have been returned in the manner provided in § 11 or 14 hereof, the Lessee shall promptly and fully notify or cause to be notified the Lessor with respect thereto. On the rental payment date next succeeding the delivery of such notice (or, in the event such rental payment date will occur within 15 days after delivery of notice, on the following rental payment date), the Lessee shall pay or cause to be paid to the Lessor an amount equal to the rental payment or payments in respect of such Unit due and payable on such date plus a sum equal to the Casualty Value of such Unit as of such Casualty Occurrence (the "Calculation Date"). Upon the making of such payment by or on behalf of the Lessee in respect of any Unit, the rental for such Unit shall cease to accrue as of the date of such payment, the term of this Lease as to such Unit shall terminate and (except in the case of the loss, theft or complete destruction of such Unit) the Lessor shall be entitled to recover possession of such Unit.

The Lessor hereby appoints the Lessee its agent to dispose of any Unit suffering a Casualty Occurrence or any component thereof, before or after the expiration of this Lease, at the best price obtainable on an "as is, where is" basis. Provided that the Lessee has previously paid the Casualty Value to the Lessor and no Event of Default hereunder, or event which with notice or lapse of time or both would constitute such an Event of Default, shall have occurred and be continuing, the Lessee shall be entitled to retain the proceeds of such sale to the extent they do not exceed the Casualty Value of such Unit, and shall pay any excess to the Lessor. If any such Event of Default or event

has occurred and is continuing, the Lessee shall promptly pay all such proceeds to the Lessor.

The Casualty Value of each Unit as of the Calculation Date for each such Unit shall be that percentage of the Purchase Price of each Unit as is set forth in Item I of Schedule B hereto opposite such date. The aforesaid percentages have been computed without regard to recapture of the Investment Credit pursuant to section 38 of the Code. Consequently, the Casualty Value of any Unit suffering a Casualty Occurrence during the period preceding the third, fifth or seventh anniversary of the date of delivery and acceptance of such Unit shall be increased by the applicable percentage of the Purchase Price set forth in Item II of Schedule B hereto and such additional amounts, if any, shall be included within the meaning of the term "Casualty Value" as used herein.

In the event of the requisition for use of any Unit during the term of this Lease or any renewal thereof, unless such requisition shall constitute a Casualty Occurrence, all of the Lessee's obligations under this Lease with respect to such Unit shall continue to the same extent as if such requisition had not occurred. All payments received by the Lessor or the Lessee from the requisitioning authority for the use of such Unit during the term of this Lease shall be paid over to, or retained by, the Lessee provided no Event of Default, or event which with notice or lapse of time or both would constitute an Event of Default, shall have occurred and be continuing; and all payments received by the Lessor or the Lessee from the requisitioning authority for the use of such Unit after the term of this Lease, shall be paid over to, or retained by, the Lessor.

As between the Lessee and Lessor, the Lessee will bear the responsibility for and risk of damage to or destruction or loss of any Unit. Except as hereinabove in this § 7 provided, the Lessee shall not be released from its obligations hereunder in the event of, and shall bear the risk of, any Casualty Occurrence to any Unit from and after delivery and acceptance thereof by the Lessee hereunder.

The Lessee will, at all times prior to the return of the Equipment to the Lessor in accordance with the terms of this Lease (including the storage period provided under §§ 11 and 14 hereof), maintain or cause to be maintained, at its own expense, public liability, property and casualty insurance in respect of the Units at the time

subject hereto, at least in amounts and against risks customarily insured against by railroad companies on similar equipment owned by them and in amounts and against risks customarily insured against by the Lessee on similar equipment owned by it. The proceeds of such insurance shall be payable to the Lessor and the Lessee as their respective interests may appear.

The Lessee shall obtain from each insurer under the paragraph immediately above an agreement, by endorsement or separate instrument, that such insurer will give the Lessor 30 days' written notice before such insurer's policy shall be materially altered or canceled or not renewed. On or prior to the delivery and acceptance of any Unit hereunder, and in January of each year, the Lessee shall, to the extent applicable under the next preceding paragraph, deliver to the Lessor a certificate of insurance by or on behalf of each insurer stating the coverage, named insureds and limits of each such policy.

§ 8. Reports. On or before April 1 in each year, commencing with the calendar year 1980, the Lessee will furnish or cause to be furnished to the Lessor an accurate statement (a) setting forth as at the preceding December 31 the amount, description and numbers of all Units then leased hereunder, the amount, description and numbers of all Units that have suffered a Casualty Occurrence during the preceding calendar year or, in the case of the first such statement, since the date of this Lease (specifying the dates of such Casualty Occurrences) or to the knowledge of the Lessee are then undergoing repairs (other than running repairs) or are then withdrawn from use pending repairs (other than running repairs) and such other information regarding the condition and state of repair of the Units as the Lessor may reasonably request and when so specifically requested by the Lessor, such report with regard to repairs shall be made by the chief mechanical officer of the Lessee and (b) stating that, in the case of all Units repainted or repaired during the period covered by such statement, the numbers and the markings required by § 5 hereof have been preserved or replaced. The Lessor shall have the right by its agents to inspect the Units and the Lessee's and its agent's records with respect thereto at such reasonable times as the Lessor may request during the continuance of this Lease.

§ 9. Disclaimer of Warranties; Compliance with Laws and Rules; Maintenance; Indemnification. THE LESSOR DOES NOT MAKE, HAS NOT MADE AND SHALL NOT BE DEEMED TO MAKE

OR HAVE MADE ANY WARRANTY OR REPRESENTATION, EITHER EXPRESS OR IMPLIED, AS TO THE DESIGN, COMPLIANCE WITH SPECIFICATIONS, OPERATION OR CONDITION OF, OR AS TO THE QUALITY OF THE MATERIAL, EQUIPMENT OR WORKMANSHIP IN, THE UNITS OR ANY COMPONENT THEREOF DELIVERED TO THE LESSEE HEREUNDER, AND THE LESSOR DOES NOT MAKE ANY WARRANTY OF MERCHANTABILITY OR FITNESS OF THE UNITS OR ANY COMPONENT THEREOF FOR ANY PARTICULAR PURPOSE NOR AS TO TITLE TO THE UNITS OR ANY COMPONENT THEREOF, NOR ANY OTHER REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, WITH RESPECT TO ANY UNIT OR ANY COMPONENT THEREOF (EITHER UPON DELIVERY THEREOF TO THE LESSEE OR OTHERWISE), it being agreed that all such risks, as between the Lessor and the Lessee, are to be borne by the Lessee; but the Lessor hereby irrevocably appoints and constitutes the Lessee its agent and attorney-in-fact during the term of this Lease to assert and enforce from time to time, in the name of and for the account of the Lessor and/or the Lessee, as their interests may appear, at the Lessee's sole cost and expense, whatever claims and rights the Lessor may have against the Builder. The Lessor shall have no responsibility or liability to the Lessee or any other person with respect to any of the following: (i) any liability, loss or damage caused or alleged to be caused directly or indirectly by any Units or by any inadequacy thereof or deficiency or defect therein or by any other circumstance in connection therewith; (ii) the use, operation or performance of any Units or any risks relating thereto; (iii) any interruption of service, loss of business or anticipated profits or consequential damages; or (iv) the delivery, operation, servicing, maintenance, repair, improvement or replacement of any Units. The Lessee's delivery of a Certificate of Acceptance shall be conclusive evidence as between the Lessee and the Lessor that the Units described therein are in all the foregoing respects satisfactory to the Lessee; and the Lessee will not assert any claim of any nature whatsoever against the Lessor based on any of the foregoing matters.

The Lessee agrees, for the benefit of the Lessor, to comply in all respects (including, without limitation, with respect to the use, maintenance and operation of each Unit) with all the laws of the jurisdiction in which its operations involving the Unit may extend, with the interchange rules of the Association of American Railroads and with all lawful rules of the United States Department of Transportation, the Interstate Commerce Commission and any other legislative, executive, administrative or judicial body exercising any

power or jurisdiction over the Units, to the extent that such laws and rules affect the title, operation or use of the Units and in the event that such laws or rules require any alteration, replacement, modification or addition of or to any part of any Unit, the Lessee will fully conform therewith at no expense to the Lessor; provided, however, that the Lessee may upon written notice to the Lessor, in good faith, contest or cause to be contested the validity or application of any such law or rule in any reasonable manner which does not, in the opinion of the Lessor, adversely affect the property or rights of the Lessor under this Lease.

The Lessee agrees to prepare and deliver to the Lessor within a reasonable time prior to the required date of filing (or, to the extent permissible, file on behalf of the Lessor) any and all reports (other than income tax returns) to be filed by the Lessor with any Federal, state or other regulatory authority solely by reason of the ownership by the Lessor of the Units or the leasing thereof to the Lessee and to supply any information which the Lessor reasonably requests to enable it to prepare any other reports.

The Lessee agrees that, at its own cost and expense, it will maintain and keep each Unit (including any parts installed on or replacements made to any Unit and considered an Addition thereto as hereinbelow provided) which is subject to this Lease in good operating order, repair and condition, ordinary wear and tear excepted. Such maintenance shall include the performance of any overhauls required pursuant to standard and prudent railroad requirements (including, but not limited to, the interchange rules of the Association of American Railroads).

