WHEREAS, the parties and the Trustee (as defined below) desire to enter into a Servicing Agreement (as defined below) pursuant to which Rail, as Servicer under such Servicing Agreement, will service the Lease Contracts and the Lease Receivables transferred, contributed, and assigned hereunder to the Company; and

(b) On or before the Closing Date, Rail shall enter into the Servicing Agreement with the Company and the Trustee.

(c) Rail will duly fulfill all material obligations on its part (as required by this Agreement and the Servicing Agreement) to be fulfilled under or in connection with the Lease Contracts to the extent the Customers under the Lease Contracts shall continue to make payments therefor and perform thereunder as provided in such Lease Contracts, and Rail will do nothing to impair the rights of the Company in the Lease Receivables or Equipment; provided, however, that an adjustment or other modification or amendment of a Lease Receivable or a related Lease Contract pursuant to Section 8.03 hereof shall not be deemed to be a violation of this paragraph.

#### ARTICLE 6 - COVENANTS OF THE COMPANY

6.01 Company Covenants. The Company hereby covenants and agrees with Rail that the Company will give or cause the Servicer to give written notice to Rail in the event of any deficiency in the Periodic Equipment Charges received from any Customer during any month or if any Customer asserts any claim or setoff against such Periodic Equipment Charges.

## ARTICLE 7 - CONDITIONS PRECEDENT

7.01 Conditions to the Company's Obligations. The obligations of the Company to authorize, issue and deliver the Common Stock to Rail in exchange for the Required Capital Contribution provided for in Article 2 hereof shall be subject to the satisfaction of the following conditions:

(a) All representations and warranties of Rail contained in this Agreement and all information provided in the Lease Schedule shall be true and correct on the Contribution Date;

(b) Rail shall have delivered to the Company the Lease Schedule and all other information theretofore required or reasonably requested by the Company to be delivered by Rail hereunder, duly certified by an officer of Rail, and shall have substantially performed all other obligations required to be performed by the provisions of this Agreement;

(c) All corporate and legal proceedings and all instruments in connection with the transactions contemplated by this Agreement shall be satisfactory in form and substance to the Company, and the Company shall have received from Rail copies of all documents (including, without limitation, records of corporate proceedings) relevant to the transactions herein contemplated as the Company may reasonably have requested.

## ARTICLE 8 - ADMINISTRATION AND PAYMENTS

8.01 Rail Obligations. The transfer, contribution and assignment of the Lease Receivables and the Equipment to the Company notwithstanding, Rail shall continue to fulfill or to cause to be fulfilled the maintenance and other obligations of the lessor under the Lease Contracts.

### 8.02 Collection of Lease Receivables.

(a) Rail shall take all reasonable steps consistent with its normal business practices and procedures to assist the Servicer and the Company in collecting any amounts owing under or on account of the Lease Contracts and the Lease Receivables as and when due. Rail shall identify, in form and manner reasonably satisfactory to the Company and in accordance with Sec-

tion 4.01(g), the Lease Contracts and any other documentary evidence of the Lease Receivables, in such manner as to clearly indicate that such Lease Receivables and Equipment have been transferred, contributed and assigned to the Company and that the Company is the owner thereof and that the Company has further assigned such Lease Receivables and Equipment to the Trustee. Rail shall make available documentary evidence of the Lease Contracts, Lease Receivables and Equipment and all books and records relating thereto to the Trustee upon reasonable notice. Rail shall make available documentary evidence of the Lease Contracts and Lease Receivables and Equipment and such books and records to the Company at any time upon demand.

(b) All amounts collected or received by Rail in respect of amounts due under or on account of the Lease Receivables purchased hereunder, including any Mileage Allowances, that are not paid directly into a Lockbox Account as described in Section 8.02(c), shall be deemed to be held by Rail in trust for the Company and the Trustee and, except for the Mileage Allowances, Rail shall, within seven business days of receipt thereof, transfer any amounts so collected or received to the Servicing Account provided, however, that if Rail in good faith cannot determine such amounts based upon documentation then available to Rail within such time period, Rail shall promptly use its good faith efforts to make such determination and shall deposit such amounts immediately upon making such good faith determination. Rail shall deposit Mileage Allowances into the Servicing Account within 30 days of receipt thereof; provided, however, that if Rail in good faith cannot determine such amounts based upon documentation then available to Rail within such time period, Rail shall promptly use its good faith efforts to make such determination and shall deposit such amounts immediately upon making such good faith determination.

(c) In the event of an Event of Default under the Servicing Agreement, Rail shall take all reasonable steps consistent with its normal business practices and procedures, including notifying all Customers, to assure that all Periodic Equipment Charges due or to become due under the Lease Contracts on or after such date shall be paid by the Customers to the Lockbox Account established and maintained by the Trustee until a

Substitute Servicer has been appointed pursuant to Section 5.02 of the Servicing Agreement.