The Lessee and its affiliates, at their own cost and expense, may from time to time make such alterations, modifications and additions (including, without limitation, any special devices, assemblies or racks at any time attached or affixed to any Unit) (hereinafter collectively called "Additions") to the Units as the Lessee may deem desirable in the proper conduct of its business so long as such Additions shall not be inconsistent with the continuing operation of the Units, and shall not diminish the value, utility or condition of the Units below the value, utility and condition thereof immediately prior to the making of such Additions, assuming the Units were then in the condition required to be maintained by the terms of this Lease.

Title to all Parts (as hereinbelow defined) incorporated in or installed as part of the Units shall without

further act vest in the Lessor in the following cases: (i) such Part is in replacement of or in substitution for, and not in addition to, any Part originally incorporated in or installed as part of a Unit at the time of the acceptance thereof hereunder or any Part in replacement of, or in substitution for, any such original Part, (ii) such Part is required to be incorporated in or installed as part of the Units pursuant to the terms of the second or third paragraph of this § 9 or (iii) notwithstanding the provisions of the fourth paragraph of this § 9, such Part cannot be readily removed from the Unit to which it relates without material damage thereto and without diminishing or impairing the value or utility which such Unit shall have had at such time had such alteration or addition not occurred. In all other cases, if no Event of Default, or event which with notice or lapse of time or both would constitute an Event of Default, shall have occurred and be continuing, title to Parts incorporated in or installed as parts of the Units as a result of such alterations or additions shall vest in the Lessee. The term Part for the purposes of this paragraph and § 14 hereof shall be defined to include any appliance, part, instrument, accessory, furnishing or other equipment of any nature which may from time to time be incorporated in or installed as part of any Unit.

The Lessee shall pay or cause to be paid, and shall protect, indemnify and hold the Lessor harmless from and against any and all causes of action, suits, penalties, claims, demands, judgments, losses, liabilities, costs, charges and expenses of any nature whatsoever which may be imposed on, incurred by or asserted against the Lessor (including any or all liabilities, obligations, damages, costs, disbursements, expenses (including without limitation reasonable attorneys' fees and expenses of any Indemnified Person) relating thereto) in any way relating to or arising or alleged to arise out of this Lease or the Units, including, without limitation, those in any way relating to or arising or alleged to arise out of (i) the manufacture, construction, purchase, acceptance, rejection, ownership, delivery, non-delivery, lease, sublease, possession, use, operation, condition, sale, return or other disposition of any Unit or portion thereof; (ii) any claims based on strict liability in tort or imposed by statute; or (iii) any injury to or the death of any person or any damage to or loss of property on or near the Units or in any manner growing out of or concerned with, or alleged to grow out of or be connected with, the ownership, use, replacement, adaptation or maintenance of the Units or

of any other equipment in connection with the Units; excluding, however, any matter resulting from an act or omission of the Lessor which would constitute the wilful misconduct or gross negligence of the Lessor. The Lessee and the Lessor each agrees to give the other promptly upon obtaining knowledge thereof written notice of any claim or liability hereby indemnified against.

The Lessee further agrees to indemnify, protect and hold harmless the Lessor and the Builder, as a third party beneficiary hereof, from and against any and all liabilities, claims, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against any of them because of the use in or about the construction or operation of any of the Equipment of any article or material specified by the Lessee and not manufactured by the Builder or of any design, system, process, formula or combination specified by the Lessee and not developed or purported to be developed by the Builder which infringes or is claimed to infringe on any patent or other right. The Lessee will give notice to the Builder of any claim known to the Lessee from which liability may be charged against the Builder.

§ 10. Default. If, during the continuance of this Lease, one or more of the following events (each such event being herein sometimes called an "Event of Default") shall occur:

(A) payment of any part of the rental provided in § 3 hereof, payment in respect of any Casualty Occurrence pursuant to § 7 hereof or payment due under the Indemnity Agreement shall not be made by or on behalf of the Lessee, and such failure to make payment shall continue for 5 business days after such payment is due; or

(B) the Lessee shall make or permit any unauthorized assignment or transfer of this Lease, or any interest herein, or of the right to possession of the Units, or any thereof; or

(C) default shall be made in the observance or performance of any other of the covenants, conditions and agreements on the part of the Lessee contained herein or in any document or certificate executed by the Lessee in connection herewith and such default shall continue for 30 days after written notice from

the Lessor to the Lessee specifying the default and demanding that the same be remedied; or

(D) any representation or warranty made by the Lessee herein or in any certificate or statement furnished to the Lessor pursuant to or in connection with any such agreement proves untrue in any material respect as of the date of issuance or making thereof; or

(E) a decree or order is entered in the Reorganization Proceedings or otherwise preventing or disabling the Lessee from performing any of its obligations under this Lease; or

(F) if the obligations of the Lessee hereunder are assumed by a corporation or by the Debtor's successor pursuant to a plan of reorganization for the Debtor approved in the Reorganization Proceedings (such corporation or successor being hereinafter called the "Successor") and either

(i) a petition for reorganization under Section 77 of the Bankruptcy Act, as now constituted or as such Section 77 may hereafter be amended, or under any other provision of Title 11 of the United States Code, as now constituted or as hereafter amended, shall be filed by or against the Successor and, unless such petition shall have been dismissed, nullified, stayed or otherwise rendered ineffective (but then only so long as such stay shall continue in force or such ineffectiveness shall continue), all the assumed obligations of the Successor under this Lease and under the Tax Indemnity Agreement shall not have been and shall not continue to have been duly assumed in writing, pursuant to a court order or decree, by or on behalf of a trustee or trustees or other similar officer appointed (whether or not subject to confirmation or ratification) in such proceedings in such manner that such obligations shall have the same status as obligations incurred by such trustee or trustees or officer, within 60 days after such petition shall have been filed; or

(ii) any proceedings shall be commenced by or against the Successor for any relief which includes, or might result in, any modification of the obli-

gations of the Successor under this Lease or under the Tax Indemnity Agreement under any bankruptcy or insolvency laws, or laws relating to the relief of debtors, readjustments of indebtedness, reorganizations, arrangements, compositions or extension (other than a law which does not permit any readjustments of the obligations of the Successor hereunder), and, unless such proceedings shall have been dismissed, nullified, stayed or otherwise rendered ineffective (but then only so long as such stay shall continue in force or such ineffectiveness shall continue), all the obligations of the Successor under this Lease and under the Tax Indemnity Agreement shall not have been and shall not continue to have been duly assumed in writing, pursuant to a court order or decree, by or on behalf of a trustee or trustees or receiver or receivers or other similar officer appointed (whether or not subject to confirmation or ratification) for the Successor or for the property of the Successor in connection with any such proceedings in such manner that such obligations shall have the same status as obligations incurred by such a trustee or trustees or receiver or receivers or officers, within 60 days after such proceedings shall have been commenced;

then, in any such case, the Lessor, at its option, may:

(a) proceed by appropriate court action or actions either at law or in equity, to enforce performance by the Lessee of the applicable covenants of this Lease or to recover damages for the breach thereof; or

(b) by notice in writing to the Lessee terminate this Lease, whereupon all rights of the Lessee to the use of the Units shall absolutely cease and terminate as though this Lease had never been made, but the Lessee shall remain liable as herein provided; and thereupon the Lessor may by its agents enter upon the premises of the Lessee or other premises where any of the Units may be and take possession of all or any of such Units and thenceforth hold, possess, sell, operate, lease to others and enjoy the same free from any right of the Lessee, or its successors or assigns, to use the Units for any purposes whatever and without any duty to account to the Lessee for such action or inaction or for

any proceeds arising therefrom; but the Lessor shall, nevertheless, have a right to recover from the Lessee any and all amounts which under the terms of this Lease may be then due or which may have accrued to the date of such termination (computing the rental for any number of days less than a full rental period by multiplying the rental for such full rental period by a fraction of which the numerator is such number of days and the denominator is the total number of days in such full rental period) and also to recover forthwith from the Lessee as damages for loss of the bargain and not as a penalty, whichever of the following amounts the Lessor, in its sole discretion, shall specify: (x) a sum with respect to each Unit which represents the excess of (1) the present value, at the time of such termination, of the entire unpaid balance of all rentals for such Unit which would otherwise have accrued hereunder from the date of such termination to the end of the term of this Lease as to such Unit over (2) the then present value of the rentals which the Lessor reasonably estimates to be obtainable for the Unit during such period, such present value to be computed in each case on the basis of an 8% per annum discount, compounded monthly from the respective dates upon which rentals would have been payable hereunder had this Lease not been terminated, together with any damages and expenses, including reasonable attorneys' fees, in addition thereto which the Lessor shall have sustained by reason of the breach of any covenant, representation or warranty of this Lease other than for the payment of the rental; or (y) an amount equal to the excess, if any, of the Casualty Value as of the rental payment date on or next preceding the date of termination over the amount the Lessor reasonably estimates to be the sales value (after deduction of all estimated expenses of such sale) of such Unit at such time; provided, however, that in the event the Lessor shall have sold or leased any Unit, the Lessor, in lieu of collecting any amounts payable to the Lessor by the Lessee pursuant to the preceding clauses (x) and (y) of this part (b) with respect to such Unit, may, if it shall so elect, demand that the Lessee pay the Lessor and the Lessee shall pay to the Lessor on the date of such sale or leasing, as the case may be, as liquidated damages for loss of a bargain and not as a penalty (i) in the case of such a sale an amount equal to the excess, if any, of the Casualty Value for such Unit, as of the rental payment date on or next preceding the date of termination, over the net

proceeds of such sale, and (ii) in the case of such a leasing, an amount equal to the excess, if any, of the present value of all rental for such Unit which would otherwise have accrued hereunder from the date of termination to the end of the term of this Lease as to such Unit over the sum of (I) the then present value of all rental for such Unit required under such new lease plus (II) the then present value of the rental (if any) which the Lessor reasonably estimates to be obtainable for the Unit during the period commencing on the termination of such new lease and ending on the date the term of this Lease would have terminated if it had not been terminated early due to default, each such present value to be computed in each case on the basis of an 8% per annum discount, compounded, in the case of rental which is estimated under clause II of this sentence, monthly from the respective dates upon which rentals would have been payable hereunder had this Lease not been terminated and, in the case of rental under such new lease, periodically from the respective dates upon which such rental shall be payable thereunder.

In addition, the Lessee shall be liable, except as otherwise provided above, for any and all unpaid amounts due hereunder before, during or after the exercise of any of the foregoing remedies and for all reasonable attorneys' fees and other costs and expenses incurred by reason of the occurrence of any Event of Default or the exercise of the Lessor's remedies with respect thereto, including all costs and expenses incurred in connection with the return of any Unit.

The remedies in this Lease provided in favor of the Lessor shall not be deemed exclusive, but shall be cumulative, and shall be in addition to all other remedies in its favor existing at law or in equity. The Lessee hereby waives any requirements of law, now or hereafter in effect, which might limit or modify the remedies herein provided, to the extent that such waiver is permitted by law. The Lessee hereby waives any and all existing or future claims to any offset against the rental payments due hereunder and agrees to make such rental payments regardless of any offset or claim which may be asserted by the Lessee or on its behalf.

The failure of the Lessor to exercise the rights granted it hereunder upon the occurrence of any of the contingencies set forth herein shall not constitute a waiver of any such right upon the continuation or recurrence of any

such contingencies or similar contingencies; and a waiver of any such right on one occasion shall not constitute a waiver of such right as to any other occasion and shall not be effective unless in writing signed by the Lessor.

The parties hereto acknowledge that the Debtor is a railroad subject to the Reorganization Proceedings and that notwithstanding any provision herein to the contrary,

(i) no termination of this Lease by reason of an Event of Default shall be final except after delivery of written notice from the Lessor or the Vendor to the Lessee of the event giving rise to the Event of Default and the continuance uncured of such Event of Default for 30 days;

(ii) the Lessee's interests under this Lease shall be deemed assigned to and its obligations under this Lease shall be deemed assumed by any Successor;

(iii) in the event the Reorganization Proceedings are dismissed under Section 77(g) of the Bankruptcy Act or otherwise and liquidation of the Debtor is instituted, the Lessee shall select one of the following options in order to fulfill its obligations under this Lease:

(a) the Trustees of the Debtor shall continue to perform this Lease in accordance with its terms and provisions;

(b) this Lease may be assigned and the obligation under the Lease assumed by a new lessee, with the consent of the Lessor and the Vendor which consent shall not be unreasonably withheld, and upon such assignment and assumption, the obligation of the Lessee hereunder shall terminate without further liability; or

(c) the Lessee may, upon payment of a sum equal to the next succeeding 12 installments of monthly basic rent cancel this Lease after the effective date of the order of liquidation of the Debtor, provided that the Lessee shall perform the obligations with respect to the Equipment required by the Lessee hereunder with respect thereto during such 12-month period. In the event

the Lessee shall provide a new lessee in accordance with the preceding subparagraph (iii)(b) during such 12-month period, the Lessee shall be relieved of the obligations of the remaining balance of such 12-month period upon the payment and performance by such new lessee of the obligations and payments required hereunder, and the Lessee shall be entitled to a credit in the amount thereof; provided, however, that the Lessee shall pay all costs of repainting, restenciling and transportation of the Units subject to this Lease to such new lessee; and provided, further, that the Lessee's obligation with respect to the return of the Equipment shall be as set forth in Section 11 hereof in the event the Lessee elects to proceed with the option set forth in this subparagraph (iii)(c).

§ 11. Return of Units Upon Default. If this Lease shall terminate pursuant to § 10 hereof, the Lessee shall forthwith deliver or cause to be delivered possession of the Units to the Lessor and shall give or cause to be given prompt telegraphic and written notice to the Association of American Railroads and all railroads having possession of any Unit so to return such Units. Each Unit returned to the Lessor pursuant to this § 11 shall (i) be in the same operating order, repair and condition as when originally delivered to the Lessee, ordinary wear and tear and modifications, if any, permitted by this Lease excepted and (ii) meet the standards then in effect under the Interchange Rules of the Association of American Railroads or such comparable standards as may then be in effect. For the purpose of delivering possession of any Unit or Units to the Lessor as above required, the Lessee shall at its own cost, expense and risk:

(a) forthwith and in the usual manner cause such Units to be transported to such location as shall reasonably be designated by the Lessor on the lines of the Lessee and there assembled,

(b) furnish and arrange for the Lessor to store such Units on the lines of the Lessee until such Units have been sold, leased or otherwise disposed of by the Lessor, the Lessor agreeing to use its best efforts to sell, lease or otherwise dispose of the Units within one year, and

(c) cause the Units to be moved to such interchange point or points with the lines of the Lessee as

shall be designated by the Lessor upon any sale, lease or other disposal of all or any of the Units.

During any storage period the Lessee will permit the Lessor or any persons designated by it to inspect the Units. The assembling, delivery, storage, maintenance and transporting of the Units as provided in this Section 11 shall be at the expense and risk of the Lessee (and the Lessee will maintain the insurance required by § 7 of this Lease to be maintained during this period) and are of the essence of this Lease; and, upon application to any court of equity having jurisdiction in the premises, the Lessor shall be entitled to a decree against the Lessee requiring specific performance of the covenants of the Lessee so to assemble, deliver, store and transport the Units. During any storage period, the Lessee will permit the Lessor or any person designated by it, including the authorized representative or representatives of any prospective purchaser or user of any such Unit, to inspect the same. In the event that the Units or any thereof are sold, the Lessee shall pay to the Lessor the per diem interchange earned for each such Unit which shall not have been assembled, delivered and stored, as hereinbefore provided, by the date of such sale for each day from the date of such sale to the date such Unit is available to the purchaser thereof.

Without in any way limiting the obligation of the Lessee under the foregoing provisions of this § 11, the Lessee hereby irrevocably appoints the Lessor as the agent and attorney of the Lessee, with full power and authority, at any time while the Lessee is obligated to deliver possession of any Unit to the Lessor, to demand and take possession of such Unit in the name and on behalf of the Lessee from whomsoever shall be in possession of such Unit at the time and to give all appropriate notices and directions to the Association of American Railroads to change the registration of such Unit from the Lessee or the Sublessee to the Lessor or as the Lessor may direct.

§ 12. Assignment; Possession and Use. This Lease shall be assignable in whole or in part by the Lessor without the consent of the Lessee.

The Lessor will assign certain of its rights under this Lease as security to First Security Bank of Utah, N.A., acting as Agent (the "Vendor"), pursuant to an Assignment of Lease dated as of the date hereof (the "Lease Assignment") and the Lessee will consent to the Lease Assignment pursuant

to a Consent and Agreement substantially in the form attached hereto (the "Consent") and such other consents as may be requested by the Lessor pursuant to the terms hereof.

After any such assignment, the term "Lessor" as used in this Lease shall include the Vendor for all purposes of this Lease, including but not limited to the provisions of §§ 6 and 9 hereof, and this Lease shall be binding upon and inure to the benefit of the Lessor and the Vendor, and the successors and assigns, agents, principals and servants of any such party, and the Lessee and its successors, and, to the extent permitted hereby, assigns. With respect to § 9, the wilful misconduct or gross negligence of any one such person shall not affect the rights of any other such person under such Section except to the extent such other person shall have been otherwise compensated for any loss indemnified against by any other person.

During the term of this Lease, if no Event of Default shall have occurred and the Vendor is entitled to apply the payment as set forth in the Consent, the Lessee's use and quiet enjoyment of the Units shall not be disturbed by the Lessor or anyone claiming solely through or under the Lessor. Without the prior written consent of the Lessor, the Lessee shall not assign or transfer its leasehold interest under this Lease in the Units or any of them except as specifically set forth herein. The Lessee, at its own expense, will promptly pay or discharge any and all sums claimed by any party which, if unpaid, might become a lien, charge, security interest or other encumbrance (other than an encumbrance created by the Lessor or resulting from claims against the Lessor not related to the ownership of the Units) upon or with respect to any Unit or the interest of the Lessor or the Lessee therein, and will promptly discharge any such lien, claim, security interest or other encumbrance which arises, but shall not be required to pay or discharge any such claim so long as the validity thereof shall be contested in good faith and by appropriate legal proceedings in any reasonable manner and the nonpayment thereof does not, in the reasonable opinion of the Lessor, materially adversely affect the interest of the Lessor in the Equipment or in the income and proceeds from the Equipment. Except to the extent specifically permitted by the provisions hereof, the Lessee shall not part with the possession or control of, or suffer or allow to pass out of its possession or control, any of the Units.