**8.03 Modification; Termination; Consent.**

(a) If any amendment or modification of a Lease Contract by Rail as Servicer under Section 2.01(b) of the Servicing Agreement would reduce any Periodic Equipment Charges or otherwise cause any representation or warranty hereunder with respect to any Lease Contract, Lease Receivable or Equipment to be untrue in a way which would have a material adverse effect on the Noteholders, Rail shall be required, prior to the effectiveness of any such amendment or modification, to purchase the affected Lease Receivable under such Lease Contract (a "Purchase") at the Purchase Price determined under Section 8.08 on the date required under Section 8.07.

(b) In all cases where the Company's consent is required under Section 2.01(b) and (c) of the Servicing Agreement, such consent shall not be unreasonably withheld; provided, however, that the Company's determination of whether or not to give such consent shall at all times be made in a manner consistent with its obligations and covenants under the Indenture.

**8.04 Customer Termination.** If as a result of any act or failure to act of Rail (other than actions taken as a result of a default on the part of the Customer) any Lease Contract shall be terminated in whole or in part by the Customer or amounts due with respect to any Lease Receivable shall be reduced or impaired (other than by reason of a temporary short-term credit granted or allowed by Rail, as Servicer, in the ordinary course of business, which does not have a material adverse effect upon the interests of the Noteholders), Rail shall be required to Purchase the remaining Lease Receivable under such Lease Contract at the Purchase Price calculated in accordance with Section 8.08.

**8.05 Purchase Upon Breach of Certain Representations and Warranties.** The representations, warranties and agreements of Rail set forth in Section 4.01 with respect to each Lease Receivable shall survive so long as such Lease Receivable remains outstanding. Upon discovery by Rail or the Company that any of such representations or warranties was incorrect as of the time made,

the party making such discovery shall give prompt notice to the other and to the Trustee. In the event any defect, misrepresentation or omission materially and adversely affects the interests of the Noteholders (determined with reference to the standards in Section 12.06(c) of the Indenture), Rail shall promptly eliminate or cure the circumstance or condition causing the defect or Purchase such Lease Receivable as set forth in Section 6.01 of the Servicing Agreement.

**8.06 Exercise of Purchase Option.** If any Customer shall exercise any purchase option under any Lease Contract, Rail shall, in accordance with its normal and customary business practices and procedures, make available to any purchaser or lessee of the Equipment sold all such documentation necessary for the operation and use of the Equipment sold. Upon the exercise of any such purchase option, the Company shall transfer or shall cause to be transferred title to the related Equipment so purchased to such Customer. All Proceeds from the exercise of such purchase option ("Purchase Option Proceeds") shall be deposited into the Servicing Account pursuant to Section 2.02(b) of the Servicing Agreement for application as provided therein.

**8.07 Timing of Purchase or Exchange.** Any Purchase of a Lease Receivable or other payment required of Rail pursuant to this Article 8 shall be made by Rail by deposit of the Purchase Price required by Section 8.08 into the Servicing Account on or prior to the Servicer Remittance Date next following the month in which Rail's obligation to Purchase such Lease Receivable or make such other payment arose.

**8.08 Purchase of Lease Receivables.** If Rail is required to Purchase any Lease Receivable under this Article 8, such Lease Receivable shall be Purchased by Rail at a purchase price (the "Purchase Price") equal to the Note Value thereof on the Cut-Off Date preceding the date on which the obligation to Purchase first arose, taking into account all Periodic Equipment Charges received by the Servicer through such Cut-Off Date, plus accrued interest thereon from the Cut-Off Date preceding the date on which the obligation to Purchase first arose to the next succeeding Cut-Off Date at the Note Interest Rate. Any past due Periodic Equipment Charges not received from the Customer shall also be paid by Rail on the date of Purchase as part of the Purchase Price (and

to the extent any such past due Periodic Equipment Charges have been previously advanced by the Servicer, such amount shall be used to reimburse the Servicer for such Advance). All Purchases shall be accomplished at the times required in Section 8.07.

#### ARTICLE 9 - CUSTOMER DEFAULT

9.01 Liquidation Upon Customer Default. If any Customer shall be in default under any Lease Contract, Rail shall promptly take such actions as are consistent with Rail's normal and customary practices to require such Customer to remedy such default, including sending appropriate notice of such default to such Customer and to the Company. If (i) any payment default by any Customer under any Lease Contract is continuing and has not been cured for a period of 120 days from the due date for such payment, or a period of 180 days from the due date for such payment so long as Rail is acting as Servicer, or (ii) if Rail is the Servicer and Rail has declined to make an Advance on the grounds that such Advance, if made, would be a Non-Recoverable Advance, then, in each case under (i) and (ii) hereof (in each case, a "Customer Default"), Rail shall be required to foreclose upon or otherwise liquidate the related Lease Receivable pursuant to Section 2.10 of the Servicing Agreement.

#### ARTICLE 10 - TERM AND TERMINATION

10.01 Term. This Agreement shall commence as of the date of execution and delivery hereof and, unless sooner terminated by mutual agreement of the parties (with the consent of the Trustee if such mutual agreement is reached prior to payment in full of the Notes) or otherwise in accordance with this Article 10, shall continue in full force and effect until final payment of the last outstanding Lease Receivable.