So long as the Lessee shall not be in default under this Lease, the Lessee shall be entitled to the

possession and use of the Units by it or any affiliate in accordance with the terms hereof and (i) to permit the use of the Units by a railroad company or companies incorporated in the United States of America with which the Lessee has contractual arrangements for the use of the Units for its benefit upon trackage owned or operated by it or upon lines of railroad owned or operated by such railroad company or companies or over which such railroad company or companies have trackage or other operating rights or over which railroad equipment of such railroad company or companies is regularly operated pursuant to contract, and (ii) also to permit the use of the Units upon connecting and other carriers in the usual interchange of traffic or pursuant to run-through agreements, but only upon and subject to all the terms and conditions of this Lease. The Lessee may receive and retain compensation for such use from other railroads so using any of the Units.

Nothing in this § 12 shall be deemed to restrict the right of the Lessee to assign or transfer its leasehold interest under this Lease in the Units or possession of the Units to any solvent corporation incorporated under the laws of any state of the United States of America or the District of Columbia (which shall have specifically assumed the obligations of the Lessee hereunder and under the Indemnity Agreement by an appropriate instrument in writing) into or with which the Lessee shall have become merged or consolidated or which shall have acquired the property of the Lessee as an entirety or substantially as an entirety, provided that such assignee or transferee will not, upon the effectiveness of such assumption and merger, consolidation or acquisition be in default under any provision of this Lease.

§ 13. Right of First Refusal. Unless an Event of Default, or any event or condition which, upon notice or lapse of time, would constitute an Event of Default, shall have occurred and be continuing, the Lessor shall not, at any time within three months after the end of the original term of this Lease sell Equipment unless:

(a) the Lessor shall have received from a responsible purchaser or purchasers a bona fide offer or offers in writing to purchase in the aggregate all, but not less than all, of the Units;

(b) the Lessor shall have given the Lessee notice (i) setting forth in detail the identity of such purchaser or purchasers, the proposed purchase price or

prices, the proposed date of purchase and all other material terms and conditions of such purchase, including, without limitation, any arrangements for the financing of such purchase known to the Lessor, and (ii) offering to sell such Units to the Lessee upon the same terms and conditions as those set forth in such notice; and

(c) the Lessee shall not have notified the Lessor, within 20 days following receipt of such notice, of its election to purchase such Units upon such terms and conditions.

If the Lessee shall not have so elected to purchase such Units, the Lessor may sell such Items of Equipment at a price and upon other terms and conditions no less favorable to the Lessor than those specified in such notice.

§ 14. Return of Units upon Expiration of Term. On or prior to the termination of the term of this Lease or as soon as practicable on or after the termination of the term of this Lease and in any event not later than 90 days after the termination of the term of this Lease, the Lessee will, at its own cost and expense, at the request of the Lessor, cause each Unit to be transported to such point or points on the Lessee's lines as shall be designated by the Lessor immediately prior to such termination and arrange for the Lessor to store such Unit on any of Lessee's lines of railroad or premises approved by the Lessor for a period commencing on the date of its arrival at any such point and extending thereafter to a date not later than 90 days from the date at which at least 95% of such Units are first placed in storage pursuant to this § 14; the assembly, delivery, storage and transporting of such Unit to be at the expense and risk of the Lessee. During any such storage period the Lessee will permit the Lessor or any person designated by it, including the authorized representative or representatives of any prospective purchaser or user of such Unit, to inspect the same; provided, however, that the Lessee shall not be liable for any injury to or the death of any person exercising, either on behalf of the Lessor or any prospective purchaser or user, the rights of inspection granted under this sentence, except in the case of negligence or wilful wrongdoing of the Lessee or of its employees or agents and except to the extent otherwise provided by law. The assembly, delivery, storage and transporting of the Units as hereinbefore provided are of the essence of this Lease, and upon application to any court of equity having jurisdiction in the

premises, the Lessor shall be entitled to a decree against the Lessee requiring specific performance of the covenants of the Lessee so to cause the assembly, delivery, storage and transporting of the Units. Each Unit returned to the Lessor pursuant to this § 14 shall (i) be in the same operating order, repair and condition as when originally delivered to the Lessee, ordinary wear and tear excepted, (ii) have attached or affixed thereto any Part title to which is in the Lessor pursuant to § 9 hereof and have removed therefrom at Lessee's expense any Part or Addition title to which is in the Lessee or any other person pursuant to such § 9 and (iii) meet the standards then in effect under the Interchange Rules of the Association of American Railroads, if applicable, or such comparable standards as may then be in effect. If any Unit suffers a Casualty Occurrence during any period prior to its return to the Lessor as provided for in this § 14 or during any storage period provided for in this § 14, the Lessee shall pay to the Lessor the Casualty Value of such Unit as determined in accordance with § 7 hereof. All gross amounts earned in respect of any Unit shall, from and after the termination of the term of this Lease as to such Unit, belong to and be the property of the Lessor.

§ 15. Recording. The Lessor, at its own expense, will cause this Lease, the Security Document, and any assignment hereof or thereof to be filed and recorded with the Interstate Commerce Commission in accordance with 49 U.S.C. § 11303. The Lessor will, at its own expense, undertake the filing, registering, deposit, and recording required of the Lessor under the Security Document, and the Lessee will from time to time do and perform any other act and will execute, acknowledge, deliver, file, register, record (and will refile, reregister, deposit and redeposit or rerecord whenever required) any and all further instruments required by law or reasonably requested by the Lessor for the purpose of proper protection, to its satisfaction, of the Lessor's interests in the Units, or for the purpose of carrying out the intention of this Lease.

§ 16. Conditions. Prior to the delivery and acceptance of any Unit hereunder, the Lessor shall have been advised that all conditions to its purchase of the Equipment under and as contemplated by the Security Document shall have been satisfied, including, without limitation, the filing and recording of this Lease and the Security Document with the Interstate Commerce Commission.

Lessee agrees to deliver to Lessor at its request such opinions and certificates in form and substance as shall

be reasonably required by Lessor in order to meet Lessor's obligations under, and to satisfy the conditions of, the Security Document.

§ 17. Lessor's Right To Perform for the Lessee. If the Lessee fails to perform or comply with any of its agreements contained herein, the Lessor may upon notice to the Lessee itself perform or comply with such agreement, and the amount of the reasonable cost and expenses of the Lessor incurred in connection with such performance or compliance, together with interest on such amount at the rate of 13% per annum (or such lesser amount as may be legally enforceable), shall be payable by the Lessee upon demand.

§ 18. Interest on Overdue Rentals. Anything to the contrary herein contained notwithstanding, any nonpayment of rentals and other obligations due hereunder shall result in the obligation on the part of the Lessee promptly to pay an amount equal to interest at a rate of 13% per annum on the overdue rentals and other obligations for the period of time during which they are overdue or such lesser amount as may be legally enforceable.

§ 19. Representations and Warranties of the Lessee. The Lessee represents and warrants to the Vendor, the Investors and the Lessor as follows:

(a) The Debtor is a corporation duly incorporated, validly existing and in good standing under the laws of the jurisdiction of its incorporation and is duly qualified to do business and in good standing in such other jurisdictions in which the business and activities of the Debtor require such qualification.

(b) The Lessee has full power, authority and legal right to carry on the Debtor's business as now conducted and is duly authorized and empowered in the Reorganization Proceedings pursuant to an order or orders of the court in the Reorganization Proceedings (the "Order") and otherwise to execute and deliver this Lease, the Indemnity Agreement and the Consent and to fulfill and comply with the terms, conditions and provisions hereof and thereof; this Lease, the Consent and the Indemnity Agreement have been duly authorized and approved in the Reorganization Proceedings pursuant to the Order, from which no appeal has been taken, and otherwise and have been or will be, on or before delivery of any unit of

Equipment, duly authorized, executed and delivered and, assuming due authorization, execution and delivery thereof by the other parties thereto, constitute or will then constitute valid, legal and binding agreements, enforceable against the Lessee in accordance with their terms.

(c) There are no actions, suits or proceedings (whether or not purportedly on behalf of the Lessee or the Debtor) pending or (to the knowledge of the Lessee) threatened against or affecting the Lessee or any property rights of the Lessee at law or in equity or before any commission or other administrative agency which could materially and adversely affect the condition, financial or otherwise, of the Lessee or materially prevent or interfere with its ability or right to perform its duties and obligations under this Lease, the Indemnity Agreement or the Consent; and the Lessee is not to its knowledge in default with respect to any order or decree of any court or governmental commission, agency or instrumentality.

(d) The Lessee is not a party to any agreement or instrument or subject to any charter or other restriction materially and adversely affecting the business, present or proposed, of the Lessee or the operations, property or assets or condition, financial or otherwise, of the Lessee.

(e) Neither the execution and delivery of this Lease, the Indemnity Agreement or the Consent nor the consummation of the transactions herein and therein contemplated nor the fulfillment of, or compliance with, the terms and provisions hereof and thereof will conflict with, or result in a breach of, any of the terms, conditions or provisions of any order entered in the Reorganization Proceedings or of any bond, debenture, note, mortgage, indenture, agreement or other instrument to which either of the Lessee or the Debtor is now a party or by which it or its property may be bound, or constitute (with the giving of notice or the lapse of time or both) a default thereunder or result in the creation or imposition of any lien, charge, security interest or other encumbrance of any nature whatsoever upon any property of the Lessee or the Debtor or upon the Equipment pursuant to the terms of any such agreement or instrument or violate any applicable law or governmental rule or regulation.

(f) No authorization, approval, order or license is required from any court or other governmental or public body or authority (including, but not limited to the Interstate Commerce Commission) in connection with the execution, delivery and performance by the Lessee of this Lease or the Consent, other than the Order.

(g) The Lessee has filed all foreign, Federal, state and local income tax returns which are required to be filed, and has paid or made provisions for the payment of all income taxes which have or may become due pursuant to said returns or pursuant to any assessment received by it, other than such taxes which are being contested in good faith and which in the aggregate do not involve material amounts.

(h) The Lessee has furnished to the Lessor copies of the Debtor's Offer to Purchase dated May 3, 1979, containing audited consolidated balance sheets of the Debtor as of December 31, 1977, and 1978, and the related consolidated statements of operations, accumulated deficit and changes in financial position for the twelve month periods then ended. Such financial statements are in accordance with the books and records of the Debtor and have been prepared in accordance with generally accepted accounting principles applied on a consistent basis throughout the period covered by the financial statements. The financial statements present fairly the financial condition of the Debtor at such dates and the results of its operations and changes in its financial position for such periods; and from the date of the last such balance sheet, there has not been any material adverse change in the assets, liabilities, business or condition (financial or otherwise) of the Debtor.

§ 20. Reports. The Lessee will deliver to the Lessor (i) as soon as available and in any event within 120 days after the end of each fiscal year of the Debtor, a certificate signed by a responsible officer of the Debtor stating that a review of the activities of the Debtor during such year has been made under his supervision with a view to determining whether the Debtor has kept, observed, performed and fulfilled all of the obligations of the Debtor under this Lease and that to the best of his knowledge the Debtor during such year has kept, observed, performed and fulfilled each and every covenant, obligation and condition contained herein, or if an Event of Default (as defined in the Lease)

shall exist or if an event has occurred and is continuing which, with the giving of notice or the passage of time or both, would constitute an Event of Default, specifying such Event of Default and all such events and the nature and status thereof; (ii) as soon as available and in any event within 90 days after the end of each quarterly period (except the last) of each fiscal year, and to the extent available a balance sheet of the Debtor as at the end of such period, and an income statement of the Debtor for the period beginning on the first day of such quarterly period and ending on the date of such balance sheet, setting forth comparative figures for the corresponding period of the preceding fiscal year, all in reasonable detail and certified by the principal accounting officer employed by the Debtor; (iii) as soon as available and in any event within 150 days after the end of each fiscal year, a copy of the consolidated balance sheet of the Debtor and the related statements of operations, accumulated deficit and changes in financial position, certified by independent public accountants; and any other report reasonably required; and (iv) promptly upon any responsible officer's becoming aware of any condition which constitutes an Event of Default, or which with notice or lapse of time or both would constitute such an Event of Default, written notice specifying such condition and the nature and status thereof. For the purposes of this § 20 a "responsible officer" shall mean, with respect to the subject matter of any covenant, agreement or obligation of the Lessee in this Lease contained, any corporate official of the Lessee who in the normal performance of such official's operational responsibilities would have knowledge of such matter.

§ 21. Necessary Costs and Expenses of Administration. Upon the issuance of the Order, it is hereby expressly understood and agreed that any and all obligations of the Lessee hereunder and any and all amounts payable in connection therewith, including but not limited to those arising out of any breach of warranty or breach or termination of this Lease, or otherwise, together with interest thereon to the date of payment thereof, shall be deemed to be necessary costs and expenses of administration incurred by the Trustees in the Reorganization Proceedings and shall rank equally and ratably with all other expenses of administration of the Trustees, except trustees' certificates heretofore or hereafter issued by the Trustee.

Subject to the provisions of the last paragraph of Section 10 hereof, in case of any sale or conveyance of

all or substantially all of the lines of railroad of the Debtor, or of the lines of the Debtor on which a substantial portion of the Equipment is used, the purchaser or transferee of the purchaser, shall not be at liberty to refuse to accept performance of this Lease or to disaffirm it and any such purchaser and any such transferee shall assume and agree to perform each and all of the obligations of the Lessee hereunder.

The Lessee agrees, but only so long as the Lessee is subject to the Reorganization Proceedings, that, so long as any portion of the Conditional Sale Indebtedness shall be outstanding, the Lessee will not assume or enter into any other leases of equipment, equipment trust agreements, conditional sale agreements or other liabilities or obligations in connection with the leasing or financing of the acquisition of railroad rolling stock, (i) if such liabilities or obligations would be entitled, directly or indirectly, to any priority in right of payment over the obligations of the Lessee hereunder or (ii) if such liabilities or obligations would be secured, directly or indirectly, by any mortgage, lien or other security interest in property of the Debtor (except the equipment or other property involved in the particular transaction) unless the obligations of the Lessee hereunder are equally and ratably secured thereby, provided that nothing herein shall restrict the right of the Trustees to issue and sell trustees' certificates for any proper purpose.

§ 22. Notices. Any notice required or permitted to be given by either party hereto to the other shall be deemed to have been given when delivered to such other party or by registered or certified mail, postage prepaid, addressed as follows:

if to the Lessor, at 295 Madison Avenue, New York, N. Y. 10017, Attention of Mr. Stephen Goldsmith and Benjamin D. Fein, Esq., 575 Madison Avenue, New York, New York 10022;

if to the Lessee, at Iron Horse Park, North Billerica, Massachusetts 01862, Attention of Vice President, Equipment;

or addressed to any party at such other address as such party shall hereafter furnish to the other parties in writing. Any certificate, document or report required to be furnished by

any party hereto to the other parties shall be delivered to the address set forth above or so furnished for such party. Any notice to the Lessee regarding the Lessee's failure to perform any obligation hereunder shall also be furnished by the Lessee to the Lessor.

§ 23. Severability; Effect and Modification of Lease; Survival. Any provision of this Lease which is prohibited or unenforceable in any jurisdiction shall be, as to such jurisdiction, ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof; and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

This Lease exclusively and completely states the rights of the Lessor and the Lessee between them with respect to the leasing of the Units and supersedes all other agreements, oral or written, with respect thereto. No variation or modification of this Lease and no waiver of any of its provisions or conditions shall be valid unless in writing and signed by duly authorized signatories for the Lessor and the Lessee.

All agreements, indemnities, representations and warranties contained in this Lease or in any document or certificate delivered pursuant hereto or in connection herewith shall survive the execution and delivery of this Lease and the expiration or other termination of this Lease, with respect to matters or events occurring during the term of this Lease or with respect to the obligations of Lessee under Sections 10, 11 and 14.

§ 24. Execution. This Lease may be executed in several counterparts, such counterparts together constituting but one and the same instrument, but the counterpart delivered to the Lessor shall be deemed to be the original counterpart. Although for convenience this Lease is dated as of the date first set forth above, the actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

§ 25. Incorporation of Tax Indemnity Agreement. The Indemnity Agreement between the Lessor and Lessee dated as of the date hereof is incorporated herein by reference. All the rights and obligations in said Agreement shall be

considered as rights and obligations under this Lease and inseparable therefrom.

§ 26. Law Governing. The terms of this Lease and all rights and obligations hereunder shall be governed by the laws of the Commonwealth of Massachusetts; provided, however, that the parties shall be entitled to all rights conferred by 49 U.S.C. § 11303.

IN WITNESS WHEREOF, the parties hereto have executed or caused this instrument to be executed as of the date first above written.

INTERSTATE COMMERCE COMMISSION

ASSIGNMENT OF LEASE AND AGREEMENT

Dated as of August 1, 1979

between

ARLINGTON-INTEGRATED (RAIL), INC.

and

FIRST SECURITY BANK OF UTAH, N.A.,
not in its individual capacity but solely as agent under
the Participation Agreement dated as of the date hereof.

ASSIGNMENT OF LEASE AND AGREEMENT
dated as of August 1, 1979, between ARLINGTON-
INTEGRATED (RAIL), INC. (the "Lessor"), and
FIRST SECURITY BANK OF UTAH, N.A., not in its
individual capacity but solely as agent (the
"Agent") for certain institutional investors
(the "Investors") under a Participation
Agreement dated as of the date hereof with
the Lessor and the Investors.

The Lessor is entering into a Conditional Sale
Agreement dated as of the date hereof (the "Security Docu-
ment") with PACCAR, Inc. (the "Builder"), providing for the
sale from the Builder to the Lessor of such units of rail-
road equipment (the "Units") described in the Annex B
thereto as are delivered to and accepted by the Lessor
thereunder; and the Security Document is being assigned to
the Agent by the Builder.