10.02 Transfer of Maintenance Function. If Rail shall be in default of its obligations to provide servicing under any Lease Contract or maintenance with respect to any Equipment (and such default has continued for 60 days after notice to Rail), the Trustee may appoint a successor servicer or may assume that role as provided in the Indenture. In any such event, Rail undertakes to use its best efforts to assist the Company and the Trustee in finding substitute servicing and main-

tenance companies acceptable to the Customers to provide such servicing and maintenance. Rail shall continue to act as Servicer until a successor has been appointed and has accepted such appointment or the Trustee has assumed the duties of the Servicer. To the extent necessary, Rail will make available to the Trustee or such substitute servicing and maintenance companies such technical information as is available as is required to provide servicing for the Equipment.

10.03 Default by Rail. If Rail shall be in default under this Agreement and such default shall not have been cured for a period of 30 days, or if Rail shall become insolvent or make an assignment for the benefit of its creditors or have a receiver appointed for all or substantially all of its properties, or if any proceedings are commenced, or consented to, by Rail or not stayed or dismissed within 90 days after being commenced against Rail under any bankruptcy, insolvency or other law for the relief of debtors, the Company, the Trustee, or the Trustee upon the request of the Holders of a majority in principal amount of the Notes, shall have the right, in addition to any other rights it may have under any applicable law, to terminate all rights of Rail under this Agreement upon written notice to Rail; provided that any termination of this Agreement shall not release Rail from any obligation under this Agreement, whether arising prior to or after such termination.

#### ARTICLE 11 - REMEDIES

11.01 Non-Exclusive Remedies. In addition to any rights and remedies now or hereafter granted under applicable law and not by way of limitation of any such rights and remedies, the Company shall have the right during any period when Rail is not providing servicing for any Lease Contract, Lease Receivable or Equipment to cause Rail to notify (or to send notice itself if Rail does not do so (Rail hereby authorizing and giving its irrevocable limited power of attorney for such purpose to the Company and its assignees to do so)) all Customers under the Lease Contracts to make payment under the Lease Receivables to such address as is specified in such notices.

## ARTICLE 12 - MISCELLANEOUS

12.01 Notices. Except as otherwise specified herein, all notices, requests, demands, or other communications to or upon Rail or the Company shall be in writing and shall be deemed to have been duly given or made when delivered to such party at its address as follows:

(a) if to Rail, at 55 Francisco Street, San Francisco, CA 94133 Attention: Treasury Department and

(b) if to the Company, at 55 Francisco Street, Suite 517, San Francisco, California 94133, Attention: Vice President - Finance.

12.02 Successors and Assigns of Rail. This Agreement shall be binding upon Rail and its successors and assigns, except that Rail may not transfer or assign any of its obligations, rights or interests hereunder, except (i) in connection with a merger or sale of substantially all the assets of Rail or (ii) where such transfer or assignment would not result in a downgrading of the rating on the Notes and Rail has delivered to the Trustee written confirmation from the Rating Agency to such effect.

12.03 Separability Clause. Any provisions of this Agreement which are prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

12.04 Amendments; Governing Law. This Agreement and the rights and obligations of the parties hereunder may not be changed orally but only by an instrument in writing signed by the party against which enforcement is sought. This Agreement may not be amended by the Company and Rail without consent of the Trustee; provided, however, that this Agreement may be amended from time to time by the Company and Rail, without the consent of the Trustee, to cure any ambiguity, to correct or supplement any provisions herein which may be inconsistent with any other provisions herein, or to make any other provisions with respect to matters or questions arising under

this Agreement which are not inconsistent with the provisions of this Agreement, provided that such action shall not adversely affect in any material respect the interests of any Noteholder and provided further that the Company and Rail shall provide notice of any such amendment to the Trustee and the Noteholders. This Agreement shall be construed in accordance with and governed by the internal laws of the State of California, without regard to conflict of laws principles.

12.05 Survival of Representations, Warranties and Covenants. All representations, warranties and covenants made herein shall be continuing representations, warranties and covenants and shall survive the execution and delivery of this Agreement.

12.06 Set-Off. (a) Rail hereby irrevocably and unconditionally waives all right of set-off that it may have under contract (including this Agreement), applicable law or otherwise with respect to any funds or monies of the Company at any time held by or in the possession of Rail.

(b) The Company shall have the right to set-off against Rail any amounts in the Servicing Account to which Rail may be entitled to be applied to any claims the Company may have against Rail from time to time under this Agreement. Upon any such set-off the Company shall give notice of the amount thereof and the reasons therefor.

12.07 Assignment for Security for the Notes. Rail understands that the Company will assign to and grant to the Trustee a security interest in all its right, title and interest to this Agreement. Rail consents to such assignment and grant and further agrees that all representations, warranties, covenants and agreements of Rail made herein shall also be for the benefit of and inure to the Trustee and all holders from time to time of the Notes.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed and delivered by their duly authorized officers as of the date hereof.