The Lessor and the Trustees of the Property of the
Boston and Maine Corporation, Debtor (the "Lessee") have
entered into a Lease of Railroad Equipment dated as of the
date hereof (the "Lease"), providing for the leasing by
the Lessor to the Lessee of the Units.

In order to provide security for the obligations
of the Lessor under the Security Document and as an induce-
ment to the Investors to invest in the Conditional Sale
Indebtedness as defined in the Security Document, the Lessor
agrees to assign for security purposes its rights in, to and
under the Lease to the Agent.

NOW, THEREFORE, in consideration of the payments
to be made and the covenants hereinafter mentioned to be
kept and performed, the parties hereto agree as follows:

1. The Lessor hereby assigns, transfers and sets
over unto the Agent, as collateral security for the payment
and performance of the Lessor's obligations under the
Security Document, all the Lessor's right, title and interest,
powers, privileges, and other benefits under the Lease,
including, without limitation, the immediate right to receive
and collect all rentals, profits and other sums payable to or
receivable by the Lessor from the Lessee under or pursuant to

the provisions of the Lease whether as rent, casualty payment, indemnity, liquidated damages, or otherwise, except (i) any indemnity payable to the Lessor pursuant to § 6 or § 9 of the Lease which is not required to be paid over under the CSA to the Agent, (ii) any liability insurance proceeds payable to the Lessor pursuant to § 7 of the Lease and (iii) any increases in rental and casualty payments and any other payments which may be required by the Indemnity Agreement (as defined in the Lease) (all such rights, title, interests, powers, privileges and other benefits being hereinafter called the "Payments"), and the right to make all waivers and agreements, to give all notices, consents and releases, to take all action upon the happening of an Event of Default specified in the Lease, and to do any and all other things whatsoever which the Lessor is or may become entitled to do under the Lease. In furtherance of the foregoing assignment, the Lessor hereby irrevocably authorizes and empowers the Agent in its own name, or in the name of its nominee, or in the name of the Lessor or as its attorney to ask, demand, sue for, collect and receive any and all Payments to which the Lessor is or may become entitled under the Lease, and to enforce compliance by the Lessee with all the terms and provisions thereof.

The Agent agrees to accept for the account of the Lessor any Payments made by the Lessee pursuant to the Lease. To the extent received, the Agent will apply such Payments to satisfy the obligations of the Lessor under the Security Document, and, so long as no event of default or event which with the lapse of time and/or demand provided for in the Security Document could constitute an event of default thereunder, shall have occurred and be continuing, any balance shall be paid to the Lessor on the same date such Payment is applied to satisfy such obligations of the Lessor by bank wire to the Lessor at such address as may be specified to the Agent in writing, and such balance shall be retained by the Lessor. If the Agent shall not receive any Payment when due or if the Agent shall have actual notice of an Event of Default under the Lease, the Agent shall promptly notify the Lessor by telephone and confirm such notice in writing to the address set forth in the Lease; provided, however, that the failure of the Agent to so notify the Lessor shall not affect the obligations of the Lessor hereunder or under the Security Document.

2. This Assignment is executed only as security for the obligations of the Lessor under the Security Document and, therefore, the execution and delivery of this Assignment shall not subject the Agent to, or transfer, or pass, or in

any way affect or modify the liability of the Lessor under the Lease, it being understood and agreed that notwithstanding this Assignment or any subsequent assignment, all obligations of the Lessor under the Lease shall be and remain enforceable by the Lessee and its successors and assigns, against, and only against, the Lessor or persons other than the Agent.

3. To protect the security afforded by this Assignment, the Lessor agrees as follows:

(a) The Lessor will faithfully abide by, perform and discharge each and every obligation, covenant and agreement which the Lease provides are to be performed by the Lessor; without the written consent of the Agent, the Lessor will not anticipate the rents under the Lease or waive, excuse, condone, forgive or in any manner release or discharge the Lessee thereunder of or from the obligations, covenants, conditions and agreements to be performed by the Lessee which are intended to satisfy the obligations of the Lessor under the Security Document, including, without limitation, the obligation to pay the rents in the manner and at the time and place specified therein or enter into any agreement so amending, modifying or terminating the Lease and the Lessor agrees that any such amendment, modification or termination thereof without such consent shall be void.

(b) Should the Lessor fail to make any payment or to do any act which this Assignment requires the Lessor to make or do, then the Agent, but without obligation so to do, after first making written demand upon the Lessor and affording the Lessor a reasonable period of time within which to make such payment or do such act, but without releasing the Lessor from any obligation hereunder, may make or do the same in such manner and to such extent as the Agent may deem necessary to protect the security provided hereby, including specifically, without limiting its general powers, the right to appear in and defend any action or proceeding purporting to affect the security hereof and the rights or powers of the Agent, and also the right to perform and discharge each and every obligation, covenant and agreement of the Lessor contained in the Lease; and in exercising any such powers, the Agent may pay necessary costs and expenses, employ counsel and incur and pay reasonable attorneys' fees, and the Lessor will reimburse the Agent for such costs, expenses and fees; provided, however, that the obligations of the Lessor to make reimbursements under this Paragraph 3 are subject to the last

paragraph of Article 4 of the Security Document.

4. The Lessor does hereby constitute the Agent the Lessor's true and lawful attorney, irrevocably, with full power (in the name of the Lessor, or otherwise), to ask, require, demand, receive, compound and give acquittance for any and all Payments due and to become due under or arising out of the Lease to which the Lessor is or may become entitled, to enforce compliance by the Lessee with all the terms and provisions of the Lease, to endorse any checks or other instruments or orders in connection therewith and to file any claims or take any action or institute any proceedings which the Agent may deem to be necessary or advisable in the premises.

5. Upon the full discharge and satisfaction of all the Lessor's obligations under the Security Document and Participation Agreement, this Assignment and all rights herein assigned to the Agent shall terminate, and all estate, right, title and interest of the Agent in and to the Lease shall revert to the Lessor without further act or deed, but the Agent shall execute and deliver such documents as the Lessor may reasonably request in order to confirm, or make clear upon public records, such termination and/or reversion. Promptly following such full discharge and satisfaction, the Agent will advise the Lessee in writing that all sums due from the Lessor under the CSA have been fully discharged and satisfied and instruct the Lessee that no further payments under the Lease are to be made to the Agent.

6. The Lessor will, from time to time, do and perform any other act and will execute, acknowledge, and deliver any and all further instruments required by law or reasonably requested by the Agent in order to confirm or further assure the interests of the Agent hereunder.

7. The Agent may assign all or any of the rights assigned to it hereby or arising under the Lease, including, without limitation, the right to receive any Payments due or to become due. In the event of any such assignment, any such subsequent or successive assignee or assignees shall, to the extent of such assignment, enjoy all the rights and privileges and be subject to all the obligations of the Agent hereunder. The Agent will give written notice to the Lessor and the Lessee of any such assignment.

8. This Assignment shall be governed by the laws of the State of New York, but the parties shall be entitled to all rights conferred by 49 U.S.C. § 11303.

9. The Lessor shall cause copies of all notices received in connection with the Lease and all payments thereunder to be promptly delivered or made to the Agent at its address set forth in the attached Lessee's Consent and Agreement, or at such other address as the Agent shall designate.

10. The Agent hereby agrees with the Lessor that (i) so long as no event of default, or any event which with lapse of time or notice or both would constitute such an event of default, under the Security Document has occurred and is then continuing, the Agent will not exercise or enforce, or seek to exercise or enforce, or avail itself of, any of the rights, powers, privileges, authorizations or benefits assigned and transferred by the Lessor to the Agent by this Assignment, except the right to receive and apply the Payments as provided in Paragraph 1 hereof, and that (ii) subject to the terms of the Lease, and the Security Document, the Lessor may, so long as no event of default or event which with notice or lapse of time or both would constitute such an event of default under the Security Document has occurred and is then continuing, exercise or enforce, or seek to exercise or enforce, its rights, powers, privileges, and remedies arising out of subparagraph (a) of the first paragraph of § 10 of the Lease; provided, however, the Lessor shall not, without the prior written consent of the Agent, terminate the Lease or otherwise exercise or enforce, or seek to exercise or enforce, any rights, powers, privileges and remedies arising out of subparagraph (b) of said § 10.

11. This Assignment may be executed in any number of counterparts, but the counterpart delivered to the Agent shall be deemed to be the original counterpart. Although for convenience this Assignment is dated as of the date first above written, the actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

IN WITNESS WHEREOF, the parties hereto have caused this instrument to be executed in their respective corporate names, by officers thereunto duly authorized, and their

respective corporate seals to be affixed and duly attested,

C. Disposition Fee:

For providing the disposition services described above, Comdisco will receive a fee (the "Disposition Fee") from the Owner calculated and payable in the following manner:

1. Upon the normal expiration of the Lease, Comdisco shall be paid a fee measured by the Net Proceeds, such fee to be paid at the time and only to the extent the sums comprising such Net Proceeds are actually received by the Owner, and the amount of such Fee will be calculated as follows:

First, the Owner shall receive all such Net Proceeds until the present value of such Net Proceeds, when discounted on a monthly basis at a nominal annual interest rate of 12% from the date or dates such amounts are received by the Owner to the end of the Lease term, equals 20% of the Purchase Price of the Equipment (such amount being hereinafter called "First Proceeds"); and

Second, from any additional Net Proceeds in excess of the First Proceeds, Comdisco shall receive 50% of such additional Net Proceeds until the present value of such additional Net Proceeds, discounted in accordance with clause "First" above equals ~~40%~~ of the Purchase Price of the Equipment (such amount being hereinafter called "Second Proceeds").

Third, from any additional Net Proceeds in excess of the First Proceeds and Second Proceeds, Comdisco shall receive 25% of such additional Net Proceeds discounted in accordance with clause "First" above.

Second, from any additional Net Proceeds in excess of such 20% of the Purchase Price of the Equipment, Comdisco shall receive 25% of such additional Net Proceeds as discounted in accordance with clause "First" above.

3. The Disposition Fee is payable to Comdisco in the event that Comdisco provides, or stands ready to provide, the disposition services set forth herein, notwithstanding a decision by the Owner not to utilize Comdisco to provide such services, provided, however, that in the event Owner requests that Comdisco perform the disposition services set forth in Subparagraph II(A) and Comdisco (directly or through BRAE or such other entity acceptable to Owner) shall fail to arrange for a reasonable market offer for the sale, re-lease or disposition of the Equipment within a period of 90 days after the date the Equipment is available for such sale, re-lease or disposition, the cost of any agent retained by the Owner in connection with any disposition of the Equipment shall be deducted from the Disposition Fee that would otherwise be payable to Comdisco.

Annex K

SUBORDINATED LIMITED RECOURSE PROMISSORY NOTE

\$180,000

Date: June 16, 1980

FOR VALUE RECEIVED, the undersigned, IBIS ASSOCIATES LIMITED PARTNERSHIP ("Payor") promises to pay to ARLINGTON-INTEGRATED (RAIL), INC. ("Payee"), the principal sum of \$180,000 together with interest from the date hereof, on the unpaid balance thereof, at the rate of 6% per annum, compounded monthly. Subject to the provisions with respect to acceleration contained in Sections 4.2 and 5.2 below, principal and interest shall be payable at the times and in the manner described in the Payment Schedule ("Payment Schedule") annexed hereto.

1. Background

Payor and Payee are parties to two agreements dated as of April 1, 1980 (the "Purchase Agreements"), pursuant to which Payee has sold and assigned to Payor the "Initial Equipment" and the "Companion Equipment" (as defined in the Purchase Agreements and hereinafter referred to collectively as the "Equipment") and leased back the Equipment from Payee pursuant to a lease dated April 1, 1980 (the "Lease"). This Note represents a portion of the purchase price payable for the Initial Equipment. In order to induce Payee to enter into the Purchase Agreements and to accept this Note in partial

satisfaction of a promissory note, dated April 1, 1980, in the principal amount of \$362,813, previously issued by Payor to Payee, Payor is agreeing, at such time as the indebtedness (the "Senior Indebtedness") assumed by Payor pursuant to the Assumption Agreement is paid in full, to grant to Payee a lien with respect to the Equipment pursuant to which payment of this Note will be secured on the terms and conditions hereinafter provided for. All of the definitions set forth in the Purchase Agreements and the Lease are hereby incorporated herein by reference and made a part hereof.

2. Subordination

(a) Payor covenants and agrees, and Payee and each holder of this Note, by acceptance hereof, likewise covenants and agrees that anything in this Note to the contrary notwithstanding, the indebtedness evidenced by this Note shall be subordinate and junior, to the extent and manner hereinafter set forth, to the principal of and interest on the Senior Indebtedness:

(i) in the event of the commencement of any insolvency or bankruptcy proceedings, and any receivership, liquidation, reorganization or other similar proceedings in connection therewith, with respect to Payor, its creditors, as such, or to its property, or in the event of the commencement of any proceedings for voluntary liq-

liquidation, dissolution or other winding-up of Payor, whether or not involving insolvency or bankruptcy, then the holder of the Senior Indebtedness shall be entitled to receive payment in full of the then unpaid principal of, premium, if any, and interest on, the Senior Indebtedness before the holder of this Note is entitled to receive any further payment on account of the principal of, or interest on, this Note, and to that end the holder of the Senior Indebtedness shall be entitled to receive for application in payment of all principal of, premium, if any, and interest on, the Senior Indebtedness any payment or distribution of any kind or character, whether in cash or property or securities, which may be payable or deliverable in any such proceedings in respect of this Note, except securities which are subordinate and junior in right of payment to the payment of the Senior Indebtedness, and the holder of this Note hereby irrevocably authorizes, empowers and directs Payor and any receiver, trustee or other person to effect any such payment or distribution;

(ii) in the event that this Note is declared due and payable before its expressed maturity (other than as a result of an "Event of Default" (as hereinafter defined) to which the provisions of the foregoing clause (i) shall apply), the holders of the Senior Indebtedness

shall be entitled to receive payment in full of the then unpaid principal of, premium, if any, or interest on, the Senior Indebtedness before the holders of this Note are entitled to receive any further payment on account of the principal of, or interest on, this Note, and the holders of this Note shall hold any such further payments received prior to the payment in full of the Senior Indebtedness in trust for the Senior Indebtedness, and shall pay the amounts so held to the holder of the Senior Indebtedness; and

(iii) under circumstances when the provisions of the preceding subparagraph (ii) shall not be applicable, if there is a default in the payment of principal of, premium, if any, or interest on the Senior Indebtedness or if the holder of the Senior Indebtedness shall have given notice to Payor of any other default under or with respect to such Senior Indebtedness, the holder of such Senior Indebtedness at the time such payment default occurs or such notice of such default is given shall be entitled to receive payment in full of the then unpaid principal of, premium, if any, and interest on, the Senior Indebtedness before the holder of this Note is entitled to receive any further payment on account of the principal of, or interest on, this Note, and the holder

of this Note shall hold such further payments received prior to the payment in full of the Senior Indebtedness in trust for such holder of the Senior Indebtedness, and shall pay the amounts so held to the holder of the Senior Indebtedness. If any such notice of default shall have been given by the holder of the Senior Indebtedness and such default shall thereafter be waived by the holder of the Senior Indebtedness, the effect for the purposes of this subparagraph shall be the same as if such notice had never been given and the holder of this Note shall then be entitled to receive further payments on account of the principal of, and interest on, this Note, including, without limitation, any such payments which would theretofore have been made but for the giving of such notice of default.

(b) Subject to the payment in full of the Senior Indebtedness, the rights of the holder of this Note shall be subrogated to the rights of the holder of the Senior Indebtedness to receive payments or distributions of assets of Payor applicable to the Senior Indebtedness until the principal of, and interest on, this Note shall be paid in full, and no such payments or distributions in respect of this Note of assets distributable to the holder of the Senior Indebtedness shall, as

among Payor, its creditors other than the holder of the Senior Indebtedness, and the holder of this Note, be deemed to have been made as a payment by Payor to or on account of this Note.

(c) No right of any present or future holder of the Senior Indebtedness to enforce the subordination provided herein shall at any time in any way be prejudiced or impaired by any act or failure to act by any such holder, or by any noncompliance by Payor with the terms and provisions of this Note, regardless of any knowledge thereof any such holder may have or be otherwise charged with. The above provisions in regard to subordination are solely for the purpose of defining the relative rights of the holder of the Senior Indebtedness on the one hand and the holder of this Note on the other hand, and nothing herein shall impair, as between Payor and the holder of this Note, the obligation of Payor, which is unconditional and absolute, to pay to the holder hereof the principal and interest hereon in accordance with its terms, nor shall anything in this Note prevent the holder of this Note from exercising all remedies otherwise permitted by applicable law or under this Note upon default hereunder, subject to the rights, if any, under the above subordination provisions of the holder of the Senior Indebtedness to receive cash, property or securities otherwise payable or deliverable to the holder of this Note.

3. Security Interest

To secure the payment, when due, of principal and interest under this Note (such payments under this Note are hereinafter referred to collectively as the "Obligations"), at such time as the Senior Indebtedness is paid in full, Payor shall grant, convey, assign, and transfer to Payee, subject and subordinate, however, to the rights of the Underlying Lessee and any other permitted sublessee under the Underlying Lease or any permitted sublease, a security interest in and to the Equipment and all additions, replacements and attachments thereto, all leases covering the same, all other contracts calling for the disposition of the Equipment or its use (collectively, the "Collateral") and all Proceeds (as hereinafter defined). For purposes hereof, "Proceeds" means all sales, rentals, insurance and other proceeds derived by Payor from the Collateral. At the time that the Senior Indebtedness is paid in full, Payor covenants and agrees to deliver to Payee such additional security agreements, financing statements and other documents in order to perfect a security interest in favor of Payee in the Collateral and Proceeds.

4. Prepayment

4.1 Voluntary. This Note may be prepaid in whole or in

part at any time, or from time to time, without penalty.

4.2 Mandatory. (a) In the event that the Equipment is sold or disposed of this Note shall be accelerated and the outstanding principal amount hereof, and accrued and unpaid interest thereon, shall immediately become due and payable.

(b) In the event that the Senior Indebtedness to which the Equipment is subject shall be refinanced by Payor, the net proceeds of such refinancing to Payor after payment of the Senior Indebtedness shall be applied by Payor towards the prepayment of the outstanding principal amount hereof and accrued interest thereon, in the order of the maturity dates thereof.

5. Default

5.1 Event of Default. The term "Event of Default", as used herein, shall mean the occurrence and continuation of any one or more of the following events:

(a) The failure of Payor to promptly pay when due all payments due and payable under this Note;

(b) The failure of Payor to promptly and faithfully pay, observe and perform when due any of the Obligations other than those referred to in subsection (a) above;

(c) If Payor shall be in default in connection with the Senior Indebtedness and any of the holders of the Senior Indebtedness shall accelerate such Senior Indebtedness pursuant to the terms thereof;

(d) If Payor shall:

(i) file a petition in bankruptcy or a petition to take advantage of any insolvency act;

(ii) make an assignment for the benefit of its creditors;

(iii) consent to the appointment of a receiver for itself or for the whole or any substantial part of its property;

(v) file a petition or answer seeking reorganization or arrangement or other aid or relief under any bankruptcy or insolvency laws or any oth law for the relief of debtors;

(e) If a court of competent jurisdiction shall enter an order, judgment or decree appointing, without the consent of Payor, a receiver for Payor or the whole or any

substantial part of its property, or approving a petition filed against it seeking reorganization or arrangement of Payor under any bankruptcy or insolvency laws or any other law for the relief of debtors, and such order, judgment or decree shall not be vacated or set aside or stayed within sixty (60) days from the date of entry thereof; or

(f) If, under the provisions of any law for the relief of debtors, any court of competent jurisdiction shall assume custody or control of Payor or of the whole or any substantial part of its property without the consent of Payor, and such custody or control shall not be terminated or stayed within sixty (60) days from the date of assumption of such custody or control.

5.2 Acceleration. Upon the occurrence of an Event of Default (i) of the type described in subsection (a) of Section 5.1, which remains uncured for a period of fifteen (15) days after notice, (ii) of the type described in subsection (b) of Section 5.1 which remains uncured for a period of thirty (30) days after notice or (iii) of the type described in subsection (c), (d), (e) or (f) of Section 5.1, the entire unpaid principal balance and all accrued but unpaid interest under this Note and all other amounts payable to Payee pursuant to the Obligations shall be accelerated and become and be immediately

due and payable and, if the Senior Indebtedness shall then have been paid in full, Payee shall have all the rights and remedies with respect to the Collateral and Proceeds of a secured party holding a purchase money security interest under all laws at the time in force and applicable thereto. The Payee shall give Payor reasonable notice of the time and place of any public or private sale or other intended disposition of all or any portion of the Collateral. Payor agrees that the requirements of reasonable notice shall be met if notice is mailed to Payor at its address set forth in the Purchase Agreements not less than ten (10) business days prior to the sale or other disposition. Expenses of retaking, holding, preparing for sale, selling or the like, shall include, without limitation, Payee's reasonable attorneys' fees and other legal expenses. Subject to the provisions of Section 5.3 hereof, Payee's rights and remedies, whether pursuant hereto or pursuant to any statute or rule of law applicable hereto, shall be cumulative and not alternative.

5.3 Limited Recourse. Anything in this Note, the Purchase Agreements, the Lease or any other instrument or document executed in connection with or related to the Collateral or any Proceeds to the contrary notwithstanding, Payee agrees to look solely and only to the Collateral and Proceeds for the payment, performance and observance of all of the Obligations

and Payee, for itself and its successors and assigns, hereby expressly waives any rights to enforce payment or performance by Payor or partners therein hereunder or to recover damages for any breach of warranty, covenant or agreement of Payor or partners therein hereunder other than to proceed against the Collateral and Proceeds in the event of any such Event of Default hereunder; provided, however, that Payee may also seek injunctive relief to require Payor to execute and deliver any instrument and document required to be executed and delivered by Payor pursuant to the Obligations.

IBIS ASSOCIATES LIMITED PARTNERSHIP

LIMITED PARTNER ASSUMPTION

WHEREAS, the undersigned is a limited partner of IBIS Associates Limited Partnership, a Connecticut limited partnership (the "Partnership").

WHEREAS, the Partnership is personally liable under certain circumstances to First Security Bank of Utah, N.A. (the "Agent"), as agent and as assignee of PACCAR, Inc. (the "Builder") for up to an aggregate amount of \$1,850,000 (the "Recourse Amount") under the terms and subject to the conditions and limitations of a Conditional Sale Agreement (including, but not limited to, Articles 4, 14 and 21 thereof), dated as of August 1, 1979, between Arlington-Integrated (Rail), Inc. ("AIR") and the Builder, as amended by a letter agreement, dated March 27, 1980 (the "CSA"), the Recourse Amount constituting a portion of the indebtedness under the CSA. The Partnership has assumed the obligations of AIR accruing after May 15, 1980 under both the CSA and a Participation Agreement (the "Participation Agreement"), dated as of August 1, 1979, by and among AIR, Integrated Resources, Inc., the Agent and the parties named in Schedule A to the Participation Agreement, in

connection with the Partnership's purchase of the Equipment (as such term is defined in the two Purchase Agreements, each dated April 1, 1980, between the Partnership and AIR) from AIR.

NOW, THEREFORE, in consideration of the premises and for other good and valuable consideration, receipt of which is hereby acknowledged, and subject to the conditions set forth below, the undersigned assumes personal liability for payment of a portion of the Recourse Amount and agrees as follows:

1. Subject to the provisions of, and the conditions and limitations set forth in, Paragraph 4 below, the CSA (including, but not limited to, Articles 4, 14 and 21 thereof) and Section 5(c) of the Limited Partnership Agreement (the "Partnership Agreement") of the Partnership, the undersigned hereby unconditionally assumes and agrees to pay to the Agent, its successors and assigns, and guarantees the due and prompt collection of, in accordance with the terms thereof, an amount up to 9.89% of the Recourse Amount per Unit of Limited Partnership Interest in the Partnership purchased by the undersigned.

2. The undersigned's obligations hereunder are not contingent upon similar undertakings by other Limited Partners. The Agent may demand the undersigned's performance in whole or in part without regard to the undersigned's rights against co-assumers, but, in any event, the undersigned shall not be

obligated for more than the product of (a) that portion of the Recourse Amount demanded by the Agent at the time of a default and (b) the undersigned's percentage interest in the profits and losses of the Partnership.

3. The liability of the undersigned shall not be terminated or otherwise affected or impaired (a) by the Agent's granting to the Partnership of any extension or extensions (regardless of the number or length of such extensions), (b) by any other indulgence or indulgences granted by the Agent to the Partnership, (c) by any compromise or compromises granted by the Agent to the Partnership, (d) by the Agent's heretofore, now or hereafter acquiring, releasing or in any way modifying any assumption of obligations by or guarantee from any other person or persons for the payment of any indebtedness of the Partnership to the Agent, (e) by any failure or refusal to realize upon, any assumptions or guarantees which the Agent may now or hereafter hold with respect to the Recourse Amount or (f) by any rights which the Agent may now or hereafter have under the CSA or the Participation Agreement, all without notice to or consent of the undersigned and without affecting the liability of the undersigned hereunder. The undersigned hereby waives presentment, demand, notice of dishonor, protest and other notices of any kind whatsoever.

4. If the assets of the Partnership securing the Recourse Amount pursuant to the terms of the CSA shall not be sufficient to pay the Recourse Amount to the Agent, when due, then, and in such event, the undersigned agrees to make special capital contributions to the Partnership, subject, as to the time and amount thereof, to the provisions of paragraphs 1 and 2 hereof and in accordance with Section 5(c) of the Partnership Agreement. The obligations of the undersigned to make special capital contributions shall not in any way derogate from the right of the Agent to proceed to enforce this Assumption directly against the undersigned without first proceeding against the Partnership. It is understood and agreed that the aggregate of the amount of special capital contributions the undersigned shall be obligated to make and any amounts paid by the undersigned hereunder directly to the Agent shall in no event exceed the undersigned's proportionate share of the Recourse Amount based upon the undersigned's share of profits and losses in the Partnership.

5. This Assumption shall be binding upon the heirs, executors, administrators, legal representatives and assigns of the undersigned and shall be enforceable notwithstanding the insolvency, bankruptcy or dissolution of the Partnership.

6. The undersigned hereby authorizes the Managing Gen-

eral Partner of the Partnership to act for and on behalf of the undersigned in all dealings with the Agent and the co-assumers and acknowledges that the Managing General Partner of the Partnership may act for the Agent or co-assumers in enforcing the obligations of the undersigned. In the event the undersigned defaults in the payment of his obligations hereunder, the Managing General Partner may institute legal action to enforce such payment, and the undersigned hereby assigns to the Managing General Partner his right to all Partnership distributions after the date of such default as security for payment of his obligations hereunder.

7. This Assumption contains the entire undertaking of the undersigned and cannot be changed orally. No failure or delay in exercising any obligation against the undersigned shall operate as a waiver of such obligation or of any other remedy. This Assumption is entered into pursuant to the laws of the State of New York and shall be in all respects governed, construed, applied and enforced in accordance with the laws of that state.

8. If any provision hereof shall be invalid under applicable law, such provision shall be deemed omitted to the extent invalid, but the remaining provisions hereof shall be given effect in accordance with the intent hereof.
